13 **Senate Amendment (with title amendment)**

14 Delete everything after the enacting clause

15

16 and insert:

17 Section 1. Sections 163.2511, 163.2514, 163.2517,

18 163.2520, 163.2523, and 163.2526, Florida Statutes, are

19 created to read:

20 163.2511 Urban infill and redevelopment.--

21 (1) Sections 163.2511-163.2526 may be cited as the

22 "Growth Policy Act."

23 (2) It is declared that:

24 (a) Fiscally strong urban centers are beneficial to

25 regional and state economies and resources, are a method for

26 reduction of future urban sprawl, and should be promoted by

27 state, regional, and local governments.

28 (b) The health and vibrancy of the urban cores benefit

29 their respective regions and the state; conversely, the

30 deterioration of those urban cores negatively impacts the

31 surrounding area and the state.

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 (c) In recognition of the interwoven destiny between
2 the urban center, the suburbs, the region, and the state, the
3 respective governments need to establish a framework and work
4 in partnership with communities and the private sector to
5 revitalize urban centers.

6 (d) State urban policies should guide the state,
7 regional agencies, local governments, and the private sector
8 in preserving and redeveloping existing urban cores and
9 promoting the adequate provision of infrastructure, human
10 services, safe neighborhoods, educational facilities, and
11 economic development to sustain these cores into the future.

12 (e) Successfully revitalizing and sustaining the urban
13 cores is dependent on addressing, through an integrated and
14 coordinated community effort, a range of varied components
15 essential to a healthy urban environment, including cultural,
16 educational, recreational, economic, transportation, and
17 social service components.

18 (f) Infill development and redevelopment are
19 recognized to be important components and useful mechanisms
20 for promoting and sustaining urban cores. State and regional
21 entities and local governments should provide incentives to
22 promote urban infill and redevelopment. Existing programs and
23 incentives should be integrated to the extent possible to
24 promote urban infill and redevelopment and to achieve the
25 goals of the state urban policy.

26 163.2514 Definitions.--As used in ss.

27 163.2511-163.2526:

28 (1) "Local government" means any county or
29 municipality.

30 (2) "Urban infill and redevelopment area" means an
31 area or areas designated by a local government where:

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 (a) Public services such as water and wastewater,
2 transportation, schools, and recreation are already available
3 or are scheduled to be provided in an adopted 5-year schedule
4 of capital improvements;

5 (b) The area, or one or more neighborhoods within the
6 area, suffers from pervasive poverty, unemployment, and
7 general distress as defined by s. 290.0058;

8 (c) The area exhibits a proportion of properties that
9 are substandard, overcrowded, dilapidated, vacant or
10 abandoned, or functionally obsolete which is higher than the
11 average for the local government;

12 (d) More than 50 percent of the area is within 1/4
13 mile of a transit stop, or a sufficient number of such transit
14 stops will be made available concurrent with the designation;
15 and

16 (e) The area includes or is adjacent to community
17 redevelopment areas, brownfields, enterprise zones, or Main
18 Street programs, or has been designated by the state or
19 Federal Government as an urban redevelopment, revitalization,
20 or infill area under empowerment zone, enterprise community,
21 or brownfield showcase community programs or similar programs.

22 163.2517 Designation of urban infill and redevelopment
23 area.--

24 (1) A local government may designate a geographic area
25 or areas within its jurisdiction as an urban infill and
26 redevelopment area for the purpose of targeting economic
27 development, job creation, housing, transportation, crime
28 prevention, neighborhood revitalization and preservation, and
29 land use incentives to encourage urban infill and
30 redevelopment within the urban core.

31 (2)(a) As part of the preparation and implementation

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 of an urban infill and redevelopment plan, a collaborative and
2 holistic community participation process must be implemented
3 to include each neighborhood within the area targeted for
4 designation as an urban infill and redevelopment area. The
5 objective of the community participation process is to
6 encourage communities within the proposed urban infill and
7 redevelopment area to participate in the design and
8 implementation of the plan, including a "visioning" of the
9 urban core, before redevelopment.

10 (b)1. A neighborhood participation process must be
11 developed to provide for the ongoing involvement of
12 stakeholder groups including, but not limited to,
13 community-based organizations, neighborhood associations,
14 financial institutions, faith organizations, housing
15 authorities, financial institutions, existing businesses,
16 businesses interested in operating in the community, schools,
17 and neighborhood residents, in preparing and implementing the
18 urban infill and redevelopment plan.

19 2. The neighborhood participation process must include
20 a governance structure whereby the local government shares
21 decisionmaking authority for developing and implementing the
22 urban infill and redevelopment plan with communitywide
23 representatives. For example, the local government and
24 community representatives could organize a corporation under
25 s. 501(c)(3) of the Internal Revenue Code to implement
26 specific redevelopment projects.

27 (3) A local government seeking to designate a
28 geographic area within its jurisdiction as an urban infill and
29 redevelopment area shall prepare a plan that describes the
30 infill and redevelopment objectives of the local government
31 within the proposed area. In lieu of preparing a new plan, the

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 local government may demonstrate that an existing plan or
2 combination of plans associated with a community redevelopment
3 area, Florida Main Street program, Front Porch Florida
4 Community, sustainable community, enterprise zone, or
5 neighborhood improvement district includes the factors listed
6 in paragraphs (a)-(n), including a collaborative and holistic
7 community participation process, or amend such existing plans
8 to include these factors. The plan shall demonstrate the local
9 government and community's commitment to comprehensively
10 address the urban problems within the urban infill and
11 redevelopment area and identify activities and programs to
12 accomplish locally identified goals such as code enforcement;
13 improved educational opportunities; reduction in crime;
14 neighborhood revitalization and preservation; provision of
15 infrastructure needs, including mass transit and multimodal
16 linkages; and mixed-use planning to promote multifunctional
17 redevelopment to improve both the residential and commercial
18 quality of life in the area. The plan shall also:
19 (a) Contain a map depicting the geographic area or
20 areas to be included within the designation.
21 (b) Confirm that the infill and redevelopment area is
22 within an area designated for urban uses in the local
23 government's comprehensive plan.
24 (c) Identify and map existing enterprise zones,
25 community redevelopment areas, community development
26 corporations, brownfield areas, downtown redevelopment
27 districts, safe neighborhood improvement districts, historic
28 preservation districts, and empowerment zones or enterprise
29 communities located within the area proposed for designation
30 as an urban infill and redevelopment area and provide a
31 framework for coordinating infill and redevelopment programs

Amendment No. ____

1 within the urban core.

