On page 7, lines 19-28,  
remove from the bill: all of said lines

and insert in lieu thereof:

(a) The pre-clinical curriculum shall draw on the Florida State University's Program in Medical Sciences (PIMS) experience and national trends in basic and behavioral sciences instruction, including use of technology for distributed and distance learning. First-year instruction shall include a lecture mode and problem-based learning. In the second year, a small-group, problem-based learning approach shall provide more advanced treatment of each academic subject in a patient-centered context. Various short-term clinical exposures shall be programmed throughout the pre-clinical years, including rural,
