30 chapter must be met by the transferee. A license transfer fee
31 of \$50 shall be charged for each such transfer.

1 (2) In addition to the requirements of subsection (1),
2 any person applying for a license to engage in the activities
3 of a pipeline system operator, category I liquefied petroleum
4 gas dealer, category II liquefied petroleum gas dispenser,
5 category IV liquefied petroleum gas dispenser and recreational
6 vehicle servicer, LP gas installer, specialty installer,
7 requalification of cylinders, or fabricator, repairer, and
8 tester of vehicles and cargo tanks, must prove competency by
9 passing a written examination administered by the department
10 or its agent with a grade of 75 percent or above. Each
11 applicant for examination shall submit a \$20 nonrefundable
12 fee. The department shall by rule specify the general areas of
13 competency to be covered by each examination and the relative
14 weight to be assigned in grading each area tested.

15 (a) Application for examination for competency may be
16 made by an individual or by an owner, a partner, or any person
17 in a supervisory capacity of the license applicant. Upon
18 successful completion of the competency examination, the
19 department shall issue a qualifier identification card to the
20 examinee. Qualifier identification cards, except those issued
21 to category I liquefied petroleum gas dealers and liquefied
22 petroleum gas installers, ~~Such card~~ shall remain in effect as
23 long as the individual shows to the department proof of active
24 employment in the area of examination and all continuing
25 education requirements are met. Should the individual
26 terminate active employment in the area of examination for a
27 period exceeding 24 months, or fail to provide documentation
28 of continuing education, the individual's qualifier status
29 shall expire. The individual may reapply for examination by
30 the department in order to reestablish qualifier status.
31 Every business organization shall possess such a full-time

1 qualifier at all times who has successfully completed an
2 examination in the corresponding category of the license held
3 by the business organization.

4 (b) Qualifier cards issued to category I liquefied
5 petroleum gas dealers and liquefied petroleum gas installers
6 shall expire 3 years after the date of issuance. All category
7 I liquefied petroleum gas dealer qualifiers and liquefied
8 petroleum gas installer qualifiers holding a valid qualifier
9 card upon the effective date of this act shall retain their
10 qualifier status until July 1, 2003, and may sit for the
11 master qualifier examination at any time during that time
12 period. Alternatively, all category I liquefied petroleum gas
13 dealer qualifiers and liquefied petroleum gas installer
14 qualifiers may renew their qualification on or before July 1,
15 2003, upon application to the department, payment of a \$20
16 renewal fee, and documentation of the completion of a minimum
17 of 12 hours approved continuous education courses, as defined
18 by department rule, during the previous 3-year period.
19 Applications for renewal must be made 30 calender days prior
20 to expiration. Persons failing to renew prior to the
21 expiration date must reapply and take a qualifier competency
22 examination in order to reestablish category I liquefied
23 petroleum gas dealer qualifier and liquefied petroleum gas
24 installer qualifier status. In the event a category I
25 liquefied petroleum gas qualifier or liquefied petroleum gas
26 installer qualifier becomes a master qualifier at any time
27 during the effective date of the qualifier card, the card
28 shall remain in effect until expiration of the master
29 qualifier certification.~~A vacancy in a qualifier position in~~
30 ~~a business organization which results from the departure of~~
31 ~~the qualifier shall be immediately reported to the department.~~

1 ~~In the event a business organization no longer possesses a~~
2 ~~duly designated qualifier, as required by this section, its~~
3 ~~liquefied petroleum gas licenses shall be suspended by order~~
4 ~~of the department after 20 working days and shall remain~~
5 ~~suspended until a competent qualifier has been retained. A~~
6 ~~vacancy in the qualifier position for a period of over 20~~
7 ~~working days shall be deemed to constitute an immediate threat~~
8 ~~to the public health, safety, and welfare. Failure to obtain a~~
9 ~~replacement qualifier within 60 days of the vacancy shall be~~
10 ~~grounds for revocation of licensure or eligibility for~~
11 ~~licensure.~~