2 (d) Identify a memorandum of understanding between the
3 district school board and the local government jurisdiction
4 regarding public school facilities located within the urban
5 infill and redevelopment area to identify how the school board
6 will provide priority to enhancing public school facilities
7 and programs in the designated area, including the reuse of
8 existing buildings for schools within the area.

9 (e) Identify each neighborhood within the proposed
10 area and state community preservation and revitalization goals
11 and projects identified through a collaborative and holistic
12 community participation process and how such projects will be
13 implemented.

14 (f) Identify how the local government and
15 community-based organizations intend to implement affordable
16 housing programs, including, but not limited to, economic and
17 community development programs administered by federal and
18 state agencies, within the urban infill and redevelopment
19 area.

20 (g) Identify strategies for reducing crime.

21 (h) If applicable, provide guidelines for the adoption
22 of land development regulations specific to the urban infill
23 and redevelopment area which include, for example, setbacks
24 and parking requirements appropriate to urban development.

25 (i) Identify and map any existing transportation
26 concurrency exception areas and any relevant public
27 transportation corridors designated by a metropolitan planning
28 organization in its long-range transportation plans or by the
29 local government in its comprehensive plan for which the local
30 government seeks designation as a transportation concurrency
31 exception area. For those areas, describe how public

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 transportation, pedestrian ways, and bikeways will be
2 implemented as an alternative to increased automobile use.

3 (j) Identify and adopt a package of financial and
4 local government incentives which the local government will
5 offer for new development, expansion of existing development,
6 and redevelopment within the urban infill and redevelopment
7 area. Examples of such incentives include:

- 8 1. Waiver of license and permit fees.
- 9 2. Waiver of local option sales taxes.
- 10 3. Waiver of delinquent taxes or fees to promote the
11 return of property to productive use.
- 12 4. Expedited permitting.
- 13 5. Lower transportation impact fees for development
14 which encourages more use of public transit, pedestrian, and
15 bicycle modes of transportation.
- 16 6. Prioritization of infrastructure spending within
17 the urban infill and redevelopment area.
- 18 7. Local government absorption of developers'
19 concurrency costs.

20 (k) Identify how activities and incentives within the
21 urban infill and redevelopment area will be coordinated and
22 what administrative mechanism the local government will use
23 for the coordination.

24 (l) Identify how partnerships with the financial and
25 business community will be developed.

26 (m) Identify the governance structure that the local
27 government will use to involve community representatives in
28 the implementation of the plan.

29 (n) Identify performance measures to evaluate the
30 success of the local government in implementing the urban
31 infill and redevelopment plan.

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 (4) In order for a local government to designate an
2 urban infill and redevelopment area, it must amend its
3 comprehensive land use plan under s. 163.3187 to delineate the
4 boundaries of the urban infill and redevelopment area within
5 the future land use element of its comprehensive plan pursuant
6 to its adopted urban infill and redevelopment plan. The state
7 land planning agency shall review the boundary delineation of
8 the urban infill and redevelopment area in the future land use
9 element under s. 163.3184. However, an urban infill and
10 redevelopment plan adopted by a local government is not
11 subject to review for compliance as defined by s.
12 163.3184(1)(b), and the local government is not required to
13 adopt the plan as a comprehensive plan amendment. An amendment
14 to the local comprehensive plan to designate an urban infill
15 and redevelopment area is exempt from the twice-a-year
16 amendment limitation of s. 163.3187.

17 (5) After the preparation of an urban infill and
18 redevelopment plan or designation of an existing plan, the
19 local government shall adopt the plan by ordinance. Notice for
20 the public hearing on the ordinance must be in the form
21 established in s. 166.041(3)(c)2. for municipalities, and s.
22 125.66(4)(b)2. for counties.

23 (6)(a) In order to continue to be eligible for the
24 economic and regulatory incentives granted with respect to an
25 urban infill and redevelopment area, the local government must
26 demonstrate during the evaluation, assessment, and review of
27 its comprehensive plan required pursuant to s. 163.3191, that
28 within designated urban infill and redevelopment areas, the
29 amount of combined annual residential, commercial, and
30 institutional development has increased by at least 10
31 percent.

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 (b) If the local government fails to implement the
2 urban infill and redevelopment plan in accordance with the
3 deadlines set forth in the plan, the Department of Community
4 Affairs may seek to rescind the economic and regulatory
5 incentives granted to the urban infill and redevelopment area,
6 subject to the provisions of chapter 120. The action to
7 rescind may be initiated 90 days after issuing a written
8 letter of warning to the local government.

9 163.2520 Economic incentives; report.--

10 (1) A local government with an adopted urban infill
11 and redevelopment plan or plan employed in lieu thereof may
12 issue revenue bonds under s. 163.385 and employ tax increment
13 financing under s. 163.387 for the purpose of financing the
14 implementation of the plan, except that in a charter county
15 such incentives shall be employed consistent with the
16 provisions of s. 163.410.

17 (2) A local government with an adopted urban infill
18 and redevelopment plan or plan employed in lieu thereof may
19 exercise the powers granted under s. 163.514 for community
20 redevelopment neighborhood improvement districts, including
21 the authority to levy special assessments.

