I. SUMMARY:

This bill creates the Department of Business and Professional Regulation Tobacco Settlement Trust Fund. The need for this new fund results from the settlement of the lawsuit by the State of Florida against tobacco manufacturers and other defendants and the state's need to account for settlement funds accurately.

II. SUBSTANTIVE ANALYSIS:

A. PRESENT SITUATION:

The State of Florida commenced a legal action against various tobacco manufacturers and other defendants in February, 1995, asserting various claims for monetary and injunctive relief on behalf of the State of Florida.

On August 25, 1997, the State of Florida entered into a settlement agreement with several of the tobacco companies. The companies agreed to make annual payments to the state and in order to accurately account for these settlement funds a number of trust funds are being created.

B. EFFECT OF PROPOSED CHANGES:

The Department of Banking and Finance Tobacco Settlement Clearing Trust Fund is being created in another bill. That trust fund will be credited with all the annual payments received by the state from the settlement. These funds will be disbursed by a nonoperating transfer from the clearing trust fund to the tobacco settlement trust funds of the various agencies in amounts equal to the annual appropriations made from those trust funds in the General Appropriations Act.

This bill creates a new trust fund - the Department of Business and Professional Regulation Tobacco Settlement Trust Fund - to account for the spending of those tobacco settlement funds that are authorized by law to be expended by the department.
