26 Section 3. Powers of the District.--In addition to the
27 powers of the District under chapter 298, Florida Statutes,
28 and other general laws, the District shall have the power to
29 construct, finance, and maintain roads for ingress and egress
30 to lands within the District, and to acquire, construct, and
31 maintain pumping stations, water control facilities, levees,

1 ponds, lakes, and other facilities for the retention of water.
2 All power and authority of the District shall extend and apply
3 to the District as a whole and to each unit of improvement as
4 from time to time created.

5 Section 4. Units of improvement; powers of supervisors
6 to designate units of District and adopt system of progressive
7 water control by units; water control plans and financing
8 assessments, etc., for each unit.--The Board of Supervisors of
9 Devil's Garden Water Control District shall have the power and
10 is hereby authorized in its discretion to drain, irrigate, and
11 reclaim or more completely and intensively to drain, irrigate,
12 and reclaim the lands in the District by designated areas or
13 parts of the District to be called "units." The units into
14 which the District may be so divided shall be given
15 appropriate numbers or names by the Board of Supervisors, so
16 that the units may be readily identified and distinguished.
17 The Board of Supervisors shall have the power to fix and
18 determine the location of, area and boundaries of, and lands
19 to be included in each and all such units, the order of
20 improvement thereof, and the method of carrying on the work in
21 each unit. The unit system of water control provided by this
22 section may be conducted and all of the proceedings by this
23 section and this act authorized in respect to such unit or
24 units may be carried on and conducted at the same time as or
25 after the work of improving of the entire District has been or
26 is being or shall be instituted or carried on under the
27 provisions of this act. If the Board of Supervisors shall
28 determine that it is advisable to conduct the work of
29 improving the lands in the District by units, as authorized by
30 this section, the Board shall, by resolution duly adopted and
31 entered upon its minutes, declare its purpose to conduct such

1 work accordingly, and shall from time to time fix the number,
2 location, and boundaries of and description of lands within
3 such unit or units and give them appropriate numbers or names.
4 As soon as practicable after the adoption and recording of
5 such resolution, the Board of Supervisors shall publish notice
6 once a week for two consecutive weeks in a newspaper published
7 in Hendry County, Florida, briefly describing the units into
8 which the District has been divided and the lands embraced in
9 each unit, giving the name, number, or other designation of
10 such units, requiring all owners of lands in the District to
11 show cause in writing before the Board of Supervisors at a
12 time and place to be stated in such notice why the division of
13 the District into such units should not be approved, and the
14 system of improvement by units should not be adopted and given
15 effect by the Board, and why the proceedings and powers
16 authorized by this section should not be had, taken, and
17 exercised. At the time and place stated in the notice, the
18 Board of Supervisors shall hear all objections or causes of
19 objection (all of which shall be in writing) of any landowner
20 in the District to the matters mentioned and referred to in
21 such notice, and if no objections are made, or if the
22 objections, if made, shall be overruled by the Board, then the
23 Board shall enter in its minutes its finding an order
24 confirming the resolution, and may thereafter proceed with the
25 improvement of the District by units pursuant to such
26 resolution and to the provisions of this act. If, however, the
27 Board of Supervisors shall find as a result of such
28 objections, or any of them, or the hearing thereon, that the
29 division of the District into such units as aforesaid should
30 not be approved, or that the system of improvement by units
31 should not be adopted and given effect, or that the

1 proceedings and powers authorized by this section should not
2 be had, taken, or exercised, or that any other matter or thing
3 embraced in the resolution would not be in the best interest
4 of the landowners of the District or would be unjust or unfair
5 to any landowner therein or otherwise inconsistent with fair
6 and equal protection and enforcement of the rights of every
7 landowner in the District, then the Board of Supervisors shall
8 not proceed further under such resolution, but the Board of
9 Supervisors may, as a result of such hearing, modify or amend
10 the resolution so as to meet such objections so made, and
11 thereupon the Board may confirm the resolution as so modified
12 or amended and may thereafter proceed accordingly. The
13 sustaining of such objections and the rescinding of such
14 resolutions shall not exhaust the power of the Board under
15 this section; but, at any time not less than 1 year after the
16 date of the hearing upon any such resolution, the Board of
17 Supervisors may adopt other resolutions under this section and
18 thereupon proceed on due notice in like manner as above. If
19 the Board of Supervisors shall overrule or refuse to sustain
20 any such objections in whole or in part made by any landowner
21 in the District, or if any such landowner shall deem himself
22 or herself aggrieved by any action of the Board of Supervisors
23 in respect to any objections so filed, such landowner may,
24 within 10 days after the ruling of the Board, file his or her
25 complaint in the court of competent jurisdiction against the
26 District, praying an injunction or other appropriate relief
27 against the action or any part of such action proposed by such
28 resolution or resolutions of the Board, and such suits shall
29 be conducted like other suits. Upon the hearing of the cause,
30 the court of competent jurisdiction shall have the power to
31 hear the objections and receive the evidence thereon of all

