BILL #: HB 849

RELATING TO: Golf/Utility Carts

SPONSOR(S): Representative Farkas

COMPANION BILL(S): SB 988 (i)

ORIGINATING COMMITTEE(S)/COMMITTEE(S) OF REFERENCE:

- (1) TRANSPORTATION YEAS 10 NAYS 0

I. SUMMARY:

The bill amends a provision of law that authorizes municipalities over 400 years old to use golf carts on public roads within their jurisdiction. HB 849 expands such use to all municipalities in Florida, subject to the following safety requirements:

- Golf and utility carts may only be used by municipal employees in the performance of their official duties and for municipal purposes. Such purposes include, but are not limited to, police patrol, traffic enforcement, and inspection of public facilities.
- Golf and utility carts must be equipped with lighting and turn signal equipment.
- Golf and utility carts may only be operated on state roads having a speed limit of 30 m.p.h. or less.

In addition, the bill exempts utility type vehicles from motor vehicle registration and license plate display requirements and emissions inspections. Golf carts are currently exempt from these requirements.

The bill has no fiscal impact.

II. SUBSTANTIVE ANALYSIS:

A. PRESENT SITUATION:

Municipalities have started to use golf carts and utility vehicles more and more to provide municipal services. Golf carts and utility vehicles are often used to provide landscaping, maintenance, and security services. As these vehicles have increased in numbers and use, they are being driven on public roads even though current law does not authorize such use.

Section 316.2126, F.S., authorizes the use of golf carts on public roads subject to the following safety conditions:

- Golf carts may only be used by municipal employees in the performance of their official duties and for municipal purposes. Such purposes include, but are not limited to, police patrol, traffic enforcement, and inspection of public facilities.
- Golf carts must be equipped with lighting and turn signal equipment.
- Golf carts may only be operated on state roads having a speed limit of 30 m.p.h. or less.

The law, however, limits such use to municipalities over 400 years old. The City of St. Augustine was founded in 1565 and is the only Florida municipality over 400 years old.

B. EFFECT OF PROPOSED CHANGES:

The bill amends a provision of law that authorizes municipalities over 400 years old to use golf carts on public roads within their jurisdiction. HB 849 expands such use to all municipalities in Florida. The municipalities would be required to comply with the current provisions and restrictions that apply to the City of St. Augustine's use of golf carts, which includes the following safety requirements:

- Golf and utility carts may only be used by municipal employees in the performance of their official duties and for municipal purposes. Such purposes include, but are not limited to, police patrol, traffic enforcement, and inspection of public facilities.
- Golf and utility carts must be equipped with lighting and turn signal equipment.
- Golf and utility carts may only be operated on state roads having a speed limit of 30 m.p.h. or less.

In addition, HB 849 exempts utility type vehicles from motor vehicle registration and license plate display requirements and emissions inspections. Golf carts are currently exempt from these requirements.

V. COMMENTS:

On March 11, 1999, the Committee on Transportation adopted one amendment to HB 849. The amendment was a "strike everything" amendment that was corrective in nature. The primary effect of the amendment was to create a definition for utility vehicles. The effect or anticipated results of the original bill remain the same.