22 (3) State agencies that provide infrastructure
23 funding, cost reimbursement, grants, or loans to local
24 governments, including, but not limited to, the Department of
25 Environmental Protection (Clean Water State Revolving Fund,
26 Drinking Water Revolving Loan Trust Fund, and the state
27 pollution control bond program); the Department of Community
28 Affairs (economic development and housing programs, Florida
29 Communities Trust); the Florida Housing Finance Corporation;
30 and the Department of Transportation (Intermodal Surface
31 Transportation Efficiency Act funds), are directed to report

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 to the President of the Senate and the Speaker of the House of
2 Representatives by January 1, 2000, regarding statutory and
3 rule changes necessary to give urban infill and redevelopment
4 areas identified by local governments under this act an
5 elevated priority in infrastructure funding, loan, and grant
6 programs.

7 (4) Prior to June 1 each year, areas designated by a
8 local government as urban infill and redevelopment areas shall
9 be given a priority in the allocation of private activity
10 bonds from the state pool pursuant to s. 159.807.

11 163.2523 Grant program.--An Urban Infill and
12 Redevelopment Assistance Grant Program is created for local
13 governments. A local government may allocate grant money to
14 special districts, including community redevelopment agencies,
15 and nonprofit community development organizations to implement
16 projects consistent with an adopted urban infill and
17 redevelopment plan or plan employed in lieu thereof. Thirty
18 percent of the general revenue appropriated for this program
19 shall be available for planning grants to be used by local
20 governments for the development of an urban infill and
21 redevelopment plan, including community participation
22 processes for the plan. Sixty percent of the general revenue
23 appropriated for this program shall be available for
24 fifty/fifty matching grants for implementing urban infill and
25 redevelopment projects that further the objectives set forth
26 in the local government's adopted urban infill and
27 redevelopment plan or plan employed in lieu thereof. The
28 remaining 10 percent of the revenue must be used for outright
29 grants for implementing projects requiring an expenditure of
30 under \$50,000. Projects that provide employment opportunities
31 to clients of the WAGES program and projects within urban

Amendment No. ____

1 infill and redevelopment areas that include a community
2 redevelopment area, Florida Main Street program, Front Porch
3 Florida Community, sustainable community, enterprise zone,
4 federal enterprise zone, enterprise community, or neighborhood
5 improvement district must be given an elevated priority in the
6 scoring of competing grant applications. The Division of
7 Housing and Community Development of the Department of
8 Community Affairs shall administer the grant program. The
9 Department of Community Affairs shall adopt rules establishing
10 grant review criteria consistent with this section.

11 163.2526 Review and evaluation.--Before the 2004
12 Regular Session of the Legislature, the Office of Program
13 Policy Analysis and Government Accountability shall perform a
14 review and evaluation of ss. 163.2511-163.2526, including the
15 financial incentives listed in s. 163.2520. The report must
16 evaluate the effectiveness of the designation of urban infill
17 and redevelopment areas in stimulating urban infill and
18 redevelopment and strengthening the urban core. A report of
19 the findings and recommendations of the Office of Program
20 Policy Analysis and Government Accountability shall be
21 submitted to the President of the Senate and the Speaker of
22 the House of Representatives before the 2004 Regular Session
23 of the Legislature.

24 Section 2. Subsection (28) of section 163.3164,
25 Florida Statutes, 1998 Supplement, is amended to read:

26 163.3164 Definitions.--As used in this act:

27 (28) "Projects that promote public transportation"
28 means projects that directly affect the provisions of public
29 transit, including transit terminals, transit lines and
30 routes, separate lanes for the exclusive use of public transit
31 services, transit stops (shelters and stations), ~~and~~ office

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 buildings or projects that include fixed-rail or transit
2 terminals as part of the building, and projects which are
3 transit-oriented and designed to complement reasonably
4 proximate planned or existing public facilities.

5 Section 3. Paragraph (a) of subsection (6) of section
6 163.3177, Florida Statutes, 1998 Supplement, is amended to
7 read:

8 163.3177 Required and optional elements of
9 comprehensive plan; studies and surveys.--

10 (6) In addition to the requirements of subsections
11 (1)-(5), the comprehensive plan shall include the following
12 elements:

13 (a) A future land use plan element designating
14 proposed future general distribution, location, and extent of
15 the uses of land for residential uses, commercial uses,
16 industry, agriculture, recreation, conservation, education,
17 public buildings and grounds, other public facilities, and
18 other categories of the public and private uses of land. The
19 future land use plan shall include standards to be followed in
20 the control and distribution of population densities and
21 building and structure intensities. The proposed
22 distribution, location, and extent of the various categories
23 of land use shall be shown on a land use map or map series
24 which shall be supplemented by goals, policies, and measurable
25 objectives. Each land use category shall be defined in terms
26 of the types of uses included and specific standards for the
27 density or intensity of use. The future land use plan shall
28 be based upon surveys, studies, and data regarding the area,
29 including the amount of land required to accommodate
30 anticipated growth; the projected population of the area; the
31 character of undeveloped land; the availability of public

Amendment No. ____

1 services; and the need for redevelopment, including the
2 renewal of blighted areas and the elimination of nonconforming
3 uses which are inconsistent with the character of the
4 community. The future land use plan may designate areas for
5 future planned development use involving combinations of types
6 of uses for which special regulations may be necessary to
7 ensure development in accord with the principles and standards
8 of the comprehensive plan and this act. The future land use
9 plan of a county may also designate areas for possible future
10 municipal incorporation. The land use maps or map series
11 shall generally identify and depict historic district
12 boundaries and shall designate historically significant
13 properties meriting protection. The future land use element
14 must clearly identify the land use categories in which public
15 schools are an allowable use. When delineating the land use
16 categories in which public schools are an allowable use, a
17 local government shall include in the categories sufficient
18 land proximate to residential development to meet the
19 projected needs for schools in coordination with public school
20 boards and may establish differing criteria for schools of
21 different type or size. Each local government shall include
22 lands contiguous to existing school sites, to the maximum
23 extent possible, within the land use categories in which
24 public schools are an allowable use. All comprehensive plans
25 must comply with the school siting requirements of this
26 paragraph no later than October 1, 1999, ~~or the deadline for~~
27 ~~the local government evaluation and appraisal report,~~
28 ~~whichever occurs first.~~ The failure by a local government to
29 comply with these school siting requirements by October 1,
30 1999, ~~this requirement~~ will result in the prohibition of the
31 local government's ability to amend the local comprehensive

