II. SUMMARY:

This bill amends the Hillsborough County Aviation Authority (authority) special act. The bill adds two components to the list of required performance audit components. The bill clarifies a non-exhaustive list of standard procedures used when the commission contracts for professional services.

III. SUBSTANTIVE RESEARCH:

A. PRESENT SITUATION:

The Hillsborough County Aviation Authority (authority) is listed in the **1997 Official List of Special Districts** as an independent special district. Chapter 94-412, Laws of Florida, provides for the authority to conduct performance audits every four years. The authority has exclusive jurisdiction over all airports in the county whether owned by municipalities or the county. As stated in the enabling act for the authority:

Hillsborough County's publicly owned or operated airports establish a vital transportation link between the state and the economic systems of the nation and the world, and enable the state to enjoy and provide the benefits of an international tourist and commercial center.

B. EFFECT OF PROPOSED CHANGES:

The bill adds two required components to the performance audit. Specifically, the performance audit must also include:

- A financial impact assessment, if any, of any of the recommendations contained in the final audit report; and
- A progress assessment made on the most recent previous performance audit recommendations, if any.

The bill clarifies a non-exhaustive list of standard procedures that the authority is required to follow when contracting for professional service. These procedural clarifications include:

- Requiring the authority to issue a public "notice" for professional auditing services which must include a general description of the audit and state how interested firms or individuals can apply for consideration.
- Requiring the applicant to provide a statement of qualifications and performance data.
- Providing a statement that the applicant meets continuing professional educational requirements as prescribed by the Florida Department of Business and Professional Regulation, Board of Accountancy.

The bill provides that the authority must also base its finding that an applicant is fully qualified pursuant to the law and not solely on an adopted evaluation procedure.

The bill makes technical and conforming changes to the law and requires the authority's chair to also submit a written statement of the status of audit responses.

The Hillsborough County Home Rule Charter took effect May 1985. The charter provides for local self-determination and grants all powers of a chartered county under Section I, Article VIII, Florida Constitution, 1968, as amended. One of the features of the Hillsborough County charter as described in "Home Rule Charter for Hillsborough County Florida, Approved by Hillsborough County Voters, September, 1983," is:

Special laws enacted by the Florida Legislature may be effective in Hillsborough County without approval by County electors if they relate to the following: civil service, **aviation**, the port, sports, transportation, hospitals, planning, environment, solid waste management, consumer affairs, resource recovery, criminal justice, historic preservation, and the arts. [Emphasis added.]

Special District Status Statement

Section 189.404(5), Florida Statutes, provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform with the department's determination or declaratory statement regarding the status of the district.

An examination of this charter reveals that this statement is not contained in the district's charter.
