12

13 Section 1. Section 240.209, Florida Statutes, is
14 amended to read:

15 240.209 Board of Regents; powers and duties.--

16 (1) The Board of Regents is authorized to adopt
17 ~~primarily responsible for adopting~~ systemwide rules pursuant
18 to ss. 120.536(1) and 120.54 to implement provisions of law
19 conferring duties upon it; to plan ~~planning~~ for the future
20 needs of the State University System; to plan ~~planning~~ the
21 programmatic, financial, and physical development of the
22 system; to review ~~reviewing~~ and evaluate ~~evaluating~~ the
23 instructional, research, and service programs at the
24 universities; to coordinate ~~coordinating~~ program development
25 among the universities; and to monitor ~~monitoring~~ the fiscal
26 performance of the universities.

27 (2) The Board of Regents shall appoint a Chancellor to
28 serve at its pleasure who shall perform such duties as are
29 assigned to him or her by the board. The board shall fix the
30 compensation and other conditions of employment for the
31 Chancellor. The board shall also provide for the compensation

1 and other conditions of employment for employees necessary to
2 assist the board and the Chancellor in the performance of
3 their duties. The Chancellor shall be the chief administrative
4 officer of the board and shall be responsible for appointing
5 all employees of the board who shall serve under his or her
6 direction and control. The Chancellor must be qualified by
7 training and experience to understand the problems and needs
8 of the state in the field of postsecondary education. Search
9 committee activities for the selection of the Chancellor up to
10 the point of transmitting a list of nominees to the Board of
11 Regents shall be confidential and exempt from the provisions
12 of ss. 119.07(1) and 286.011.

13 (3) The board shall:

14 (a) Develop a plan for the future expansion of the
15 State University System and recommend the establishment of new
16 universities consistent with the criteria adopted by the State
17 Board of Education pursuant to s. 229.053. The plan must
18 include a procedure for the periodic assessment of the need
19 for a new state university and specific standards for the
20 minimum acreage, building space, staffing, and programmatic
21 mix of state universities.

22 (b) Appoint or remove the president of each university
23 in accordance with procedures and rules adopted by the Board
24 of Regents. The board may appoint a search committee to
25 assist in evaluating presidential candidates. Each appointment
26 of a university president shall be conducted in accordance
27 with the provisions of ss. 119.07 and 286.011. The board shall
28 determine the compensation and other conditions of employment
29 for each president.

30 (c) Approve new degree programs for all state
31 universities. In so doing, the board shall be mindful of the

1 differentiated missions of the several universities. New
2 colleges, schools, or functional equivalents of any program
3 leading to a degree which is offered as a credential for a
4 specific license granted under the Florida Statutes or the
5 State Constitution shall not be established without the
6 specific approval of the Legislature.

7 (d) Prepare the legislative budget requests, including
8 fixed capital outlay requests, in accordance with chapter 216
9 and s. 235.41. The board shall provide to the individual
10 universities fiscal policy guidelines, formats, and
11 instructions for the development of individual university
12 budget requests.

13 (e) Establish student fees.

14 1. By no later than December 1 of each year, the board
15 shall raise the systemwide standard for resident undergraduate
16 matriculation and financial aid fees for the subsequent fall
17 term, up to but no more than 25 percent of the prior year's
18 cost of undergraduate programs. In implementing this
19 paragraph, fees charged for graduate, medical, veterinary, and
20 dental programs may be increased by the Board of Regents in
21 the same percentage as the increase in fees for resident
22 undergraduates. However, in the absence of legislative action
23 to the contrary in an appropriations act, the board may not
24 approve annual fee increases for resident students in excess
25 of 10 percent. The sum of nonresident student matriculation
26 and tuition fees must be sufficient to defray the full cost of
27 undergraduate education. Graduate, medical, veterinary, and
28 dental fees charged to nonresidents may be increased by the
29 board in the same percentage as the increase in fees for
30 nonresident undergraduates. However, in implementing this
31 policy and in the absence of legislative action to the

1 contrary in an appropriations act, annual fee increases for
2 nonresident students may not exceed 25 percent. In the absence
3 of legislative action to the contrary in the General
4 Appropriations Act, the fees shall go into effect for the
5 following fall term.

6 2. When the appropriations act requires a new fee
7 schedule, the board shall establish a systemwide standard fee
8 schedule required to produce the total fee revenue established
9 in the appropriations act based on the product of the assigned
10 enrollment and the fee schedule. The board may approve the
11 expenditure of any fee revenues resulting from the product of
12 the fee schedule adopted pursuant to this section and the
13 assigned enrollment.