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 plan, except for plan amendments described in s.
2 163.3187(1)(b), until the school siting requirements are met
3 ~~as provided by s. 163.3187(6).~~ An amendment proposed by a
4 local government for purposes of identifying the land use
5 categories in which public schools are an allowable use is
6 exempt from the limitation on the frequency of plan amendments
7 contained in s. 163.3187. The future land use element shall
8 include criteria which encourage the location of schools
9 proximate to urban residential areas to the extent possible
10 and shall require that the local government seek to collocate
11 public facilities, such as parks, libraries, and community
12 centers, with schools to the extent possible.

13 Section 4. Subsections (1), (4), (5), and (10) of
14 section 163.3180, Florida Statutes, 1998 Supplement, are
15 amended, subsections (12) and (13) are renumbered as
16 subsections (13) and (14), respectively, and new subsections
17 (12) and (15) are added to said section, to read:

18 163.3180 Concurrency.--

19 (1)(a) ~~Roads,~~ Sanitary sewer, solid waste, drainage,
20 potable water, parks and recreation, and transportation
21 facilities, including mass transit, where applicable, are the
22 only public facilities and services subject to the concurrency
23 requirement on a statewide basis. Additional public facilities
24 and services may not be made subject to concurrency on a
25 statewide basis without appropriate study and approval by the
26 Legislature; however, any local government may extend the
27 concurrency requirement so that it applies to additional
28 public facilities within its jurisdiction.

29 (b) Local governments shall use professionally
30 accepted techniques for measuring level of service for
31 automobiles, bicycles, pedestrians, transit, and trucks.

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 These techniques may be used to evaluate increased
2 accessibility by multiple modes and reductions in vehicle
3 miles of travel in an area or zone. The Department of
4 Transportation shall develop methodologies to assist local
5 governments in implementing this multimodal level-of-service
6 analysis. The Department of Community Affairs and the
7 Department of Transportation shall provide technical
8 assistance to local governments in applying these
9 methodologies.

10 (4)(a) The concurrency requirement as implemented in
11 local comprehensive plans applies to state and other public
12 facilities and development to the same extent that it applies
13 to all other facilities and development, as provided by law.

14 (b) The concurrency requirement as implemented in
15 local comprehensive plans does not apply to public transit
16 facilities. For the purposes of this paragraph, public
17 transit facilities include transit stations and terminals,
18 transit station parking, park-and-ride lots, intermodal public
19 transit connection or transfer facilities, and fixed bus,
20 guideway, and rail stations. As used in this paragraph, the
21 terms "terminals" and "transit facilities" do not include
22 airports or seaports or commercial or residential development
23 constructed in conjunction with a public transit facility.

24 (5)(a) The Legislature finds that under limited
25 circumstances dealing with transportation facilities,
26 countervailing planning and public policy goals may come into
27 conflict with the requirement that adequate public facilities
28 and services be available concurrent with the impacts of such
29 development. The Legislature further finds that often the
30 unintended result of the concurrency requirement for
31 transportation facilities is the discouragement of urban

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 infill development and redevelopment. Such unintended results
2 directly conflict with the goals and policies of the state
3 comprehensive plan and the intent of this part. Therefore,
4 exceptions from the concurrency requirement for transportation
5 facilities may be granted as provided by this subsection.

6 (b) A local government may grant an exception from the
7 concurrency requirement for transportation facilities if the
8 proposed development is otherwise consistent with the adopted
9 local government comprehensive plan and is a project that
10 promotes public transportation or is located within an area
11 designated in the comprehensive plan for:

- 12 1. Urban infill development,
- 13 2. Urban redevelopment, ~~or~~
- 14 3. Downtown revitalization, ~~or~~
- 15 4. Urban infill and redevelopment under s. 163.2517.

16 (c) The Legislature also finds that developments
17 located within urban infill, urban redevelopment, existing
18 urban service, or downtown revitalization areas or areas
19 designated as urban infill and redevelopment areas under s.
20 163.2517 which pose only special part-time demands on the
21 transportation system should be excepted from the concurrency
22 requirement for transportation facilities. A special
23 part-time demand is one that does not have more than 200
24 scheduled events during any calendar year and does not affect
25 the 100 highest traffic volume hours.

26 (d) A local government shall establish guidelines for
27 granting the exceptions authorized in paragraphs (b) and (c)
28 in the comprehensive plan. These guidelines must include
29 consideration of the impacts on the Florida Intrastate Highway
30 System, as defined in s. 338.001. The exceptions may be
31 available only within the specific geographic area of the

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 jurisdiction designated in the plan. Pursuant to s. 163.3184,
2 any affected person may challenge a plan amendment
3 establishing these guidelines and the areas within which an
4 exception could be granted.

5 (10) With regard to facilities on the Florida
6 Intrastate Highway System as defined in s. 338.001, with
7 concurrence from the Department of Transportation, the
8 level-of-service standard for general-lanes in urbanized
9 areas, as defined in s. 334.03(36), may be established by the
10 local government in the comprehensive plan. For all other
11 facilities on the Florida Intrastate Highway System, local
12 governments shall adopt the level-of-service standard
13 established by the Department of Transportation by rule. For
14 all other roads on the State Highway System, local governments
15 shall establish an adequate level-of-service standard that
16 need not be consistent with any level-of-service standard
17 established by the Department of Transportation.

