Representative(s) Constantine offered the following:

**Amendment**

On page 114, line 4, through page 115, line 9, remove from the bill: all of said lines,

and insert in lieu thereof: Statutes, is amended, and subsection (9) is added to said section, to read:

553.71 Definitions.--As used in this part, the term:

(7) "Threshold building" means any building which is greater than three stories or 50 feet in height, or which has an assembly occupancy classification as defined in the State Minimum Building Codes which ~~that~~ exceeds 5,000 square feet in area and an occupant content of greater than 500 persons.

(9) "Special inspector" means a licensed architect or registered engineer who is certified under chapter 471 or chapter 481 to conduct inspections of threshold buildings.

Section 1. Effective July 1, 2001, subsections (5) and (7) of section 553.71, Florida Statutes, as amended by this act, are amended, and subsections (10) and (11) are added to said section, to read:

Bill No. HB 219, 1st Eng.

Amendment No. \_\_\_\_ (for drafter's use only)

1           553.71 Definitions.--As used in this part, the term:

2           (5) "Local enforcement agency" means an agency of  
3 local government, a local school board, a community college  
4 board, or a university in the State University System with  
5 jurisdiction ~~authority~~ to make inspections of buildings and to  
6 enforce the codes which establish standards for design,  
7 construction, erection, alteration, repair, modification, or  
8 demolition of public or private buildings, structures, or  
9 facilities.

10           (7) "Threshold building" means any building which is  
11 greater than three stories or 50 feet in height, or which has  
12 an assembly occupancy classification as defined in the Florida  
13 Building Code ~~State Minimum Building Codes~~ which exceeds 5,000  
14 square feet in area and an occupant content of greater than  
15 500 persons.

16           (10) "Exposure category C" means, except in the high  
17 velocity hurricane zone, that area which lies within 1500 feet  
18 of the coastal construction control line, or within 1500 feet  
19 of the mean high tide line, whichever is less. On barrier  
20 islands, exposure category C shall be applicable in the  
21 coastal building zone set forth in s. 161.55(5).

22           (11) "Prototype building" means a building constructed
