Florida House of Representatives - 1999 By Representative Rayson

1	A bill to be entitled
2	An act relating to forestry; providing
3	definitions; defining "champion tree" and
4	"candidate champion tree" for purposes of the
5	act; providing legislative intent; requiring
6	the Division of Forestry of the Department of
7	Agriculture and Consumer Services to develop
8	and maintain a registry of champion and
9	candidate champion trees; providing procedure
10	for proposal of inclusion of a tree to the
11	registry; providing for specified notice by the
12	division; providing procedure for approval of a
13	candidate champion tree for inclusion on the
14	registry; requiring protection of proposed
15	champion and proposed candidate champion trees
16	during specified periods; prohibiting the
17	taking of champion or candidate champion trees
18	on the registry; providing exceptions;
19	providing conditions under which the division
20	shall issue a permit for such taking;
21	prohibiting the trimming and pruning of
22	champion or candidate champion trees; providing
23	exceptions; prohibiting certain actions related
24	to propagation of champion or candidate
25	champion trees; providing exceptions; providing
26	that ownership of champion or candidate
27	champion trees located on public or private
28	lands remains with the landowner, subject to a
29	declared public trust in such trees; authorizes
30	taking of such trees by a private landowner
31	only in compliance with the act; requiring
	1

1	certain notice; authorizing the division to
2	manage or cooperate in specified projects and
3	conduct or contract for certain research;
4	authorizing the division to establish programs
5	and enter into cooperative agreements;
6	providing for the establishment of rules;
7	providing civil fines and remedies; providing a
8	penalty for violation of the act; providing an
9	effective date.
10	
11	Be It Enacted by the Legislature of the State of Florida:
12	
13	Section 1. Champion trees; candidate champion trees
14	(1) DEFINITIONSAs used in this act:
15	(a) "Candidate champion tree" means any tree that,
16	according to its circumference, measured at 4.5 feet above the
17	ground and its height, is rated a second or third to any
18	champion tree species or genus as measured by national
19	champion standards, or which exceeds or is likely to exceed
20	the standards of a champion or candidate champion tree during
21	<u>its life span.</u>
22	(b) "Champion tree" means any tree within a species or
23	genus that has been or is listed on a recognized list of
24	national or state champion trees, including candidate champion
25	trees.
26	(c) "Champion tree habitat" means any organic and
27	inorganic matter, plants, and organisms within a screen
28	created by the outline of the outermost branches of a champion
29	tree drawn perpendicular to the surface of the ground, and
30	also includes any surface water, groundwater, or soils upon
31	

2

which a champion or candidate champion tree is dependent for 1 2 its health and survival. 3 "Division" means the Division of Forestry of the (d) 4 Department of Agriculture and Consumer Services. 5 (e) "Registry" means the registry of champion and б candidate champion trees developed and maintained under 7 subsection (3). 8 (f) "Person" means any individual, partnership, 9 corporation, association, governmental entity, or other legal 10 entity. 11 (g) "Soil" means the unconsolidated mineral or 12 material on the immediate surface of the earth that serves as 13 a natural medium for growth of woody plants, or the 14 unconsolidated mineral or organic matter on the surface of the 15 earth, which has been subject to and influenced by genetic and 16 environmental factors of parent material, climate, macroorganisms and microorganisms, and topography, all acting 17 over a period of time and producing a product-soil that 18 19 differs from the materials from which it is derived. 20 "State forester" means the State Forester within (h) the Division of Forestry of the Department of Agriculture and 21 22 Consumer Services. 23 (i) "Take" means to cut down, collect, injure, harm, 24 or destroy in any manner a champion or candidate champion 25 tree. 26 (j) "Tree" means a woody perennial plant with at least 27 one main dominant trunk or stem having a height greater than 5 28 meters. 29 (2) INTENT.--The protection, management, sustainability, and restoration of Florida's trees and forests 30 are of paramount concern to the state. Located within the 31 3

2identified as national champion trees or state champion trees3according to lists and records maintained by national and4state tree or forestry organizations. These champion trees5took root before the modern industrial age and have survived6as living examples of an extraordinarily rare, unique, and7valuable biological heritage. The educational, scientific,8ecological, and aesthetic value of these trees, as well as9their value for purposes of reforestation, is inestimable.10Accordingly, it is the intent of the Legislature that national11and state champion trees, their roots, soils, and habitat are12declared to be a public trust and are of paramount concern for13the conservation and development of the natural resources and14environment of the state.15(3)16REGISTRY16(a) The division shall develop and maintain a registry17of champion and candidate champion trees that describes the18family, genus, and species of each tree included in the19registry, the measurements or parameters substantiating its20designation as a protected tree under this act, and the21section, town, and range of its location. Once a tree is22placed on the registry as a champion or candidate champion23tree, the tree shall remain on the registry as an "emeritus"24champion tree.25(b) Any person may submit to the division a proposal26for the inclusion of a cham	1	state are older magnificent trees that have been or may be