18 (12) When authorized by a local comprehensive plan, a
19 multiuse development of regional impact may satisfy the
20 transportation concurrency requirements of the local
21 comprehensive plan, the local government's concurrency
22 management system, and s. 380.06 by payment of a
23 proportionate-share contribution for local and regionally
24 significant traffic impacts, if:

25 (a) The development of regional impact meets or
26 exceeds the guidelines and standards of s. 380.0651(3)(i) and
27 rule 28-24.032(2), Florida Administrative Code, and includes a
28 residential component that contains at least 100 residential
29 dwelling units or 15 percent of the applicable residential
30 guideline and standard, whichever is greater;

31 (b) The development of regional impact contains an

Amendment No. ____

1 integrated mix of land uses and is designed to encourage
2 pedestrian or other nonautomotive modes of transportation;

3 (c) The proportionate-share contribution for local and
4 regionally significant traffic impacts is sufficient to pay
5 for one or more required improvements that will benefit a
6 regionally significant transportation facility;

7 (d) The owner and developer of the development of
8 regional impact pays or assures payment of the
9 proportionate-share contribution; and

10 (e) If the regionally significant transportation
11 facility to be constructed or improved is under the
12 maintenance authority of a governmental entity, as defined by
13 s. 334.03(12), other than the local government with
14 jurisdiction over the development of regional impact, the
15 developer is required to enter into a binding and legally
16 enforceable commitment to transfer funds to the governmental
17 entity having maintenance authority or to otherwise assure
18 construction or improvement of the facility.

19
20 The proportionate-share contribution may be applied to any
21 transportation facility to satisfy the provisions of this
22 subsection and the local comprehensive plan, but, for the
23 purposes of this subsection, the amount of the
24 proportionate-share contribution shall be calculated based
25 upon the cumulative number of trips from the proposed
26 development expected to reach roadways during the peak hour
27 from the complete buildout of a stage or phase being approved,
28 divided by the change in the peak hour maximum service volume
29 of roadways resulting from construction of an improvement
30 necessary to maintain the adopted level of service, multiplied
31 by the construction cost, at the time of developer payment, of

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 the improvement necessary to maintain the adopted level of
2 service. For purposes of this subsection, "construction cost"
3 includes all associated costs of the improvement.

4 (15)(a) Multimodal transportation districts may be
5 established under a local government comprehensive plan in
6 areas delineated on the future land use map for which the
7 local comprehensive plan assigns secondary priority to vehicle
8 mobility and primary priority to assuring a safe, comfortable,
9 and attractive pedestrian environment, with convenient
10 interconnection to transit. Such districts must incorporate
11 community design features that will reduce the number of
12 automobile trips or vehicle miles of travel and will support
13 an integrated, multimodal transportation system.

14 (b) Community design elements of such a district
15 include: a complementary mix and range of land uses,
16 including educational, recreational, and cultural uses;
17 interconnected networks of streets designed to encourage
18 walking and bicycling, with traffic-calming where desirable;
19 appropriate densities and intensities of use within walking
20 distance of transit stops; daily activities within walking
21 distance of residences, allowing independence to persons who
22 do not drive; public uses, streets, and squares that are safe,
23 comfortable, and attractive for the pedestrian, with adjoining
24 buildings open to the street and with parking not interfering
25 with pedestrian, transit, automobile, and truck travel modes.

26 (c) Local governments may establish multimodal
27 level-of-service standards that rely primarily on nonvehicular
28 modes of transportation within the district, when justified by
29 an analysis demonstrating that the existing and planned
30 community design will provide an adequate level of mobility
31 within the district based upon professionally accepted

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 multimodal level-of-service methodologies. The analysis must
2 take into consideration the impact on the Florida Intrastate
3 Highway System. The analysis must also demonstrate that the
4 capital improvements required to promote community design are
5 financially feasible over the development or redevelopment
6 timeframe for the district and that community design features
7 within the district provide convenient interconnection for a
8 multimodal transportation system. Local governments may issue
9 development permits in reliance upon all planned community
10 design capital improvements that are financially feasible over
11 the development or redevelopment timeframe for the district,
12 without regard to the period of time between development or
13 redevelopment and the scheduled construction of the capital
14 improvements. A determination of financial feasibility shall
15 be based upon currently available funding or funding sources
16 that could reasonably be expected to become available over the
17 planning period.

18 (d) Local governments may reduce impact fees or local
19 access fees for development within multimodal transportation
20 districts based on the reduction of vehicle trips per
21 household or vehicle miles of travel expected from the
22 development pattern planned for the district.

23 Section 5. Subsection (1) of section 163.3187, Florida
24 Statutes, 1998 Supplement, is amended to read:

25 163.3187 Amendment of adopted comprehensive plan.--

26 (1) Amendments to comprehensive plans adopted pursuant
27 to this part may be made not more than two times during any
28 calendar year, except:

30 amendments may be made more often than twice during the
31 calendar year if the additional plan amendment receives the

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 approval of all of the members of the governing body.
2 "Emergency" means any occurrence or threat thereof whether
3 accidental or natural, caused by humankind, in war or peace,
4 which results or may result in substantial injury or harm to
5 the population or substantial damage to or loss of property or
6 public funds.

7 (b) Any local government comprehensive plan amendments
8 directly related to a proposed development of regional impact,
9 including changes which have been determined to be substantial
10 deviations and including Florida Quality Developments pursuant
11 to s. 380.061, may be initiated by a local planning agency and
12 considered by the local governing body at the same time as the
13 application for development approval using the procedures
14 provided for local plan amendment in this section and
15 applicable local ordinances, without regard to statutory or
16 local ordinance limits on the frequency of consideration of
17 amendments to the local comprehensive plan. Nothing in this
18 subsection shall be deemed to require favorable consideration
19 of a plan amendment solely because it is related to a
20 development of regional impact.

