Amendment No. ____

1 (37)(a) The agency shall implement a Medicaid
2 prescribed-drug spending-control program that includes the
3 following components:

4 1. Medicaid prescribed-drug coverage for brand-name
5 drugs for adult Medicaid recipients not residing in nursing
6 homes or other institutions is limited to the dispensing of
7 four brand-name drugs per month per recipient. Children and
8 institutionalized adults are exempt from this restriction.
9 Antiretroviral agents are excluded from this limitation. No
10 requirements for prior authorization or other restrictions on
11 medications used to treat mental illnesses such as
12 schizophrenia, severe depression, or bipolar disorder may be
13 imposed on Medicaid recipients. Medications that will be
14 available without restriction for persons with mental
15 illnesses include atypical antipsychotic medications,
16 conventional antipsychotic medications, selective serotonin
17 re-uptake inhibitors, and other medications used for the
18 treatment of serious mental illnesses. The agency shall also
19 limit the amount of a prescribed drug dispensed to no more
20 than a 34-day supply. The agency shall continue to provide
21 unlimited generic drugs, contraceptive drugs and items, and
22 diabetic supplies. The agency may authorize exceptions to the
23 brand-name-drug restriction, based upon the treatment needs of
24 the patients, only when such exceptions are based on prior
25 consultation provided by the agency or an agency contractor,
26 but the agency must establish procedures to ensure that:

27 a. There will be a response to a request for prior
28 consultation by telephone or other telecommunication device
29 within 24 hours after receipt of a request for prior
30 consultation; and

31 b. A 72-hour supply of the drug prescribed will be

2 response within 24 hours as required by sub-subparagraph a.

3 2. Reimbursement to pharmacies for Medicaid prescribed
4 drugs shall be set at the average wholesale price less 13.25
5 percent.

6 3. The agency shall develop and implement a process
7 for managing the drug therapies of Medicaid recipients who are
8 using significant numbers of prescribed drugs each month. The
9 management process may include, but is not limited to,
10 comprehensive, physician-directed medical-record reviews,
11 claims analyses, and case evaluations to determine the medical
12 necessity and appropriateness of a patient's treatment plan
13 and drug therapies. The agency may contract with a private
14 organization to provide drug-program-management services.

15 4. The agency may limit the size of its pharmacy
16 network based on need, competitive bidding, price
17 negotiations, credentialing, or similar criteria. The agency
18 shall give special consideration to rural areas in determining
19 the size and location of pharmacies included in the Medicaid
20 pharmacy network. A pharmacy credentialing process may include
21 criteria such as a pharmacy's full-service status, location,
22 size, patient educational programs, patient consultation,
23 disease-management services, and other characteristics. The
24 agency may impose a moratorium on Medicaid pharmacy enrollment
25 when it is determined that it has a sufficient number of
26 Medicaid-participating providers.

27 5. The agency shall develop and implement a program
28 that requires Medicaid practitioners who prescribe drugs to
29 use a counterfeit-proof prescription pad for Medicaid
30 prescriptions. The agency shall require the use of
31 standardized counterfeit-proof prescription pads by

2 the program in targeted geographic areas or statewide.
3 6. The agency may enter into arrangements that require
4 manufacturers of generic drugs prescribed to Medicaid
5 recipients to provide rebates of at least 15.1 percent of the
6 average manufacturer price for the manufacturer's generic
7 products. These arrangements shall require that if a
8 generic-drug manufacturer pays federal rebates for
9 Medicaid-reimbursed drugs at a level below 15.1 percent, the
10 manufacturer must provide a supplemental rebate to the state
11 in an amount necessary to achieve a 15.1-percent rebate level.
12 If a generic-drug manufacturer raises its price in excess of
13 the Consumer Price Index (Urban), the excess amount shall be
14 included in the supplemental rebate to the state.

15 (b) The agency shall implement this subsection to the
16 extent that funds are appropriated to administer the Medicaid
17 prescribed-drug spending-control program. The agency may
18 contract all or any part of this program to private
19 organizations.

20 (c) The agency shall submit a report to the Governor,
21 the President of the Senate, and the Speaker of the House of
22 Representatives by January 15 of each year. The report must
23 include, but need not be limited to, the progress made in
24 implementing Medicaid cost-containment measures and their
25 effect on Medicaid prescribed-drug expenditures.

26 Section 39. There is created a Medicaid Pharmaceutical