23 <u>the division all of the following</u> .	29	the division all of the following:
30 <u>1.</u> The family, genus, and species of the tree.	30	1. The family, genus, and species of the tree.
31	31	

The applicable measurements of the tree according 1 2. 2 to both state and national champion standards. If a tree meets or exceeds the state or national champion standards, it shall 3 4 be prima facie evidence of its classification as a champion 5 tree. 6 3. The soils, hydrology, and habitat of the tree. 7 4. The location of the tree according to section, 8 town, and range. 9 If on private property, written consent to the 5. 10 inclusion of the tree on the registry by the private landowner. 11 12 6. Any other botanical, biological, scientific, or 13 ecological evidence demonstrating a likelihood for inclusion 14 on the registry as a candidate champion tree. 15 (c) The division, through the State Forester, shall 16 give written notice in its publications, public notices, and calendar of any submission for classification as a champion or 17 candidate champion tree, and shall give written notice to the 18 19 colleges and universities in the state, university research 20 facilities conducting research in agriculture or natural resources, agricultural or botanical organizations or 21 22 societies, the landowner on whose property the proposed candidate tree is located, and any other person who has made 23 request in writing to the State Forester or the division to be 24 25 placed on a notice list to be maintained by the State Forester 26 for such submissions. 27 (d) Upon receipt of a complete submission under 28 paragraph (b), the department shall classify the subject tree 29 as a proposed champion or proposed candidate champion tree and shall study and evaluate the submission in cooperation with 30 university and college professors, scientists, and students 31

5

HB 539

engaged in agriculture, forestry, horticulture, and plant 1 2 sciences, and representatives or professionals associated with 3 nonprofit organizations or other entities whose primary purpose is the protection of trees, forestry, forest 4 5 management or reforestation, or animal and plant-life habitats б or communities. A member of the public shall have the 7 opportunity to submit information regarding any submission. 8 The division, through the State Forester, shall study, in 9 cooperation with other professionals or experts as provided in this subsection, the proposed candidate champion tree for a 10 period of 1 calendar year, after which the division shall make 11 12 a decision within 120 days either approving or denying the 13 proposed addition to the registry. If the decision is not made 14 within this 120-day period, then the proposed candidate tree 15 shall be considered added to the registry. The division shall 16 conduct meetings with interested persons as described in this 17 subsection and give written notice of such meetings as provided in paragraph (c). 18 19 (e) During any study, evaluation, or decision period 20 for the consideration of a proposed champion or candidate champion tree, the proposed champion or candidate champion 21 22 tree shall be protected as if it were a champion or candidate champion tree under the provisions of this act. 23 24 (4) TAKING PROHIBITED; EXCEPTIONS.--(a) A champion or candidate champion tree on the 25 26 registry shall not be taken except as authorized in this 27 subsection. 28 (b) A person shall not take any champion or candidate 29 champion tree on the registry unless either of the following conditions are met: 30 31

1 1. The action is necessary to prevent an immediate 2 threat to the safety or well-being of any person or an 3 immediate threat of damage to property. 4 2. A permit for taking has been issued under this 5 subsection. 6 (c) The division, upon application, shall grant a 7 permit to take a champion tree or a candidate champion tree on 8 the registry if either of the following conditions are met: 9 There is no feasible and prudent alternative to the proposed taking in order to protect the safety and well-being 10 of persons and property, and proper viable cuttings have been 11 12 obtained or contractually arranged for to achieve successful 13 propagation at a qualified tree nursery, university research 14 facility, or living library on an approved list established by 15 the division. 16 2. It is shown that the tree is diseased and dying, with clear scientific evidence that the tree will not survive 17 more than 5 years from the date of the application for the 18 19 permit, and proper viable cuttings have been obtained or 20 secured in the same manner as provided in subparagraph 1. (d) A person shall not trim, prune, or engage in other 21 22 similar action with respect to a champion or candidate 23 champion tree on the registry to prevent deterioration or 24 maintain or enhance the health or viability of such tree unless it has been shown by the applicant and determined by 25 26 the State Forester in consultation with university professors, experts, and other professionals that there is no likelihood 27 28 of long-term injury to the sustainability of the tree. 29 (e) A person shall not trim, collect, or remove a portion of a branch of a champion or candidate champion tree 30 31