21 (c) Any local government comprehensive plan amendments
22 directly related to proposed small scale development
23 activities may be approved without regard to statutory limits
24 on the frequency of consideration of amendments to the local
25 comprehensive plan. A small scale development amendment may
26 be adopted only under the following conditions:

27 1. The proposed amendment involves a use of 10 acres
28 or fewer and:

29 a. The cumulative annual effect of the acreage for all
30 small scale development amendments adopted by the local
31 government shall not exceed:

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 (I) A maximum of 120 acres in a local government that
2 contains areas specifically designated in the local
3 comprehensive plan for urban infill, urban redevelopment, or
4 downtown revitalization as defined in s. 163.3164, urban
5 infill and redevelopment areas designated under s. 163.2517,
6 transportation concurrency exception areas approved pursuant
7 to s. 163.3180(5), or regional activity centers and urban
8 central business districts approved pursuant to s.
9 380.06(2)(e); however, amendments under this paragraph may be
10 applied to no more than 60 acres annually of property outside
11 the designated areas listed in this sub-sub-subparagraph.

12 (II) A maximum of 80 acres in a local government that
13 does not contain any of the designated areas set forth in
14 sub-sub-subparagraph (I).

15 (III) A maximum of 120 acres in a county established
16 pursuant to s. 9, Art. VIII of the State Constitution.

17 b. The proposed amendment does not involve the same
18 property granted a change within the prior 12 months.

19 c. The proposed amendment does not involve the same
20 owner's property within 200 feet of property granted a change
21 within the prior 12 months.

22 d. The proposed amendment does not involve a text
23 change to the goals, policies, and objectives of the local
24 government's comprehensive plan, but only proposes a land use
25 change to the future land use map for a site-specific small
26 scale development activity.

27 e. The property that is the subject of the proposed
28 amendment is not located within an area of critical state
29 concern.

Amendment No. ____

1 or less per acre, except that this limitation does not apply
2 to small scale amendments described in sub-sub-subparagraph
3 a.(I) that are designated in the local comprehensive plan for
4 urban infill, urban redevelopment, or downtown revitalization
5 as defined in s. 163.3164, urban infill and redevelopment
6 areas designated under s. 163.2517, transportation concurrency
7 exception areas approved pursuant to s. 163.3180(5), or
8 regional activity centers and urban central business districts
9 approved pursuant to s. 380.06(2)(e).

10 2.a. A local government that proposes to consider a
11 plan amendment pursuant to this paragraph is not required to
12 comply with the procedures and public notice requirements of
13 s. 163.3184(15)(c) for such plan amendments if the local
14 government complies with the provisions in s. 125.66(4)(a) for
15 a county or in s. 166.041(3)(c) for a municipality. If a
16 request for a plan amendment under this paragraph is initiated
17 by other than the local government, public notice is required.

18 b. The local government shall send copies of the
19 notice and amendment to the state land planning agency, the
20 regional planning council, and any other person or entity
21 requesting a copy. This information shall also include a
22 statement identifying any property subject to the amendment
23 that is located within a coastal high hazard area as
24 identified in the local comprehensive plan.

25 3. Small scale development amendments adopted pursuant
26 to this paragraph require only one public hearing before the
27 governing board, which shall be an adoption hearing as
28 described in s. 163.3184(7), and are not subject to the
29 requirements of s. 163.3184(3)-(6) unless the local government
30 elects to have them subject to those requirements.

31 (d) Any comprehensive plan amendment required by a

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 compliance agreement pursuant to s. 163.3184(16) may be
2 approved without regard to statutory limits on the frequency
3 of adoption of amendments to the comprehensive plan.

4 (e) A comprehensive plan amendment for location of a
5 state correctional facility. Such an amendment may be made at
6 any time and does not count toward the limitation on the
7 frequency of plan amendments.

8 (f) Any comprehensive plan amendment that changes the
9 schedule in the capital improvements element, and any
10 amendments directly related to the schedule, may be made once
11 in a calendar year on a date different from the two times
12 provided in this subsection when necessary to coincide with
13 the adoption of the local government's budget and capital
14 improvements program.

15 (g) Any local government comprehensive plan amendments
16 directly related to proposed redevelopment of brownfield areas
17 designated under s. 376.80 may be approved without regard to
18 statutory limits on the frequency of consideration of
19 amendments to the local comprehensive plan.

20 (h) A comprehensive plan amendment for the purpose of
21 designating an urban infill and redevelopment area under s.
22 163.2517 may be approved without regard to the statutory
23 limits on the frequency of amendments to the comprehensive
24 plan.

25 (i) Any comprehensive plan amendment to establish
26 public school concurrency pursuant to s. 163.3180(12),
27 including, but not limited to, adoption of a public school
28 facilities element and adoption of amendments to the capital
29 improvements element and intergovernmental coordination
30 element. In order to ensure the consistency of local
31 government public school facilities elements within a county,

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 such elements shall be prepared and adopted on a similar time
2 schedule.

3 Section 6. Subsection (17) of section 187.201, Florida
4 Statutes, is amended to read:

6 Legislature hereby adopts as the State Comprehensive Plan the
7 following specific goals and policies:

9 (a) Goal.--In recognition of the importance of
10 Florida's vital urban centers and of the need to develop and
11 redevelop ~~developing and redeveloping~~ downtowns to the state's
12 ability to use existing infrastructure and to accommodate
13 growth in an orderly, efficient, and environmentally
14 acceptable manner, Florida shall encourage the centralization
15 of commercial, governmental, retail, residential, and cultural
16 activities within downtown areas.

17 (b) Policies.--

18 1. Provide incentives to encourage private sector
19 investment in the preservation and enhancement of downtown
20 areas.

21 2. Assist local governments in the planning,
22 financing, and implementation of development efforts aimed at
23 revitalizing distressed downtown areas.

24 3. Promote state programs and investments which
25 encourage redevelopment of downtown areas.

26 4. Promote and encourage communities to engage in a
27 redesign step to include public participation of members of
28 the community in envisioning redevelopment goals and design of
29 the community core before redevelopment.

30 5. Ensure that local governments have adequate
31 flexibility to determine and address their urban priorities

Amendment No. ____

1 within the state urban policy.

2 6. Enhance the linkages between land use, water use,
3 and transportation planning in state, regional, and local
4 plans for current and future designated urban areas.

