D. FISCAL COMMENTS:

The bill will have a fiscal impact on DOT that is estimated at a minimum of \$10,800. This amount is based on the assumption that these markers will cost approximately \$150 each, multiplied by the number of Interstate rest areas (72). The estimated cost per sign assumes that standard DOT highway sign material will be used for the markers. Granite or bronze plaques could cost up to \$3,000 per rest area, and if these markers are installed the impact could be up to \$216,000.