on the list for purposes of propagation unless it is shown 1 2 that either of the following exists: 3 1. If a champion or candidate champion tree is located 4 on private property, written consent has been obtained from 5 the owner of the land on which any portion of the tree or its б habitat is located. 7 2. If a champion or candidate champion tree is located 8 on public land, proper permission has been obtained from the 9 division and the governmental owner of the land on which any 10 portion of the tree or its habitat is located. 11 (5) OWNERSHIP; RIGHTS OF OWNER.--12 (a) It is recognized that champion or candidate 13 champion trees may be located on public or private lands. 14 Regardless of the title of these lands or legal ownership of a 15 champion or candidate champion tree, it remains in the 16 ownership of the landowner subject to a declared public trust 17 in these trees and their propagation for the purposes of this act. To protect the public trust, a tree may be taken by the 18 private landowner only in compliance with the provisions of 19 20 this act. However, the public trust shall not deprive or deny any private landowner of his or her lawful use of any such 21 22 tree. (b) A person who owns and sells, transfers, leases, or 23 licenses any land on which a champion or candidate champion 24 25 tree on the registry is located shall give notice to the 26 purchaser, transferee, lessee, or licensee of the existence 27 and location of the champion or candidate champion tree. 28 (6) DUTIES OF DIVISION.--29 (a) The division may manage or cooperate in the management of conservation, forestry, agricultural, 30 horticulture, or plant science propagation projects related to 31

8

HB 539

any champion, candidate champion, or proposed candidate 1 2 champion trees and their habitat. The division may conduct, 3 contract, or arrange for research and investigations in the habitat, health, conditions, or other biological or management 4 5 data required to maintain or enhance the health, protection, б propagation, or reforestation of any champion or candidate 7 champion tree or its root stock. 8 (b) The division may establish programs, including 9 acquisition of trees and habitat through conservation or nondevelopment easements, nurseries, or living libraries of 10 trees propagated from root stock or other method from a 11 12 champion or candidate champion tree, as are considered 13 necessary to carry out the provisions of this act. To carry 14 out these programs, the division may enter into cooperative 15 agreements with a person who has appropriate knowledge or 16 expertise. (c) The division shall establish rules to implement 17 the provisions of this act. 18 19 (7) CIVIL FINES; REMEDIES.--20 The division may impose a civil fine of up to (a) 21 \$2,500 for each occurrence of a violation of the provisions of 22 this act. (b) In addition to or in lieu of a civil fine under 23 paragraph (a), the circuit court may, upon petition, provide 24 25 injunctive or other appropriate relief for a violation of this 26 act. 27 (c) Any person who is aggrieved or injured by reason 28 of a violation of the provisions of this act may bring an 29 action therefor in the appropriate circuit court of this state and shall recover the actual damages sustained and the costs 30 of such action, including a reasonable attorney's fee. 31 9

1	(8) PENALTIES Any person who violates the provisions
2	of this act commits a misdemeanor of the first degree,
3	punishable as provided in s. 775.082 or s. 775.083.
4	Section 2. This act shall take effect upon becoming a
5	law.

8	HOUSE SUMMARY
9	Requires the Division of Forestry of the Department of
10 11	Agriculture and Consumer Services to develop and maintain a registry of champion and candidate champion trees. Defines "champion tree" and "candidate champion tree" for
12	purposes of the act. Provides legislative intent. Provides procedure for proposal of inclusion of a tree to
13	the registry. Provides for specified notice by the division. Provides procedure for approval of a champion
14	tree or candidate champion tree for inclusion on the registry. Requires protection of proposed champion and
15	proposed candidate champion trees during specified periods. Prohibits the taking of champion or candidate
16	champion trees on the registry. Provides exceptions. Provides conditions under which the division shall issue
17	a permit for such taking. Prohibits the trimming and pruning of champion or candidate champion trees. Provides
18	exceptions. Prohibits certain actions related to propagation of champion or candidate champion trees and
19	provides exceptions. Provides that ownership of champion or candidate champion trees located on public or private
20	lands remains with the landowner, subject to a declared public trust in such trees. Requires a landowner to
21	provide specified notice in the event of the sale, lease, or transfer of any land on which a champion or candidate champion tree is located. Authorizes taking of such trees
22	by a private landowner only in compliance with the act. Authorizes the division to manage or cooperate in
23	specified projects and conduct or contract for certain research. Authorizes the division to establish programs
24	and enter into cooperative agreements. Provides for the establishment of rules. Provides civil fines and
25	remedies. Provides penalties for violation of the act.