5 7. Develop concurrency requirements that do not
6 compromise public health and safety for urban areas that
7 promote redevelopment efforts.

8 8. Promote processes for the state, general purpose
9 local governments, school boards, and local community colleges
10 to coordinate and cooperate regarding educational facilities
11 in urban areas, including planning functions, the development
12 of joint facilities, and the reuse of existing buildings.

13 9. Encourage the development of mass transit systems
14 for urban centers, including multimodal transportation feeder
15 systems, as a priority of local, metropolitan, regional, and
16 state transportation planning.

17 10. Locate appropriate public facilities within urban
18 centers to demonstrate public commitment to the centers and to
19 encourage private sector development.

20 11. Integrate state programs that have been developed
21 to promote economic development and neighborhood
22 revitalization through incentives to promote the development
23 of designated urban infill areas.

24 12. Promote infill development and redevelopment as an

26 Section 7. Paragraph (b) of subsection (19) of section

Amendment No. ____

1 which, either individually or cumulatively with other changes,
2 exceeds any of the following criteria shall constitute a
3 substantial deviation and shall cause the development to be
4 subject to further development-of-regional-impact review
5 without the necessity for a finding of same by the local
6 government:

7 1. An increase in the number of parking spaces at an
8 attraction or recreational facility by 5 percent or 300
9 spaces, whichever is greater, or an increase in the number of
10 spectators that may be accommodated at such a facility by 5

16 airport is located in two counties, a 10-percent lengthening
17 of an existing runway or a 20-percent increase in the number
18 of gates of an existing terminal is the applicable criteria.

Amendment No. ____

1 (e) If the referendum is held only in the area
2 proposed to be annexed and receives a majority vote, or if the
3 ordinance is submitted to a separate vote of the registered
4 electors of the annexing municipality and the area proposed to
5 be annexed and there is a separate majority vote for
6 annexation in the annexing municipality and in the area
7 proposed to be annexed, the ordinance of annexation shall
8 become effective on the effective date specified therein. If
9 there is any majority vote against annexation, the ordinance
10 shall not become effective, and the area proposed to be
11 annexed shall not be the subject of an annexation ordinance by
12 the annexing municipality for a period of 2 years from the
13 date of the referendum on annexation.

14 (3) Any parcel of land which is owned by one
15 individual, corporation, or legal entity, or owned
16 collectively by one or more individuals, corporations, or
17 legal entities, proposed to be annexed under the provisions of
18 this act shall not be severed, separated, divided, or
19 partitioned by the provisions of said ordinance, but shall, if
20 intended to be annexed, or if annexed, under the provisions of
21 this act, be annexed in its entirety and as a whole. However,
22 nothing herein contained shall be construed as affecting the
23 validity or enforceability of any ordinance declaring an
24 intention to annex land under the existing law that has been
25 enacted by a municipality prior to July 1, 1975. The owner of
26 such property may waive the requirements of this subsection if
27 such owner does not desire all of the tract or parcel included
28 in said annexation.

29 (4) Except as otherwise provided in this law, the
30 annexation procedure as set forth in this section shall
31 constitute a uniform method for the adoption of an ordinance

Bill No. CS/CS/HB 17, 2nd Eng.

1 of annexation by the governing body of any municipality in
2 this state, and all existing provisions of special laws which

6 the annexing municipality by a body of water or watercourse
7 shall not be repealed.

8 (5) If more than 70 percent of the land in an area
9 proposed to be annexed is owned by individuals, corporations,
10 or legal entities which are not registered electors of such
11 area, such area shall not be annexed unless the owners of more
12 than 50 percent of the land in such area consent to such
13 annexation. Such consent shall be obtained by the parties
14 proposing the annexation prior to the referendum to be held on
15 the annexation.

16 (6) Notwithstanding subsections (1) and (2), if the
17 area proposed to be annexed does not have any registered
18 electors on the date the ordinance is finally adopted, a vote
19 of electors of the area proposed to be annexed is not
20 required. In addition to the requirements of subsection (5),
21 the area may not be annexed unless the owners of more than 50
22 percent of the parcels of land in the area proposed to be
23 annexed consent to the annexation. If the governing body does
24 not choose to hold a referendum of the annexing municipality
25 ~~is not required as well~~ pursuant to subsection (2), then the
26 property owner consents required pursuant to subsection (5)
27 shall be obtained by the parties proposing the annexation
28 prior to the final adoption of the ordinance, and the
29 annexation ordinance shall be effective upon becoming a law or
30 as otherwise provided in the ordinance.

10 section shall restrict the authority of any state or regional
11 governmental agency to perform any duty required to be
12 performed by that agency by law.

13 (5)(a) A plan developed pursuant to this section must
14 be approved by a majority vote of the governing body of each
15 county involved in the plan, and by a majority vote of the
16 governing bodies of a majority of municipalities in each
17 county, and by a majority vote of the governing bodies of the
18 municipality or municipalities that represent a majority of
19 the municipal population of each county.

20 (b) After approval by the county and municipal
21 governing bodies as required by paragraph (a), the plan shall
22 be submitted for referendum approval in a countywide election
23 in each county involved. The plan shall not take effect unless
24 approved by a majority of the electors of each county who vote
25 in the referendum, and also by a majority of the electors of
26 the municipalities that represent a majority of the municipal
27 population of each county who vote in the referendum. If
28 approved by the electors as required by this paragraph, the
29 plan shall take effect on the date specified in the plan.

8 Section 19. Section 220.185, Florida Statutes, is
9 created to read:

10 220.185 State housing tax credit.--

11 (1) LEGISLATIVE FINDINGS.--The Legislature finds that:

12 (a) There exist within the urban areas of the state
13 conditions of blight evidenced by extensive deterioration of
14 public and private facilities, abandonment of sound
15 structures, and high unemployment, and these conditions impede
16 the conservation and development of healthy, safe, and
17 economically viable communities.

