3 Section 1. Chapter 29222, Laws of Florida, 1953, as
4 amended by chapters 57-1484, 59-1466, 63-1507, 65-1787, and
5 69-1209, Laws of Florida, is amended to read:

6 Section 1. The Legislature finds:

7 (a) That Lake County has within its boundaries large
8 acreage of highly developed agricultural land, including
9 thousands of acres of citrus groves and fruit and vegetable
10 producing land.

11 (b) That the problem of an adequate supply of fresh
12 water for this developed land and for the remaining thousands
13 of acres of undeveloped land in the county, as well as an
14 adequate supply of safe and healthful fresh water for human
15 and animal consumption, is of grave concern to the county and
16 its citizens and taxpayers.

17 (c) That there are many streams, lakes, and canals in
18 the county, including two chains of lakes, each having a large
19 water storage capacity.

20 (d) That the proper control by drainage, irrigation,
21 and storage of the fresh water in these streams, lakes, and
22 canals is necessary to the material development in the county
23 in which all of its citizens and taxpayers will be the
24 beneficiaries.

25 (e) That the most important source of income of the
26 people of Florida is the tourist business, and in Lake County
27 the tourist business is second in importance only to
28 agriculture. Sport fishing and recreational boating are major
29 factors in attracting tourists to Lake County and the orderly
30 development and control of the streams, lakes, and canals in
31 Lake County will materially increase the tourist business in

1 the county and will likewise afford recreational facilities
2 and opportunities to the citizens and taxpayers of the county
3 and will preserve, protect, and improve the fish and wildlife
4 of the county, all to the end of materially benefiting the
5 citizens and taxpayers of the county.

6 Section 2. ~~That~~ For the purposes of ~~(1)~~controlling
7 and conserving the freshwater ~~fresh water~~ resources of Lake
8 County; ~~(2)~~fostering and improving the tourist business in
9 the county by improvements to the streams, lakes, and canals
10 in the county; ~~(3)~~providing recreational facilities for the
11 tourists and citizens and taxpayers of the county by a more
12 efficient use of the streams, lakes, and canals in the county;
13 ~~and (4)~~preserving, protecting, and improving the fish and
14 wildlife of the county; and protecting the freshwater
15 resources of Lake County through assisting local governments
16 in treatment of stormwater runoff, there is ~~hereby~~ created and
17 incorporated a special taxing district extending territorially
18 throughout the present limits of Lake County, Florida. The
19 district shall be known and designated as "The Lake County
20 Water Authority ~~Oklawaha Basin Recreation and Water~~
