13 Be It Enacted by the Legislature of the State of Florida:
14
15 Section 1. Section 455.654, Florida Statutes, 1998
16 Supplement, is amended to read:
17 455.654 Financial arrangements between referring
18 health care providers and providers of health care services.--
19 (1) SHORT TITLE.--This section may be cited as the
20 "Patient Self-Referral Act of 1992."
21 (2) LEGISLATIVE INTENT.--It is recognized by the
22 Legislature that the referral of a patient by a health care
23 provider to a provider of health care services in which the
24 referring health care provider has an investment interest
25 represents a potential conflict of interest. The Legislature
26 finds these referral practices may limit or eliminate
27 competitive alternatives in the health care services market,
28 may result in overutilization of health care services, may
29 increase costs to the health care system, and may adversely
30 affect the quality of health care. The Legislature also
31 recognizes, however, that it may be appropriate for providers

1 to own entities providing health care services, and to refer
2 patients to such entities, as long as certain safeguards are
3 present in the arrangement. It is the intent of the
4 Legislature to provide guidance to health care providers
5 regarding prohibited patient referrals between health care
6 providers and entities providing health care services and to
7 protect the people of Florida from unnecessary and costly
8 health care expenditures.
9 (3) DEFINITIONS.--For the purpose of this section, the
