BILL #: HB 2221

RELATING TO: State agencies authority (RAB)

SPONSOR(S): Representative Gottlieb

TIED BILL(S):

ORIGINATING COMMITTEE(S)/COMMITTEE(S) OF REFERENCE:

I. SUMMARY:

The 1999 Legislature amended the Administrative Procedure Act to provide that an agency may adopt only rules implementing or interpreting "specific powers and duties" granted by statute. On October 1, 1999, each agency submitted to the Joint Administrative Procedures Committee a list of rules adopted before June 18, 1999, which exceed the new standard for rulemaking authority. The Department of Insurance submitted a report identifying 124 rules or portions of rules needing additional statutory authority. By law, the Legislature is required to consider whether specific legislation authorizing the identified rules, or portions of these rules, should be enacted.

HB 2221 codifies the substance of a number of Department of Insurance rules, and in other instances, grants specific statutory authority to adopt certain rules currently in force.

This bill is not expected to have a fiscal impact on state government.

Amendment:

On April 24, 2000, the Committee on Insurance adopted a remove-everything amendment, which is traveling with the bill. See Amendments section of the analysis.

B. PRESENT SITUATION:

Rulemaking Authority

In 1996, the Legislature significantly revised the Administrative Procedure Act (APA) to require executive branch agencies to adhere to statutory authority when adopting rules. The 1996 amendments created a new section, s. 120.536(1), F.S., requiring existing and proposed rules to "implement or interpret the specific powers and duties granted by the enabling statute."

The Legislature recognized that imposing a new statutory standard to determine the validity of rules might suddenly invalidate many rules which had previously been adopted by the agencies under the previous standard. Rather than immediately invalidate these rules, the 1996 reform legislation required each agency to examine all of its rules that had been adopted prior to the effective date of the 1996 amendments, in light of the new standard, and report to the Joint Administrative Procedures Committee (JAPC) the list of rules which exceeded the new standard.

Rules identified by the agencies were temporarily shielded from legal challenges on the grounds that they exceeded rulemaking authority under the new standard. This shield left these rules in place during the 1998 legislative session, allowing the Legislature to determine which policies established by these rules should be codified. If legislation enacted during the 1998 session provided statutory support for the rule, it remained in effect. If no such legislation was enacted, agencies were directed to initiate repeal of these rules by January 1, 1999.

In 1999, the Legislature again amended the APA standard authorizing an agency to adopt only rules that implement or interpret "specific powers and duties" granted by statute. The Legislature again recognized that revising the standard might invalidate rules which had been adopted or reviewed under a different interpretation of the 1996 standard.

The 1999 Legislature¹ provided for another round of rule review and authorization. Agencies were directed to submit to the JAPC a list of rules adopted before June 18, 1999,

¹Chapter 99-370, Laws of Florida.

which exceeded the new standards for rulemaking authority. The Legislature is required to consider in the 2000 Regular Session whether specific legislation authorizing the identified rules, or portions of these rules, should be enacted. For any rule not authorized, the agency must initiate proceedings by January 1, 2001, to repeal the rule. The JAPC or any substantially affected person may petition for repeal of an identified rule after July 1, 2001.

Rules Identified by the Department of Insurance

Under the new standards enacted by the Legislature in 1999, the Department of Insurance (DOI) identified 124 rules as lacking the requisite statutory authority. See the Section-by-Section Analysis for a discussion of these rules.

C. EFFECT OF PROPOSED CHANGES:

Specific statutory authority would be granted to the DOI for various rules or portions of rules identified by the DOI as lacking the requisite statutory authority. Other DOI rules lacking the requisite statutory authority would be codified in statute.

For a detailed discussion of the DOI rules which have been provided specific statutory authority or which have been codified in statute, see the Section-by-Section Analysis.

D. SECTION-BY-SECTION ANALYSIS:

Section 1: Amends s. 386.205, F.S.

Present Situation - The DOI has rules prohibiting smoking tobacco in any DOI buildings (Rules 4E-3.001, 4E-3.002, 4E-3.003, 4E-3.004, 4E-3.005, 4E-3.006, 4E-3.007, and 4E-3.008, F.A.C.).

Effect of Bill - Any state agency would be given the authority to adopt rules implementing the provisions of the "Florida Clean Indoor Air Act."

Section 2: Amends s. 554.115, F.S.

Present Situation - The DOI has rules setting forth the conduct which could give rise to disciplinary proceedings by the State Fire Marshall against persons who operate a boiler in a manner contrary to Chapter 554, F.S., or to DOI rules (Rule 4A-51.040, F.A.C.). This conduct includes operating a boiler at a public assembly location without a valid certificate and giving false information to DOI or an inspector.

Effect of Section - The substance of the Rule 4A-51.040 would be codified in statute.

Section 3: Amends s. 624.3161, F.S.

Present Situation - The DOI has rules relating to insurer and agent conduct in handling and settling property insurance claims (Rules 4-166.023, 4-166.026, 4-166.027, and 4-166.028, F.A.C.).

Effect of Section - Rulemaking authority would be created allowing the DOI to adopt rules to administer market conduct examinations, including rules enabling the DOI to ascertain compliance with Chapters 624, 626, 627, and 635, F.S.

Section 4: Creates s. 624.4135, F.S.

Present Situation - The DOI has rules establishing forms, procedures, and fees relating to the redomestication of foreign insurers. "Redomestication" occurs when a foreign insurer becomes a Florida domestic insurer (Rule 4.143.061, F.A.C.).

Effect of Section - Rulemaking authority would be created allowing the DOI to adopt rules establishing procedures and forms for a foreign insurer to apply for a certificate of authority as a domestic insurer.

Section 5: Amends s. 624.424, F.S.

