For any principle that received a "no" above, please explain:

This bill increases millage rates for Palm Beach County residents who own taxable property.

B. PRESENT SITUATION:

Palm Beach County local ordinance 86-32, passed in 1986, creating an independent special district for the county and titled the governing body the Children's Services Council. This local ordinance provides for ad valorem taxation and limits it to one-half mill.

The local ordinance cites section 125.901, Florida Statutes, as enabling authority. This statute grants counties power to provide children's services through the creation of an independent special district. Section 125.901(4)(b), Florida Statutes, further provides:

In no circumstances, however, shall any district levy millage to exceed a maximum of 0.5 mills of assessed valuation of all properties within the county which are subject to ad valorem county taxes.

This bill seeks an exception/exemption to that general law limitation.

House Rule 44(b) provides that "If a committee determines that a local bill provides only an exemption from general law, it shall be reintroduced as a general bill."

Note: There are two special acts that specifically address the Palm Beach County Children's Services Council. Neither act pertains to the Council seeking an increase in millage rates, however.

C. EFFECT OF PROPOSED CHANGES:

This bill increases ad valorem taxes in an amount not to exceed 1 mill. The increase is subject to a one-time voter approval under this Act.

According to the Economic Impact Statement, this bill enhances residents' quality of living through a greater ability to meet children's needs. Additionally, it may create a more attractive community, thus attracting new business to the area.

C. OTHER COMMENTS:

The Economic Impact Statement estimates that fee expenditures will increase slightly, from \$1,071,056 in the current year to \$1,113,899 in Fiscal Year 01-02. These fees are paid to the County Property Appraiser and Tax Collector. Because of the increased millage rates, revenues will rise from \$35,116,621 in the current year to \$36,521,825 in Fiscal Year 01-02.

The revenue estimates are based on county property valuation, adjusted by 3 percent annual inflation. Fees are determined by the historical percentage costs applied to these revenue estimates.

General Counsel for the Children's Services Council, offers the following statement supporting the bill:

The current millage cap is rapidly being approached and the estimated number of children in Palm Beach County will have almost doubled in the 25 years ending in 2005. Additionally in just five years, from 1990 to 1995, the number of children living in poverty rose five percent. Finally, the . . . Council . . . has been a local fundraiser of several state-initiated programs for children including foster care privatization and school readiness, programs that did not exist in 1986.

V. AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:

Committee on Community Affairs

The Committee on Community Affairs met on March 23, 2000, and adopted an amendment. This amendment provides that the ad valorem tax levied is subject to Chapter 200, Florida Statutes, which addresses millage rates. This amendment also contains language that will require the certified millage to be assessed, collected and enforced consistent with the procedure provided by law that applies to other Palm Beach County ad valorem taxes. The House adopted the amendment on April 24, 2000 and subsequently engrossed the amendment into HB 1563, 1st Eng.
