Section 7. Paragraph (o) of subsection (3) of section 240.311, Florida Statutes, is amended to read:

240.311 State Board of Community Colleges; powers and duties.--

(3) The State Board of Community Colleges shall:

(o) Receive an annual administrative review of each community college.

1. Such review shall include, but is not limited to, the administrator-to-faculty ratio, the percent of funds for administrative costs in the total budget, and the percent of funds in support programs compared to the percent of funds in instructional programs and may include such other indicators of quality as are necessary.

2. The review shall also include all courses offered by a community college outside its district. Courses offered

1 outside the home district which are not approved by the State
 2 Board of Community Colleges shall not be counted for funding
 3 purposes or to meet enrollment assignments. For purposes of
 4 this subparagraph, electronically originated instruction, to
 5 include satellite, broadcast, and internet delivered
 6 instruction, shall be exempt. Exemption is only permitted when
 7 the community college's intent is to offer the instruction for
 8 students residing within the community college's home district
 9 and only markets the instruction to students residing within
 10 the community college's home district. If a community
 11 college's intent is to market the electronically originated
 12 instruction outside its home district and thus recruit
 13 students outside its home district, the community college must
 14 receive the approval of the State Board of Community Colleges.
 15 The State Board of Community Colleges shall have authority to
