13 Be It Enacted by the Legislature of the State of Florida:

14
15 Section 1. Section 393.0661, Florida Statutes, is
16 created to read:

17 393.0661 Developmental services waiver programs;
18 accrediting organizations.--

19 (1) The Agency for Health Care Administration, with
20 the approval of the Federal Health Care Financing
21 Administration, may establish developmental services waiver
22 programs to provide the services described in s. 393.066 to
23 clients of the department who have developmental disabilities.
24 These waiver programs shall be administered by the department
25 on behalf of the agency as provided in the waiver document
26 approved by the Federal Health Care Financing Administration.
27 The department and the agency shall, by interagency agreement,
28 delineate each entity's responsibilities with respect to
29 operation and administration of these waiver programs.

30 (2) If the department elects to use a developmental
31 services waiver program to purchase services described in s.

1 393.066, the department must certify that providers seeking to
2 perform such services meet initial eligibility criteria
3 specified in the applicable waiver document approved by the
4 Federal Health Care Financing Administration. Before
5 performing or receiving compensation for services, a service
6 provider shall execute a Medicaid provider agreement with the
7 agency as provided in s. 409.907. The department shall develop
8 contractual performance standards for services providers
9 which, with the approval of the agency, must be incorporated
10 in the Medicaid provider agreement as provided in s.
11 409.907(5)(c). In order to continue to serve as developmental
12 services waiver program contract providers, service providers
13 must meet the performance standards set forth in the Medicaid
14 provider agreement. As an alternative to departmental
15 performance standards, the department must accept, without any
16 additional requirements, accreditation by nationally
17 recognized accreditation bodies such as the Accreditation
18 Council on Disabilities and the Commission on Accreditation of
19 Rehabilitation Facilities.

20 (3) The department shall adopt rules to administer the
21 waiver programs in accordance with its responsibilities under
22 this chapter.

23 (4) The department shall accept, in lieu of its own
24 inspections for licensure, the survey or inspection of an
25 accrediting organization, if the facility is accredited and
26 the department receives the report of the accrediting
27 organization. The department shall develop and adopt by rule
28 criteria for accepting survey reports of accrediting
29 organizations in lieu of conducting a state licensure
30 inspection.