1 parties to such cause and approve or disapprove the
2 resolutions and action of the Board in whole or in part, and
3 to render such decree in such cause as right and justice
4 require. When the resolutions creating the unit system shall
5 be confirmed by the Board of Supervisors (or by the circuit
6 court if such proposed action shall be challenged by a
7 landowner by the judicial proceedings hereinabove authorized),
8 the Board of Supervisors may adopt a water control plan or
9 plans for and in respect to any or all such units, and to have
10 the benefits and damages resulting therefrom assessed and
11 apportioned by the District engineer and the engineer's report
12 considered and confirmed, all in like manner as is provided by
13 law in regard to water control plans for and assessments for
14 benefits and damages of the entire District. With respect to
15 the water control plan, notices, engineer's report, and notice
16 and confirmation thereof, the levy of assessments and taxes,
17 including maintenance taxes, and the issuance of bonds and all
18 other proceedings as to each and all of such units, the Board
19 shall follow and comply with the same procedure as is provided
20 by law with respect to the entire District; and the Board of
21 Supervisors shall have the same powers in respect to each and
22 all of such units as is vested in them with respect to the
23 entire District. All the provisions of this act shall apply to
24 the improvement of each, any, and all of such units, and the
25 enumeration of or reference to specific powers or duties of
26 the supervisors or any other officers or other matters in this
27 act as hereinabove set forth shall not limit or restrict the
28 application of any and all of the proceedings and powers
29 herein to the improvements of such units as fully and
30 completely as if such unit or units were specifically and
31 expressly named in every section and clause of this act where

1 the entire District is mentioned or referred to. All
2 assessments, levies, taxes, bonds, and other obligations made,
3 levied, assessed, or issued for or in respect to any such unit
4 or units shall be a lien and charge solely and only upon the
5 lands in such unit or units, respectively, for the benefit of
6 which the same shall be levied, made, or issued, and not upon
7 the remaining units or lands in the District. The Board of
8 Supervisors may at any time amend its resolutions by changing
9 the location and description of lands in any such unit or
10 units; and provided, further, that if the location of or
11 description of lands located in any such unit or units are so
12 changed, notice of such change shall be published as
13 hereinabove required in this section for notice of the
14 formation or organization of such unit or units, and all
15 proceedings shall be had and done in that regard as are
16 provided in this section for the original creation of such
17 unit or units, provided, however, that no lands against which
18 benefits shall have been assessed may be detached from any
19 such unit after the confirmation of the engineer's report of
20 benefits in such unit or units or the issuance of bonds or
21 other obligations which are payable from taxes or assessments
22 for benefits levied upon the lands within each unit or units.
23 However, if, after confirmation of the engineer's report of
24 benefits in such unit or units, or the issuance of bonds or
25 other obligations which are payable from taxes or assessments
26 for benefits levied upon lands within such unit or units, the
27 Board of Supervisors finds the water control plan for any such
28 unit or units insufficient or inadequate for efficient
29 improvement, the plan may be amended or changed as provided in
30 chapter 298, Florida Statutes, as the unit or units may be
31 amended or changed as provided in this section, by changing

1 the location and description of lands in any such unit or
2 units, by detaching lands therefrom, or by adding lands
3 thereto; and in such event, all assessments, levies, taxes,
4 bonds, and other obligations made, levied, assessed, incurred,
5 or issued for or in respect to any such unit or units may be
6 allocated and apportioned to the amended unit or units in
7 proportion to the benefits assessed by the engineer's report
8 for the amended water control plan, and the report shall
9 specifically provide for such allocation and apportionment.
10 However, a change or amendment to a designated unit is not
11 authorized if it has the effect of impairing a debt or other
12 obligation of the unit or District.

13 Section 5. Providing for District taxes.--All lands in
14 the District receiving benefits shall be subject to District
15 taxes notwithstanding any previous provisions of law or court
16 order.

17 Section 6. The governing Board of the District shall
18 be designated the "Board of Supervisors of Devil's Garden
19 Water Control District" and shall be composed of three
20 persons, who shall be resident freeholders of the State of
21 Florida.

22 Section 7. All acts and proceedings of the circuit
23 court taken by, for, and on behalf of the District since the
24 creation thereof, and all of the acts and proceedings of the
25 Board of Supervisors, the Commissioners, and all other
26 officers and agents of the District, and of the county, acting
27 for and on behalf of the District, and any and all tax levies
28 and assessments which have been made by the Board of
29 Supervisors for and on behalf of the District, are each and
30 every one of them, and each and every part thereof, hereby
31 ratified, validated, and confirmed.

1 Section 4. Chapters 87-473 and 99-436, Laws of
2 Florida, are repealed.

3 Section 5. In case any one or more of the sections or
4 provisions of this act or the application of such sections or
5 provisions to any situation, circumstances, or person shall
6 for any reason be held to be unconstitutional, such
7 unconstitutionality shall not affect any other sections or
8 provisions of this act or the application of such sections or
9 provisions to any other situation, circumstances, or person,
10 and it is intended that this act shall be construed and
11 applied as if such section or provision had not been included
12 in this act for any unconstitutional application.

13 Section 6. This act shall take effect upon becoming a
14 law.
