**I. SUMMARY:**

This bill creates a statewide corporate public body known as the Higher Educational Facilities Financing Authority. The purpose of this statewide authority is to assist not-for-profit and nonpublic postsecondary education institutions in the construction, financing, and refinancing of projects throughout the State of Florida. The authority consists of five members appointed by the Governor. The authority must appoint an executive director or may discharge the duties of the executive director under a contract with the Independent Colleges and Universities of Florida or similar entity.

This bill authorizes the Higher Educational Facilities Financing Authority to issue bonds; receive and accept loans or grants for the construction of a project that is required or useful for the instruction of students, the conducting of research, or the operation of a not-for-profit and nonpublic postsecondary education institution; mortgage such projects for the benefit of holders of revenue bonds issued to finance these projects; provide loans to any not-for-profit and nonpublic postsecondary education institution for the cost of a project, including a loan in anticipation of tuition revenues; provide loans to any not-for-profit and nonpublic postsecondary education institution in order to refund outstanding obligations provided by such an institution for the cost of a project; and charge to and equitably apportion its administrative costs and expenses among participating institutions.

This bill specifically stipulates that any bonds issued by the Higher Educational Facilities Financing Authority are not secured by the full faith and credit of the State of Florida and do not constitute an obligation of the State of Florida. Additionally, this bill stipulates that revenue bonds issued by the Higher Educational Facilities Financing Authority may not be considered a debt or liability of the authority, a municipality, the state or any of its political subdivisions. A bond's principal or interest must be paid from revenues generated from the project that was undertaken.

This bill stipulates that the Higher Educational Facilities Financing Authority or its agents are not required to pay any taxes on a project, any property acquired by the authority or its agents, or any income generated from a project. Additionally, any bonds issued; income generated from the issuance of bonds; profits generated from the sale of bonds; and all notes, mortgages, security agreements, or letters of credit intended to secure the repayment of issued bonds are exempt from any tax of the state, a local unit, a political subdivision, or other instrumentality of the state.

II. SUBSTANTIVE ANALYSIS:

A. DOES THE BILL SUPPORT THE FOLLOWING PRINCIPLES:

- |                                   |                              |  |   |
|-----------------------------------|------------------------------|--|---|
| 1. <u>Less Government</u>         | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> | N/A <input type="checkbox"/>            |
| 2. <u>Lower Taxes</u>             | Yes <input type="checkbox"/> | No <input type="checkbox"/>            | N/A <input checked="" type="checkbox"/> |
| 3. <u>Individual Freedom</u>      | Yes <input type="checkbox"/> | No <input type="checkbox"/>            | N/A <input checked="" type="checkbox"/> |
| 4. <u>Personal Responsibility</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/>            | N/A <input checked="" type="checkbox"/> |
| 5. <u>Family Empowerment</u>      | Yes <input type="checkbox"/> | No <input type="checkbox"/>            | N/A <input checked="" type="checkbox"/> |

This bill does not appear to support the principle of less government because it creates the Higher Educational Facilities Financing Authority and assigns the authority to the Department of Education for administrative purposes. The purpose of the statewide authority is to assist not-for-profit and nonpublic postsecondary education institutions in the construction, financing, and refinancing of projects throughout the State of Florida.

**SECTION 4:** Creates an unspecified section of the Florida Statutes in order to create the Higher Educational Facilities Financing Authority.

**PRESENT SITUATION-**

Section 243.21, Florida Statutes, creates a corporate public body in each county known as a county educational facilities authority. The purpose of each local authority is to assist certain not-for-profit and accredited postsecondary education institutions in the construction, financing, and refinancing of projects throughout the designated county. A county’s board of county commissioners may adopt an ordinance or resolution declaring a need for an educational facilities authority if its citizens do not have the opportunity to learn and develop their intellectual and mental capacities because there is a shortage of educational facilities or projects at certain not-for-profit and accredited postsecondary education institutions located within the county. The adopted ordinance or resolution must designate a minimum of five individuals as members of the local educational facilities authority. One of these members must be a trustee, director, officer, or employee of a not-for-profit and accredited postsecondary education institution located within the county. Additionally, the local educational facilities authority must appoint an executive director who must keep a record of the proceedings of the authority.

**EFFECT OF PROPOSED CHANGES-**

This bill creates a statewide corporate public body known as the Higher Educational Facilities Financing Authority. The purpose of this statewide authority is to assist certain not-for-profit and nonpublic postsecondary education institutions in the construction, financing, and refinancing of projects throughout the State of Florida. The Governor must appoint five individuals to serve as members of the Higher Educational Facilities Financing Authority. One of these members must be a trustee, director, officer, or employee of a not-for-profit and nonpublic postsecondary education institution. The bill does not prevent a trustee, director, officer, or employee of a not-for-profit and nonpublic postsecondary education institution; an individual with expertise in state and municipal finance; or an individual with expertise in higher education loan finance from serving as a member of the Higher Educational Facilities Financing Authority. This bill does prevent these individuals from discussing, deliberating, and voting on certain issues that may be construed as conflicts of interest.

**B. REDUCTION OF REVENUE RAISING AUTHORITY:**

While this bill stipulates that the Higher Educational Facilities Financing Authority or its agents are not required to pay any taxes on a project, any property acquired by the authority or its agents, or any income generated from a project, this bill may not reduce the authority that counties or municipalities have to raise revenues because article VII, section 3, Florida Constitution, stipulates that portions of property used predominantly for educational, literary, scientific, religious, or charitable purposes may be exempted by general law from taxation. Further review of this matter is recommended.

**VI. AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:**

On April 10, 2000, the Committee on Colleges & Universities adopted two amendments without objection. The first amendment corrects an inadvertent drafting error. The second amendment clarifies the definitions of the terms "real property" and "institution of higher education" and clarifies the entities and assets that are exempt from any taxation. The bill, as amended, was made into a committee substitute.