18 (b) Deterioration of housing and industrial,
19 commercial, and public facilities contributes to the decline
20 of neighborhoods and communities and leads to the loss of
21 their historic character and the sense of community which this
22 inspires; reduces the value of property comprising the tax
23 base of local communities; discourages private investment; and
24 requires a disproportionate expenditure of public funds for
25 the social services, unemployment benefits, and police
26 protection required to combat the social and economic problems
27 found in urban communities.

28 (c) In order to ultimately restore social and economic
29 viability to urban areas, it is necessary to renovate or
30 construct new infrastructure and housing, including housing
31 specifically targeted for the elderly, and to specifically

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 provide mechanisms to attract and encourage private economic
2 activity.

3 (d) The various local governments and other
4 redevelopment organizations now undertaking physical
5 revitalization projects and new housing developments in urban
6 areas are limited by tightly constrained budgets and
7 inadequate resources.

8 (e) In order to significantly improve revitalization
9 efforts by local governments and community development
10 organizations and to retain as much of the historic character
11 of our communities as possible, it is necessary to provide
12 additional resources, and the participation of private
13 enterprise in revitalization efforts is an effective means for
14 accomplishing that goal.

15 (2) POLICY AND PURPOSE.--It is the policy of this
16 state to encourage the participation of private corporations
17 in revitalization projects within urban areas. The purpose of
18 this section is to provide an incentive for such participation
19 by granting state corporate income tax credits to qualified
20 low-income housing projects, including housing specifically
21 designed for the elderly, and associated mixed-use projects.
22 The Legislature thus declares this a public purpose for which
23 public money may be borrowed, expended, loaned, and granted.

24 (3) DEFINITIONS.--As used in this section, the term:

25 (a) "Credit period" means the period of 5 years
26 beginning with the year the project is completed.

27 (b) "Eligible basis" means a project's adjusted basis
28 of the housing portion of the qualified project as of the
29 close of the first taxable year of the credit period.

30 (c) "Adjusted basis" means the owner's adjusted basis
31 in the project, calculated in a manner consistent with the

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 calculation of basis under the Internal Revenue Code, taking
2 into account the adjusted basis of property of a character
3 subject to the allowance for depreciation used in common areas
4 or provided as comparable amenities to the entire project.

5 (d) "Designated project" means a qualified project
6 designated pursuant to s. 420.5093 to receive the tax credit
7 under this section.

8 (e) "Qualified project" means a project located in an
9 urban infill area, at least 50 percent of which, on a cost
10 basis, consists of a qualified low-income project within the
11 meaning of s. 42(g) of the Internal Revenue Code, including
12 such projects designed specifically for the elderly but
13 excluding any income restrictions imposed pursuant to s. 42(g)
14 of the Internal Revenue Code upon residents of the project
15 unless such restrictions are otherwise established by the
16 Florida Housing Finance Corporation pursuant to s. 420.5093,
17 and the remainder of which constitutes commercial or
18 single-family residential development consistent with and
19 serving to complement the qualified low-income project.

20 (f) "Urban infill area" means an area designated for
21 urban infill as defined by s. 163.3164 or as defined through a
22 statewide urban infill study solicited and approved by the
23 Board of Directors of the Florida Housing Finance Corporation.

24 (4) AUTHORIZATION TO GRANT STATE HOUSING TAX CREDITS;
25 LIMITATION.--

26 (a) There shall be allowed a credit of up to 9
27 percent, but no more than necessary to make the project
28 feasible, of the eligible basis of any designated project for
29 each year of the credit period against any tax due for a
30 taxable year under this chapter.

31 (b) The total amount of tax credit which may be

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 granted for all projects approved under this section is \$5
2 million annually, for each of 5 years.

3 (c) The tax credit shall be allocated among designated
4 projects by the Florida Housing Finance Corporation as
5 provided in s. 420.5093.

6 (d) Each designated project must comply with the
7 applicable provisions of s. 42 of the Internal Revenue Code
8 with respect to the multifamily residential rental housing
9 element of the project, including specifically the provisions
10 of s. 42(h)(6).

11 (e) A tax credit shall be allocated to a designated
12 project and shall not be subject to transfer by the recipient
13 unless the transferee is also an owner of the designated
14 project.

15 Section 20. Section 420.5093, Florida Statutes, is
16 created to read:

17 420.5093 State Housing Tax Credit Program.--

18 (1) There is created the State Housing Tax Credit
19 Program for the purposes of stimulating creative private
20 sector initiatives to increase the supply of affordable
21 housing in urban areas, including specifically housing for the
22 elderly, and to provide associated commercial facilities
23 associated with such housing facilities.

24 (2) The Florida Housing Finance Corporation shall
25 determine those qualified projects which shall be considered
26 designated projects under s. 220.185 and eligible for the
27 corporate tax credit under that section. The corporation shall
28 establish procedures necessary for proper allocation and
29 distribution of state housing tax credits, including the
30 establishment of criteria for any single-family or commercial
31 component of a project, and may exercise all powers necessary

Bill No. CS/CS/HB 17, 2nd Eng.

Amendment No. ____

1 to administer the allocation of such credits. The board of
2 directors of the corporation shall administer the allocation
3 procedures and determine allocations on behalf of the
4 corporation. The corporation shall prepare an annual plan,
5 which must be approved by the Governor, containing general
6 guidelines for the allocation and distribution of credits to
7 designated projects.

8 (3) The corporation shall adopt allocation procedures
9 that will ensure the maximum use of available tax credits in
10 order to encourage development of low-income housing and
11 associated mixed-use projects in urban areas, taking into
12 consideration the timeliness of the application, the location
13 of the proposed project, the relative need in the area of
14 revitalization and low-income housing and the availability of
15 such housing, the economic feasibility of the project, and the
16 ability of the applicant to proceed to completion of the
17 project in the calendar year for which the credit is sought.

18 (4)(a) A taxpayer who wishes to participate in the
19 State Housing Tax Credit Program must submit an application

13 a population of 100,000 or less shall be given preference