14 3. Upon provision of authority in a General
15 Appropriations Act to spend revenue raised pursuant to this
16 section, the board shall approve a university request to
17 implement a matriculation and out-of-state tuition fee
18 schedule which is calculated to generate revenue which varies
19 no more than 10 percent from the standard fee revenues
20 authorized through an appropriations act. In implementing an
21 alternative fee schedule, the increase in cost to a student
22 taking 15 hours in one term shall be limited to 5 percent.
23 Matriculation and out-of-state tuition fee revenues generated
24 as a result of this provision are to be expended for
25 implementing a plan for achieving accountability goals adopted
26 pursuant to s. 240.214 and for implementing a Board of
27 Regents-approved plan to contain student costs by reducing the
28 time necessary for graduation without reducing the quality of
29 instruction. The plans shall be recommended by a
30 universitywide committee, at least one-half of whom are
31 students appointed by the student body president. A

1 chairperson, appointed jointly by the university president and
2 the student body president, shall vote only in the case of a
3 tie.

4 4. The board may implement individual university plans
5 for a differential out-of-state tuition fee for universities
6 that have a service area that borders another state.

7 ~~5.4.~~ The board is authorized to collect for financial
8 aid purposes an amount not to exceed 5 percent of the student
9 tuition and matriculation fee per credit hour. The revenues
10 from fees are to remain at each campus and replace existing
11 financial aid fees. Such funds shall be disbursed to students
12 as quickly as possible. The board shall specify specific
13 limits on the percent of the fees collected in a fiscal year
14 which may be carried forward unexpended to the following
15 fiscal year. A minimum of 50 percent of funds from the student
16 financial aid fee shall be used to provide financial aid based
17 on absolute need. A student who has received an award prior to
18 July 1, 1984, shall have his or her eligibility assessed on
19 the same criteria that was used at the time of his or her
20 original award.

21 ~~6.5.~~ The board may recommend to the Legislature an
22 appropriate systemwide standard matriculation and tuition fee
23 schedule.

24 ~~7.6.~~ The Education and General Student and Other Fees
25 Trust Fund is hereby created, to be administered by the
26 Department of Education. Funds shall be credited to the trust
27 fund from student fee collections and other miscellaneous fees
28 and receipts. The purpose of the trust fund is to support the
29 instruction and research missions of the State University
30 System. Notwithstanding the provisions of s. 216.301, and
31 pursuant to s. 216.351, any balance in the trust fund at the

1 end of any fiscal year shall remain in the trust fund and
2 shall be available for carrying out the purposes of the trust
3 fund.

20 registration during the regular registration period.

21 f. A late-payment fee in an amount not less than \$50
22 nor more than \$100 to be imposed on students who fail to pay
23 or fail to make appropriate arrangements to pay (by means of
24 installment payment, deferment, or third-party billing)
25 tuition by the deadline set by each university. Each
26 university may adopt specific procedures or policies for
27 waiving the late-payment fee for minor underpayments.

28 g. A fee for miscellaneous health-related charges for
29 services provided at cost by the university health center
30 which are not covered by the health fee set under s.
31 240.235(1).

4 programs for all State University System employees, including
5 a systemwide personnel classification and pay plan,
6 notwithstanding provisions of law that grant authority to the
7 Department of Management Services over such programs for state
8 employees. The board shall consult with the legislative
9 appropriations committees regarding any major policy changes
10 related to classification and pay which are in conflict with
11 those policies in effect for career service employees with

12 deposited and expended in accordance with s. 240.241. Any
13 action taken by the university in securing or exploiting such
14 trademarks, copyrights, or patents shall, within 30 days, be
15 reported in writing by the president to the Department of
16 State.

17 Section 4. Section 240.233, Florida Statutes, is
18 amended to read:

19 240.233 Universities; admissions of students.--Each
20 university is authorized to adopt rules governing the
21 admission of students ~~shall govern admissions of students,~~
22 subject to this section and rules of the Board of Regents.

23 (1) Minimum academic standards for undergraduate
24 admission to a university must include the requirements that:

25 (a) Each student have received a high school diploma

29 college-preparatory curriculum of nineteen credits, as defined
30 in rules of the Board of Regents, including at least earned
31 two credits of sequential foreign language at the secondary

1 level or the equivalent of such instruction at the
2 postsecondary level. A student whose native language is not
3 English is exempt from this admissions requirement, provided
4 that the student demonstrates proficiency in the native
5 language. If a standardized test is not available in the
6 student's native language for the demonstration of
7 proficiency, the university may provide an alternative method
8 of assessment. The State Board of Education shall adopt rules
9 for the articulation of foreign language competency and
10 equivalency between secondary and postsecondary institutions.
11 A student who received an associate in arts degree prior to
12 September 1, 1989, or who enrolled in a program of studies
13 leading to an associate degree from a Florida community
14 college prior to August 1, 1989, and maintains continuous
15 enrollment shall be exempt from this admissions requirement.

