I. SUMMARY:

This bill provides that property located within the Pinellas Park Water Management District, not receiving any benefit from the district's work or activities, may be removed from the district by an amendment to the district's enabling act.

II. SUBSTANTIVE RESEARCH:

A. PRESENT SITUATION:

The Pinellas Park Water Management District (PPWMD) was created in 1975 by the Florida Legislature (chapter 75-491, Laws of Florida). The district is listed in the 1997 *Official List of Special Districts* as an independent special district. The district manages the primary drainage system for a portion of central Pinellas County. The PPWMD is divided into five drainage basins with a primary channel system draining each basin. The jurisdictional limits of the PPWMD covers approximately 15 square miles, which include portions of the City of Pinellas Park and unincorporated Pinellas County.

Currently, the law provides that deletion of taxable property from the district's tax rolls, may be achieved, if over 50 percent of the property drains outside the district.

Section 10, Article III of the State Constitution, provides no special law shall be passed unless notice of intention to seek enactment thereof has been published in the manner provided by general law. Such notice shall not be necessary when the law, except the provision for referendum, is conditioned to become effective only upon approval by vote of the electors of the area affected. Section 11.02, Florida Statutes, provides implementing language for the constitutional provision.

B. EFFECT OF PROPOSED CHANGES:

House Bill 3849 provides that property located within the Pinellas Park Water Management District, not receiving any benefit from the district's work or activities, may be removed from the district by an amendment to the district's enabling act.