12 ~~(c) Any individual's competency qualifications on file~~
13 ~~with the department may be transferred to any existing~~
14 ~~licenseholder, by written request to the department from the~~
15 ~~person so qualified. By request in writing to the department,~~
16 ~~any individual who has on file the competency examination~~
17 ~~requirement may use this evidence on file for a new license~~
18 ~~application. Effective June 30, 1993, all examinations are~~
19 ~~confidential and exempt from the provisions of s. 119.07(1).~~

20 (3) A qualifier for a business organization involved
21 in installation, repair, maintenance, or service of liquefied
22 petroleum gas appliances, equipment, or systems must actually
23 function in a supervisory capacity of other company employees
24 installing, repairing, maintaining, or servicing liquefied
25 petroleum gas appliances, equipment, or systems. A separate
26 qualifier shall be required for every 10 such employees.
27 Additional qualifiers are required for those business
28 organizations employing more than 10 employees that install,
29 repair, maintain, or service liquefied petroleum gas equipment
30 and systems.

2 each category I liquefied petroleum gas dealer and liquefied
3 petroleum gas installer must, at the time of application for
4 licensure, identify to the department one master qualifier who
5 is a full-time employee at the licensed location. This person
6 shall be a manager, owner, or otherwise primarily responsible
7 for overseeing the operations of the licensed location and
8 must provide documentation to the department as provided by
9 rule. The master qualifier requirement shall be in addition to
10 the requirements of subsection (2).

11 (a) In order to apply for certification as a master
12 qualifier, each applicant must be a category I liquefied
13 petroleum gas dealer qualifier or liquefied petroleum gas
14 installer qualifier, must be employed by a licensed category I
15 liquefied petroleum gas dealer, liquefied petroleum gas
16 installer, or applicant for such license, and must pass a
17 master qualifier competency examination. Master qualifier
18 examinations shall be based on Florida's laws, rules, and
19 adopted codes governing liquefied petroleum gas safety,
20 general industry safety standards, and administrative
21 procedures. The examination must be successfully completed by
22 the applicant with a grade of 75 percent or more. Each
23 applicant for master qualifier status shall submit to the
24 department a nonrefundable \$30 examination fee prior to the
25 examination.

26 (b) Upon successful completion of the master qualifier
27 examination, the department shall issue the examinee a
28 certificate of master qualifier status which shall include the
29 name of the licensed company for which the master qualifier is
30 employed. A master qualifier may transfer from one
31

1 licenseholder to another upon becoming employed by the company
2 and providing a written request to the department.

3 (c) Master qualifier status shall expire 3 years after
4 the date of issuance of the certificate and may be renewed by
5 submission to the department of documentation of completion of
6 at least 12 hours of approved continuing education courses
7 during the 3-year period, proof of employment with a licensed
8 category I liquefied petroleum gas dealer, liquefied petroleum
9 gas installer, or applicant, and a \$30 certificate renewal
10 fee. The department shall define, by rule, approved courses of
11 continuing education.

12 (d) Each category I liquefied petroleum gas dealer or
13 liquefied petroleum gas installer licensed as of August 31,
14 2000, shall identify to the department one current category I
15 liquefied petroleum gas dealer qualifier or liquefied
16 petroleum gas installer qualifier who will be the designated
17 master qualifier for the licenseholder. Such individual must
18 provide proof of employment for 3 years or more within the
19 liquefied petroleum gas industry, and shall, upon approval of
20 the department, be granted a master qualifier certificate. All
21 other requirements with regard to master qualifier certificate
22 expiration, renewal, and continuing education shall apply.

23 (5) A vacancy in a qualifier or master qualifier
24 position in a business organization which results from the
25 departure of the qualifier shall be immediately reported to
26 the department. In the event a business organization no longer
27 possesses a duly designated qualifier, as required by this
28 section, its liquefied petroleum gas licenses shall be
29 suspended by order of the department after 20 working days and
30 shall remain suspended until a competent qualifier has been
31 retained. A vacancy in the qualifier position for a period of

1 more than 20 working days shall be deemed to constitute an
2 immediate threat to the public health, safety, and welfare.
3 Failure to obtain a replacement qualifier within 60 days of
4 the vacancy shall be grounds for revocation of licensure or
5 eligibility for licensure.

