I. SUMMARY:

The bill codifies all prior special acts relating to the Baker County Development Commission in Baker County into a single act and repeals all prior special acts relating to the District's charter.

The bill declares that the District is an independent special district.

The bill modifies the membership, appointment, and terms of office for the Commission, authorizes the Commission to accept and use grants from the state, changes the audit requirements, and changes the allocation of Baker County's share of tax on racing.

No fiscal impacts are anticipated for either fiscal year 2000-01 or 2001-02 according to the Economic Impact Statement.

See Part VI, AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES section, for the effect of the amendment traveling with the bill. The amendment removes the provisions related to the annual audit which is addressed by general law.

B. PRESENT SITUATION:

The Baker County Development Commission (Commission) was created by the Legislature in 1957, Chapter 57-1129, Laws of Florida. The commission exists to encourage economic development in the county. Among the programs the Commission has assumed is the purchase of industrial parks which have been marketed to businesses as a way to increase the tax base and produce jobs for county residents.

Codification

Codification is the process of bringing up-to-date a special act. Special acts are not codified and, after the Legislature passes the initial enabling act, special acts continuously amend or alter previously enacted special acts. To ascertain the current status of any special act, it is necessary to research all amendments or changes made to the Act since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to go to one special act to determine the current charter of a district, instead of two, ten, twenty, or sometimes more special acts.

Codification of special districts' charters was authorized by the 1997 Legislature when it amended Chapter 189, Florida Statutes. The 1997 Legislature amended Chapter 189, Florida Statutes, to provide for codification of all special districts' charters either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. In addition, section 189.429, Florida Statutes, requires that no changes be made to a district's charter as it exists on October 1, 1997, in the codifying legislation and that all prior Legislative acts relating to the district be repealed.

The 1998 Legislature further amended section 189.429, Florida Statutes, by (1) extending the deadline to codify to December 1, 2004, (2) allowing for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs, (3) removing the prohibition of substantive amendments in a district's codification bill, and (4) removing the requirement that a codified charter must be submitted prior to the introduction of any act relating to the charter or prior to the scheduled deadline.

In 1998, the Environmental Protection Commission in Hillsborough County unsuccessfully attempted to codify its charter. The District is scheduled to codify in 2002. In 1999, there were two unsuccessful codifications. Mid-Bay Bridge Authority's codification bill passed the Legislature, but was vetoed by the Governor. The Authority was scheduled to codify its charter in 1999. The South Walton Fire District's codification bill died on the House calendar on April 30, 1999. The District is scheduled to codify its charter in 2004.

According to the Schedule of Submissions of Special District Charters and information relating to charters previously codified, there are 94 special districts that should have been codified during the 1999 Session, but which were not. There are 56 special districts that are scheduled for codification during the 2000 Legislative Session.

Status Statement Language

Section 189.404(5), Florida Statutes, provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform with the department's determination or declaratory statement regarding the status of the district.

C. EFFECT OF PROPOSED CHANGES:

The bill codifies all prior special acts relating to the Baker County Development Commission (Commission) into a single act and repeals all prior special acts relating to the District's charter.

The bill declares that the District is an independent special district.

The bill modifies the membership, appointment, and terms of office for the Commission. Currently, the Commission is composed of one member from each county commissioner district and two women from the county at large with differing durations for each of these seats. The bill provides that the Commission be composed of one member from each county commissioner's district and two members from the county at large. The bill requires that two members of the Commission be women and that all appointments shall be for four years except appointments to fill vacancies. The bill also provides that any member of the Commission whose term has expired can remain in office until a replacement is appointed by the Governor.

The bill allows the Commission to accept and use grants from the state.

The bill changes the audit requirements to require an annual audit only when revenues or expenditures are greater than \$50,000.

The bill changes the allocation to the Commission of Baker County's share of tax on racing under Chapter 550, Florida Statutes to \$10,000 of the first \$58,000 from \$5,000 of the first \$61,000.