16 (c) Each student have submitted a test score from the
17 Scholastic Assessment Test of the College Entrance Examination
18 Board or the American College Testing Program.

19 (2) The minimum admission standards adopted by the
20 Board of Regents or a state university must permit a student
21 to earn at least four of the nineteen credits constituting the
22 college-preparatory curriculum required for admission as
23 electives in any one of the following manners:

24 (a) Successful completion of any course identified in
25 the Department of Education course code directory as level two
26 or higher in one or more of the following subject areas:

9 course code directory as level two in art-visual arts, dance,
10 drama-theatre arts, language arts, or music; or

11 3. Any additional courses determined to be equivalent
12 by the Articulation Coordinating Committee.

13 ~~(3)(2)~~ The Board of Regents shall adopt rules which
14 provide for a limited number of students to be admitted to the
15 State University System, notwithstanding the admission
16 requirements of paragraph (1)(b) relating to credits in
17 foreign language, if there is evidence that the applicant is
18 expected to do successful academic work at the admitting
19 university. The number of applicants admitted under this
20 subsection may not exceed 5 percent of the total number of
21 freshmen who entered the State University System the prior
22 year. Any lower-division student admitted without meeting the
23 foreign language requirement must earn such credits prior to
24 admission to the upper division of a state university. Any
25 associate in arts admission to the upper division of a state
26 university. Any associate in arts degree graduate from a
27 public community college or university in Florida, or other
28 upper-division transfer student, admitted without meeting the

30 graduation from a state university. Students shall be exempt
31 from the provisions of this subsection if they can demonstrate

1 proficiency in American sign language equivalent to that of
2 students who have completed two credits of such instruction in
3 high school.

4 (4)~~(3)~~(a) Nonresident students may be admitted to the
5 university upon such terms as the university may establish.
6 However, such terms shall include, but shall not be limited
7 to: completion of a secondary school curriculum which
8 includes 4 years of English; 3 years each of mathematics,
9 science, and social sciences; and 2 years of a foreign
10 language.

11 (b) Within the admission standards provided for in
12 subsection (1), the Board of Regents shall develop procedures
13 for weighting courses which are necessary to meet the
14 requirements of a college-preparatory curriculum at a higher
15 value than less rigorous courses. Credits received in such
16 courses shall be given greater value in determining admission
17 by universities than cumulative grade point averages in high
18 school.

19 (5)~~(4)~~ Consideration shall be given to the past
20 actions of any person applying for admission as a student to
21 any state university, either as a new applicant, an applicant
22 for continuation of studies, or a transfer student, when such
23 actions have been found to disrupt or interfere with the
24 orderly conduct, processes, functions, or programs of any
25 other university, college, or community college.

26 (6)~~(5)~~ In any application for admission by a student
27 as a citizen of the state, the applicant, if 18 years of age,
28 or, if a minor, his or her parents or guardian shall make and

31

1 entitled, as such, to admission upon the terms and conditions
2 prescribed for citizens and residents of the state.

3 (7)~~(6)~~ Rules of the State Board of Education shall
4 require the use of scores on tests of college-level
5 communication and computation skills provided in s. 229.551 as
6 a condition for admission of students to upper-division
7 instructional programs from community colleges, including
8 those who have been awarded associate in arts degrees. Use of
9 such test scores as an admission requirement shall extend
10 equally and uniformly to students enrolled in lower divisions
11 in the State University System and to transfer students from
12 other colleges and universities. The tests shall be required
13 for community college students seeking associate in arts
14 degrees and students seeking admission to upper-division
15 instructional programs in the State University System. The
16 use of test scores prior to August 1, 1984, shall be limited
17 to student counseling and curriculum improvement.

18 (8)~~(7)~~ For the purposes of this section, American sign
19 language constitutes a foreign language. Florida high schools
20 may offer American sign language as a for-credit elective or
21 as a substitute for any already authorized foreign language
22 requirement.

23 (9)~~(8)~~ A Florida resident who is denied admission as
24 an undergraduate to a state university for failure to meet the
25 high school grade point average requirement may appeal the
26 decision to the university and request a recalculation of the
27 grade point average including in the revised calculation the
28 grades earned in up to three credits of advanced fine arts
29 courses. The university shall provide the student with a
30 description of the appeals process at the same time as
31 notification of the admissions decision. The university shall

1 recalculate the student's grade point average using the
2 additional courses and advise the student of any changes in
3 the student's admission status. For purposes of this section,
4 fine arts courses include courses in music, drama, painting,
5 sculpture, speech, debate, or a course in any art form that
6 requires manual dexterity. Advanced level fine arts courses
7 include fine arts courses identified in the course code
8 directory as Advanced Placement, pre-International
9 Baccalaureate, or International Baccalaureate, or fine arts
10 courses taken in the third or fourth year of a fine arts
11 curriculum.