6 (6) Any individual having competency qualifications on
7 file with the department may request the transfer of such
8 qualifications to any existing licenseholder by making a
9 written request to the department for such transfer. Any
10 individual having a competency examination on file with the
11 department may use such examination for a new license
12 application after making application in writing to the
13 department. All examinations are confidential and exempt from
14 the provisions of s. 119.07(1).

15 (7)(4) If a duplicate license, or qualifier card, or
16 master qualifier certificate is requested by the licensee, a
17 fee of \$10 must be received before issuance of the duplicate
18 license or card. If a facsimile transmission of an original
19 license is requested, upon completion of the transmission a
20 fee of \$10 must be received by the department before the
21 original license may be mailed to the requester.

22 (8)(5) All revenues collected herein shall be
23 deposited in the General Inspection Trust Fund for the purpose
24 of administering the provisions of this chapter.

26 Florida Statutes, are amended to read:

27 527.04 Proof of insurance required.--

28 (1) Before any license is issued, except to a dealer
29 in appliances and equipment for use of liquefied petroleum gas
30 or a category III liquefied petroleum gas cylinder exchange
31 operator, the applicant must deliver to the department a good

1 and sufficient bond in the amount of \$1 million~~\$300,000~~,
2 payable to the Governor of Florida, with the applicant as
3 principal and a surety company authorized to do business in
4 this state as surety. The bond must be conditioned upon the
5 principal's compliance with the provisions of this chapter and
6 the rules of the department with respect to the conduct of
7 such business and shall indemnify and hold harmless all
8 persons from loss or damage by reason of the principal's
9 failure to comply. However, the aggregated liability of the
10 surety may not exceed \$1 million~~\$300,000~~. If the bond
11 becomes insufficient, the department may require a new bond to
12 be filed, and if the principal fails to do so, the department
13 shall cancel the license issued and give the principal written
14 notice that it is unlawful to engage in business without a
15 license. If the applicant furnishes satisfactory evidence
16 that he or she is covered by a primary policy of bodily injury
17 liability and property damage liability insurance covering the
18 products and operations with respect to such business, issued
19 by an insurer authorized to do business in the state, for an
20 amount not less than \$1 million~~\$300,000~~ and that the premiums
21 on such insurance are paid, an insurance affidavit or other
22 satisfactory evidence of acceptable insurance coverage shall
23 be accepted in lieu of the bond. A new bond is not required
24 as long as the original bond remains sufficient and in force.
25 If the licenseholder's insurance coverages as required by this
26 subsection are canceled or otherwise terminated, the insurer
27 must notify the department within 30 days after such
28 cancellation or termination.

29 (2) Before any license is issued to a class III
30 liquefied petroleum gas cylinder exchange operator, the
31 applicant must deliver to the department a good and sufficient

1 bond in the amount of \$300,000~~\$100,000~~, payable to the
2 Governor, with the applicant as principal and a surety company
3 authorized to do business in this state as surety. The bond
4 must be conditioned upon the principal's compliance with this
5 chapter and the rules of the department with respect to the
6 conduct of such business and must indemnify and hold harmless
7 all persons from loss or damage by reason of the principal's
8 failure to comply. However, the aggregated liability of the
9 surety may not exceed \$300,000~~\$100,000~~. If the bond becomes
10 insufficient, the department may require a new bond to be
11 filed, and if the principal fails to do so, the department
12 shall cancel the license and give the principal written notice
13 that it is unlawful to engage in business without a license.
14 If the applicant furnishes satisfactory evidence that he or
15 she is covered by a primary policy of bodily injury liability
16 and property damage liability insurance covering the products
17 and operations with respect to such business, issued by an
18 insurer authorized to do business in the state, for an amount
19 not less than \$300,000~~\$100,000~~ and that the premiums on such
20 insurance are paid, an insurance affidavit or other
21 satisfactory evidence of acceptable insurance coverage shall
22 be accepted in lieu of the bond. A new bond is not required
23 as long as the original bond remains sufficient and in force.
24 If the licenseholder's insurance coverages required by this
25 subsection are canceled or otherwise terminated, the insurer
26 must notify the department within 30 days after such
27 cancellation or termination.
