

Bill No. CS for CS for SB 1566

Amendment No. ____

1 household incomes are significantly less than the state's
2 median household income level. Job creation rates trail those
3 in more urbanized areas. In many cases, rural counties have
4 lost jobs, which handicaps local economies and drains wealth
5 from these communities. These and other factors, including
6 government policies, amplify and compound social, health, and
7 community problems, making job creation and economic
8 development even more difficult. Moreover, the Legislature
9 finds that traditional program and service delivery is often
10 hampered by the necessarily rigid structure of the programs
11 themselves and the lack of local resources.

12 (3) It is the intent of the Legislature to provide for
13 the most efficient and effective delivery of programs of
14 assistance and support to rural communities, including the
15 use, where appropriate, of regulatory flexibility through
16 multiagency coordination and adequate funding. Therefore, the
17 Legislature determines and declares that the provisions of
18 this act fulfill an important state interest.

19 Section 63. Paragraph (a) of subsection (6) of section
20 163.3177, Florida Statutes, 1998 Supplement, is amended to
21 read:

22 163.3177 Required and optional elements of
23 comprehensive plan; studies and surveys.--

24 (6) In addition to the requirements of subsections
25 (1)-(5), the comprehensive plan shall include the following
26 elements:

27 (a) A future land use plan element designating
28 proposed future general distribution, location, and extent of
29 the uses of land for residential uses, commercial uses,
30 industry, agriculture, recreation, conservation, education,
31 public buildings and grounds, other public facilities, and

Bill No. CS for CS for SB 1566

Amendment No. ____

1 other categories of the public and private uses of land. The
2 future land use plan shall include standards to be followed in
3 the control and distribution of population densities and
4 building and structure intensities. The proposed
5 distribution, location, and extent of the various categories
6 of land use shall be shown on a land use map or map series
7 which shall be supplemented by goals, policies, and measurable
8 objectives. Each land use category shall be defined in terms
9 of the types of uses included and specific standards for the
10 density or intensity of use. The future land use plan shall
11 be based upon surveys, studies, and data regarding the area,
12 including the amount of land required to accommodate
13 anticipated growth; the projected population of the area; the
14 character of undeveloped land; the availability of public
15 services; ~~and~~ the need for redevelopment, including the
16 renewal of blighted areas and the elimination of nonconforming
17 uses which are inconsistent with the character of the
18 community; and, in rural communities, the need for job
19 creation, capital investment, and economic development that
20 will strengthen and diversify the community's economy. The
21 future land use plan may designate areas for future planned
22 development use involving combinations of types of uses for
23 which special regulations may be necessary to ensure
24 development in accord with the principles and standards of the
25 comprehensive plan and this act. In addition, for rural
26 communities, the amount of land designated for future planned
27 industrial use shall be based upon surveys and studies that
28 reflect the need for job creation, capital investment, and the
29 necessity to strengthen and diversify the local economies, and
30 shall not be limited solely by the projected population of the
31 rural community.The future land use plan of a county may also

Bill No. CS for CS for SB 1566

Amendment No. ____

1 designate areas for possible future municipal incorporation.
2 The land use maps or map series shall generally identify and
3 depict historic district boundaries and shall designate
4 historically significant properties meriting protection. The
5 future land use element must clearly identify the land use
6 categories in which public schools are an allowable use. When
7 delineating the land use categories in which public schools
8 are an allowable use, a local government shall include in the
9 categories sufficient land proximate to residential
10 development to meet the projected needs for schools in
11 coordination with public school boards and may establish
12 differing criteria for schools of different type or size.
13 Each local government shall include lands contiguous to
14 existing school sites, to the maximum extent possible, within
15 the land use categories in which public schools are an
16 allowable use. All comprehensive plans must comply with this
17 paragraph no later than October 1, 1999, or the deadline for
18 the local government evaluation and appraisal report,
19 whichever occurs first. The failure by a local government to
20 comply with this requirement will result in the prohibition of
21 the local government's ability to amend the local
22 comprehensive plan as provided by s. 163.3187(6). An amendment
23 proposed by a local government for purposes of identifying the
24 land use categories in which public schools are an allowable
25 use is exempt from the limitation on the frequency of plan
26 amendments contained in s. 163.3187. The future land use
27 element shall include criteria which encourage the location of
28 schools proximate to urban residential areas to the extent
29 possible and shall require that the local government seek to
30 collocate public facilities, such as parks, libraries, and
31 community centers, with schools to the extent possible.

13 able to provide such service.

15 location or expansion of specific job creating opportunities,

13 activities related to the identification and preclearance
14 review of land which is suitable for preclearance review.
15 Authorized grants under this paragraph shall not exceed
16 \$75,000 each, except in the case of a project in a rural area
17 of critical economic concern, in which case the grant shall
18 not exceed \$300,000. Any funds awarded under this paragraph
19 must be matched at a level of 50 percent with local funds,
20 except that any funds awarded for a project in a rural area of

8 this section. The office shall consider factors including, but
9 not limited to, the project's potential for enhanced job
10 creation or increased capital investment, the demonstration of

8 issued by a governing body under s. 163.01(7)(d), or
9 appropriate local government having jurisdiction thereof, or
10 collectively by interlocal agreement among any applicable
11 government; however, such debt shall not constitute a general
12 obligation of the State of Florida. The state does hereby
13 covenant with holders of such revenue bonds or other
14 instruments of indebtedness issued hereunder that it will not
15 repeal or impair or amend in any manner that will materially
16 and adversely affect the rights of such holders so long as
17 bonds authorized by this subsection are outstanding. Any
18 revenues which are not pledged to the repayment of bonds as
19 authorized by this subsection may be utilized for purposes
20 authorized under the Rural Infrastructure Fund. The Office of
21 Tourism, Trade, and Economic Development shall approve

27 and the Office of Tourism, Trade, and Economic Development to
28 cooperate to their mutual advantage, the governing body of
29 each government may exercise powers provided to municipalities
30 or counties in s. 163.01(7)(d). The use of funds provided

8 prohibited. Any funds deposited in the Economic Development
9 Trust Fund for the purposes of the Rural Infrastructure Fund
10 under s. 288.0655 shall not be diverted to any other purpose.
