## Amendment No. $\underline{1}$ (for drafter's use only)

1	Association shall be responsible for the payment of costs
2	involved with the project and for submitting all required
3	applications required to authorize the project. Santa Rosa
4	Shores Homeowners Association and the Department of
5	Environmental Protection may contract with the University of
6	West Florida to provide the necessary monitoring services and
7	reports. The Department of Environmental Protection shall
8	assist in expediting the processing of the required state
9	dredge and fill permit, and any associated authorizations
10	required from the Board of Trustees and the United States Army
11	Corps of Engineers. The Department of Environmental
12	Protection shall assist the Santa Rosa Shores Homeowners
13	Association in developing project criteria, including but not
14	limited to: the length, width, and depth of the access
15	channel; where and how material is to be excavated and
16	disposed; the method for protecting water quality and sea
17	grass habitat; long-term maintenance of the channel as needed;
18	mitigation design; and design of the monitoring and reporting
19	program.
20	Section 2. This act shall take effect upon becoming a
21	law.
22
