1 Section 2. Section 120.541, Florida Statutes, is 2 amended to read: 3 120.541 Statement of estimated regulatory costs .--4 (1)(a) A substantially affected person, within 21 days 5 after publication of the notice provided under s. б 120.54(3)(a), may submit to an agency a good faith written 7 proposal for a lower cost regulatory alternative to a proposed 8 rule which substantially accomplishes the objectives of the 9 law being implemented. The proposal may include the 10 alternative of not adopting any rule, so long as the proposal 11 explains how the lower costs and objectives of the law will be achieved by not adopting any rule. If such a proposal is 12 13 submitted, the 90-day period for filing the rule is extended 14 21 days. 15 (b) Upon the submission of the lower cost regulatory 16 alternative, the agency shall prepare a statement of estimated regulatory costs as provided in subsection (2), or shall 17 revise its prior statement of estimated regulatory costs, and 18 either adopt the alternative or give a statement of the 19 20 reasons for rejecting the alternative in favor of the proposed 21 rule. The failure of the agency to prepare or revise the 22 statement of estimated regulatory costs as provided in this paragraph is a material failure to follow the applicable 23 rulemaking procedures or requirements set forth in this 24 chapter. An agency required to prepare or revise a statement 25 26 of estimated regulatory costs as provided in this paragraph 27 shall make it available to the person who submits the lower 28 cost regulatory alternative and to the public prior to filing 29 the rule for adoption. 30 (c) An agency shall prepare a statement of estimated regulatory costs, or revise its prior statement of estimated 31 3

regulatory costs, in all instances when the preliminary agency 1 2 estimate of the annual costs of implementing and enforcing the proposed rule and of the transactional costs as described in 3 paragraph (2)(c) exceeds in total \$1,500,000. 4 5 (d) The agency shall notify and provide a copy of the б statement required under paragraph (c) to the Office of 7 Program Policy Analysis and Government Accountability. The 8 Office of Program Policy Analysis and Government 9 Accountability shall review and comment on the statements prior to the filing of the rule for adoption. The failure of 10 11 the Office of Program Policy Analysis and Government 12 Accountability to prepare comments upon a statement shall not 13 be a basis of challenge to a proposed rule. 14 (e)(c) No rule shall be declared invalid because it imposes regulatory costs on the regulated person, county, or 15 16 city which could be reduced by the adoption of less costly alternatives that substantially accomplish the statutory 17 objectives, and no rule shall be declared invalid based upon a 18 19 challenge to the agency's statement of estimated regulatory 20 costs, unless: 1. The issue is raised in an administrative proceeding 21 within 1 year after the effective date of the rule; and 22 2. When a lower cost regulatory alternative as 23 24 described in paragraph (a) has been filed, the substantial 25 interests of the person challenging the agency's rejection of, 26 or failure to consider, the lower cost regulatory alternative 27 are materially affected by the rejection; and 28 3.a. The agency has failed to prepare or revise the 29 statement of estimated regulatory costs as required by this 30 subsection paragraph (b); or 31

4

1 The challenge is to the agency's rejection under b. 2 paragraph (b) of a lower cost regulatory alternative submitted 3 under paragraph (a). 4 (2) A statement of estimated regulatory costs shall 5 include: 6 (a) A good faith estimate of the number of individuals 7 and entities likely to be required to comply with the rule, 8 together with a general description of the types of 9 individuals likely to be affected by the rule. 10 (b) A good faith estimate of the cost to the agency, 11 and to any other state and local government entities, of 12 implementing and enforcing the proposed rule, and any 13 anticipated effect on state or local revenues. 14 (c) A good faith estimate of the transactional costs 15 likely to be incurred by individuals and entities, including 16 local government entities, required to comply with the requirements of the rule. As used in this paragraph, 17 "transactional costs" are direct costs that are readily 18 19 ascertainable based upon standard business practices, and 20 include filing fees, the cost of obtaining a license, the cost 21 of equipment required to be installed or used or procedures 22 required to be employed in complying with the rule, additional operating costs incurred, and the cost of monitoring and 23 24 reporting. 25 (d) An analysis of the impact on small businesses as 26 defined by s. 288.703, and an analysis of the impact on small 27 counties and small cities as defined by s. 120.52. 28 (e) Any additional information that the agency 29 determines may be useful. 30 (f) In the statement or revised statement, whichever 31 applies, a description of any good faith written proposal 5

submitted under paragraph (1)(a) and either a statement 1 2 adopting the alternative or a statement of the reasons for 3 rejecting the alternative in favor of the proposed rule. 4 Section 3. Section 11.516, Florida Statutes, is 5 created to read: б 11.516 Review of statements of estimated regulatory 7 costs.--The Office of Program Policy Analysis and Government 8 Accountability shall review and comment on each statement of 9 estimated regulatory costs prepared in accordance with s. 120.541(1)(c). The office shall review the submitted 10 11 statements for reasonableness of methodologies and provide 12 commentary to the agency and to the Joint Administrative 13 Procedure Committee on improving the methodologies used to 14 prepare the statements. 15 Section 4. Legislative review of proposed 16 regulation. --17 (1) This section may be cited as the "Regulatory Sunrise Act." 18 (2) As used in this section, "regulation" means 19 20 authority granted a state agency, as defined by s. 120.52, Florida Statutes, to regulate a business or professional 21 22 activity not being regulated at that time, which would require the agency to adopt administrative rules pursuant to chapter 23 24 120, Florida Statutes, to implement, operate, or enforce. 25 (3) In determining whether to implement a proposed 26 regulation, the Legislature shall consider the following 27 factors: 28 (a) Whether the proposed regulation will promote the 29 public health, safety, or welfare. 30 (b) Whether the public is or can be effectively

31 protected by other means.

б

(c) Whether the overall cost effectiveness and economic impact of the proposed regulation will be favorable. When determining the overall cost effectiveness and economic impact of the proposed regulation, the Legislature shall obtain: 1. A good faith estimate of the number of individuals and entities likely to be required to comply with the regulation. 2. A good faith estimate of the cost to state and local government entities of implementing, operating, and enforcing the proposed regulation and any anticipated effect on state or local revenues. 3. A good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local government entities, required to comply with the requirements of the proposed regulation. As used in this subparagraph, "transactional costs" are direct costs that are readily ascertainable based upon standard business practices, and include filing fees, the cost of obtaining a license or permit, the cost of equipment required to be installed or used or procedures required to be employed in complying with the regulation, additional operating costs incurred, and the cost of monitoring and reporting. 4. An analysis of the impact on small businesses as defined by s. 288.703, Florida Statutes, and an analysis of the impact on small counties and small cities as defined by s. 120.52, Florida Statutes.
