**I. Summary:**

This CS directs the Department of Highway Safety and Motor Vehicles to modify motor vehicle registration and renewal forms to include language permitting a voluntary contribution to Florida Mothers Against Drunk Drivers, Inc. The CS provides that the Department must distribute the proceeds from voluntary contributions monthly.

In addition, the CS establishes requirements for organizations seeking to establish a voluntary contribution on a motor vehicle registration or driver’s license form. The CS provides criteria for the discontinuance of an approved voluntary contribution. The CS establishes certain audit and accountability requirements for organizations receiving funds through voluntary contributions.

The CS amends section 320.02 of the Florida Statutes. The CS creates section 320.023 of the Florida Statutes.

**II. Present Situation:**

Currently, s. 320.02, F.S., requires that language be included on the application for motor vehicle registration and renewal permitting certain voluntary contributions to designated trust funds and non-profit organizations. Voluntary contributions currently authorized under s. 320.02, F.S., include:

- Election Campaign - \$5 (s. 320.02(13), F.S.)
- Child Safety Seats - \$2 (s. 320.02(8), F.S.)
- Non-Game Wildlife - \$1 (s. 320.02(8), F.S.)
- Prevent Blindness Florida - \$1 (s. 320.02(16), F.S.)
- Transportation Disadvantaged - \$1 (s. 320.05(15), F.S.)

- Organ and Tissue Donor - \$1 (s. 320.08047, F.S.)

### III. Effect of Proposed Changes:

The CS amends s. 320.02, F.S., to require that the application form for motor vehicle registration and renewal include language permitting a voluntary contribution to Florida Mothers Against Drunk Driving, Inc. The CS also directs the Department to transfer these funds on a monthly basis.

The CS creates s. 320.023, F.S., to provide requirements for entities seeking to establish a voluntary check off on motor vehicle registration or driver's license renewals. This section provides that an organization seeking a voluntary check off must submit to the Department a request which describes the proposed voluntary contribution in general terms. Additionally, the organization must submit an application fee, not to exceed \$10,000 to defray the Department's cost for reviewing the application and developing the voluntary contribution check off, if authorized. State funds cannot be used to pay the application fee. The organization must also submit a marketing strategy outlining short-term and long-term marketing plans for the requested voluntary contribution and a financial analysis outlining the anticipated revenues and planned expenditures from the voluntary contribution.

The CS provides that the Department must discontinue the voluntary contribution if less than \$25,000 has been contributed by the end of the 5th year, or less than \$25,000 is contributed during any subsequent 5 year period. In addition, the Department is authorized to discontinue the voluntary contribution and distribution of associated proceeds if the organization ceases existence, if the organization stops providing services that are authorized to be funded from the voluntary contributions, or if the organization request that the voluntary contribution be discontinued.

A voluntary contribution may not be used for commercial or for-profit activities. Similarly, voluntary contributions may not be used to fund general or administrative expenses, except as authorized by law, or to pay the cost of the audit or report required by law.

The CS requires that organizational recipients of any voluntary contributions in excess of \$15,000, not otherwise subject to annual audit by the Auditor General, must submit an audit of expenditures. The audit must be prepared by a certified public accountant licensed under Ch. 473, F.S., and state whether expenditures were made in accordance with law. In lieu of an annual audit, any organization receiving less than \$15,000 in voluntary contributions may annually report, under penalties of perjury, that proceeds were used in compliance with law. The CS stipulates that voluntary contributions authorized by law must be distributed to an organization under an appropriation by the Legislature.

The CS provides that by February 1, of each year, the Department must determine which recipients have complied with the audit and accountability requirements contained in this section. If the Department determines that an organization has not complied with the provisions of this section, the Department is directed to discontinue the distribution of funds until it determines that

the organization is in compliance. If the organization fails to comply within 12 months, the proceeds are to be deposited into the Highway Safety Operating Trust Fund to offset Department costs. Finally, the Auditor General and the Department are authorized to examine all records pertaining to the use of funds from the voluntary contributions authorized.
