22 16 of chapter 24981, Laws of Florida, 1947, as amended, is  
23 amended to read:

24 Section 16. West Palm Beach Police Pension Fund.--

25 (2) Definitions.--The following words or phrases, as  
26 used in this act, shall have the following meanings, unless a  
27 different meaning is clearly indicated by the context:

28 (a) "Actuarial equivalent value," "actuarial  
29 equivalence," or "single sum value" means the stated  
30 determination using an interest rate of 7 percent per year and  
31 the 1983 ~~1971~~ Group Annuity Mortality Table ~~for males~~.

1           Section 2. Effective upon this act becoming a law and  
2 operating retroactively to September 30, 1998, subsection (12)  
3 of section 16 of chapter 24981, Laws of Florida, 1947, as  
4 amended, is amended to read:

5           Section 16. West Palm Beach Police Pension Fund.--

6           (12) Supplemental pension distribution.--

7           (a) The board of trustees shall annually authorize a  
8 supplemental pension distribution, the amount of which shall  
9 be determined as of each September 30. The amount of the  
10 distribution shall be equal to the actuarial present value of  
11 future pension payments to current pensioners, multiplied by  
12 the positive difference, if any, between the rate of  
13 investment return (not to exceed 9 percent) and 7 percent plus  
14 one-half of any investment earnings over 9 percent. The  
15 actuary shall determine whether there may be a supplemental  
16 pension distribution based on the following factors:

17           1. The actuary for the pension fund shall determine  
18 the rate of investment return earned on the pension fund  
19 assets during the 12-month period ending each September 30  
20 ~~30th~~. The rate determined shall be the rate reported in the  
21 most recent actuarial report submitted pursuant to part VII of  
22 chapter 112, Florida Statutes.

23           2. The actuary for the pension fund shall, as of  
24 September 30, determine the actuarial present value of future  
25 pension payments to current pensioners. The actuarial present  
26 values shall be calculated using an interest rate of 7 percent  
27 a year compounded annually and a mortality table as approved  
28 by the board of trustees and as used in the most recent  
29 actuarial report submitted pursuant to part VII of chapter  
30 112, Florida Statutes.

31

1           3. The supplemental pension distribution amount shall  
2 not exceed accumulated net actuarial experience from all  
3 pension liabilities and assets. If the net actuarial  
4 experience is favorable, cumulatively, commencing with the  
5 experience for the year ended September 30, 1991, after offset  
6 for all prior supplemental distributions, the supplemental  
7 distribution may be made. If the net actuarial experience is  
8 unfavorable, cumulatively, commencing with the experience for  
9 the year ended September 30, 1991, after offset for all prior  
10 supplemental distributions, no supplemental distribution may  
11 be made, and the city must amortize the loss until it is  
12 offset by cumulative favorable experience.

13

14 If an actuarial report submitted as provided in this paragraph  
15 is not state accepted prior to distribution, and if a  
16 deficiency to the pension fund results, the deficiency shall  
17 be made up from the next available supplemental pension  
18 distribution, unless sooner made up by agreement between the  
19 board of trustees and the city. No such deficiency shall be  
20 permitted to continue for a period greater than 3 years from  
21 the date of payment of the supplemental distribution which  
22 resulted in the deficiency.

23           (b) If the actuary determines there may be a  
24 supplemental distribution, the board of trustees shall  
25 authorize a "supplemental pension distribution," unless the  
26 administrative expenses of distribution exceed the amount  
27 available for the distribution.

28           (c) Eligible persons are:

- 29           1. Pensioners.
- 30           2. Surviving spouses.
- 31           3. Surviving dependent children.

1           4. Pensioners' estates.

2           (d) The supplemental pension distribution shall be  
3 allocated among eligible persons, based upon years of service  
4 in the proportion that the eligible person's years of service  
5 bear to the aggregate amount of years of service of all  
6 eligible persons. Allocations for surviving spouses and  
7 surviving dependent children who are eligible to receive  
8 supplemental pension distributions shall be 66 2/3 percent of  
9 the years of service earned by the pensioner. Maximum service  
10 credits shall be 25 years. Allocations for duty-disability  
11 pensioners shall be based upon 25 years of service.  
12 Allocations for duty-death beneficiaries (surviving spouse and  
13 surviving dependent children) shall be based upon 66 2/3  
14 percent of 25 years of service.

15           (e) The supplemental pension distribution shall be  
16 made as of April 1, 1992, and each April 1 thereafter. Each  
17 eligible person shall be paid his or her allocated portion  
18 from the preceding September 30. Eligible persons retired for  
19 less than 1 year are entitled to a pro rata share of their  
20 supplemental pension distribution based on number of months  
21 retired. A pensioner's estate is entitled to a pro rata share  
22 of the deceased retirant's supplemental pension distribution  
23 based on the number of months that the deceased retirant  
24 received a pension during the year ending the September 30  
25 prior to the retirant's death.

26           Section 3. Paragraph (a) of subsection 13 of section  
27 16 of chapter 24981, Laws of Florida, 1947, as amended, is  
28 amended to read:
