Representative(s) Crist offered the following:

Amendment

On page 7, line 23 of the bill

insert: (c) "Necessary for the resident's welfare" means that, by objective criteria as provided in rules of the agency, the resident's physical or emotional well-being would more likely than not be harmed by remaining in the facility and receiving adequate levels of care, which harm would be less likely to occur if the resident were discharged or transferred.

(d) "The resident's needs cannot be met in the facility" means that the resident's medical condition has changed to the extent that the resident now needs additional or different treatments or advanced levels of care which the facility does not provide to any resident of the facility.