Present Situation - The DOI has a rule requiring disability insurers to file with their annual statement a questionnaire furnished by the DOI concerning the course of training and instruction (Rule 4-154.005, F.A.C.).

Effect of Section - Insurers writing health insurance would be required to complete and file a questionnaire concerning training and instruction that is provided to the insurer's agents. Rulemaking authority would be created allowing the DOI to adopt the questionnaire form by rule.

Section 6: Amends s. 625.305, F.S.

Present Situation - The DOI has a rule setting forth limitations which apply to a life insurer when investing money received from variable annuities in common stock (Rule 4-162.011, F.A.C.).

Effect of Section - Rulemaking authority would be created giving the DOI the authority to administer s. 625.305, F.S., including rules relating to the use of money by domestic life insurers received from variable annuity contracts.

Section 7: Creates s. 625.765, F.S.

Present Situation - The DOI has rules allowing persons to be exempt from the reporting requirements of ss. 625.75 and 625.76, F.S., (which require certain directors and officers of domestic stock insurers to report their ownership interests in equity securities) (Rules 4-143.006 - 4-143.018, F.A.C.).

Effect of Section - Rulemaking authority would be provided giving the DOI the authority to grant exemptions from ss. 625.75 and 625.76, F.S., in certain specified circumstances.

Section 8: Amends s. 626.171, F.S.

Present Situation - The DOI has a rule establishing standards to determine the effect of law enforcement records on applications for licensure by agents, service representatives, adjusters, managing general agents, and reinsurance intermediaries (Rule 4-211.031, F.A.C.).

Effect of Section - Rulemaking authority would be created allowing the DOI to enact rules to administer the license application process, including requirements for photo identification, character and credit reports, and prelicensing courses. Rulemaking authority would also be granted to determine the impact of an applicant's criminal

history check and to determine other information relevant in determining an applicant's fitness and trustworthiness to engage in the business of insurance.

Section 9: Creates s. 626.2817, F.S.

Present Situation - The DOI has rules establishing procedures and standards for insurance agent pre-licensing education courses, instructors, and schools (Rules 4-211.110 - 4-211.310, F.A.C.).

Effect of Section - Rulemaking authority would be created allowing the DOI to enact rules to regulate course providers, instructors, school officials, and monitor groups involved in prelicensure education for insurance agents and other licensees.

Section 10: Amends s. 626.7353, F.S.

Section 11: Amends s. 626.748, F.S.

Present Situation - The DOI has a rule requiring insurers to maintain records of all insurance policies issued, including the name and address of the insureds, the beneficiaries, and the coverage provided (Rule 2-184.004, F.A.C.).

Effect of Section - The substance of Rule 2-184.004, F.A.C., would be codified in statute, but the recordkeeping requirements from the rule would be applied to "transacting agents" rather than insurers. See Other Comments.

Section 12: Amends s. 626.9541, F.S.

Present Situation - The DOI has several rules relating to unfair discrimination in premiums charged for private passenger motor vehicle insurance (Rules 4-175.007 (location of risk), 4-175.008 (accidents more than 3 years old), 4-175.009 (type of vehicle), 4-175.010 (years of driving experience)). The DOI also has a rule which requires certain disclosures to be made to persons buying health insurance coverage through a self-insured plan (which are not regulated by DOI) (Rule 4-230.030, F.A.C.).

Effect of Section - The substance of Rules 4-175.007-.010, F.A.C., would be codified in the unfair trade practice section of law. The failure of an agent, administrator, or insurer to make certain disclosures to persons buying insurance through a self-insured plan would be an unfair trade practice.

Section 13: Amends s. 626.9551, F.S.

Present Situation - The DOI has rules relating to the procedures and prohibitions against lenders requiring borrowers to purchase insurance from the lender's choice of insurer (Rules 4-124.002 - .026, F.A.C.). If the insurer determines the insured has been charged the incorrect premium, the insurer is required to provide notice to the insured, which must include a period of time no less than 10 days and no more than 45 days for the insured to pay additional premium or to cancel the policy and demand a refund of unearned premiums. See Rule 167.002, F.A.C.).

The DOI also has a rule specifying the form which title insurers, business trust title insurers, agents of title insurers, and agents, employees, or officials of lending institutions must use when making the disclosure. (See Rules 4-186.001 and 4-186.002, F.A.C.).

Effect of Section - The substance of Rule 4-203.029, F.A.C., would be codified in statute.

Section 37: Creates s. 636.0226, F.S.

B. REDUCTION OF REVENUE RAISING AUTHORITY:

This bill does not reduce the authority that counties or municipalities have to raise revenues in the aggregate.

C. REDUCTION OF STATE TAX SHARED WITH COUNTIES AND MUNICIPALITIES:

This bill does not reduce the percentage of a state tax shared with counties or municipalities.

V. COMMENTS:

A. CONSTITUTIONAL ISSUES:

None.

B. RULE-MAKING AUTHORITY:

This bill either establishes rulemaking authority for, or codifies in statute, existing rules of the Department of Insurance.

C. OTHER COMMENTS:

According to s. 120.536(2)(b), F.S., the Legislature is required to consider whether legislation should be enacted authorizing the rules identified by the agencies as lacking the requisite statutory authority. At least one section of the bill, however, appears to establish authority which does not currently exist in rule. Most of the language established in section

37 is not contained in Rule 4-221.100, F.A.C., the rule cited by the DOI as being authorized by this section.

Also, some of the provisions of the bill could substantively revise the intent of the rule sought to be authorized. For example, section 11 of the bill is cited by the DOI as providing authority for Rule 4-184.004, which requires a "company" (an insurer) to maintain complete records of policies issued. Section 11 adds the substance of Rule 4-184.004 to s. 626.748, F.S., relating to agent's records, but changes the language so the recordkeeping requirements apply to "transacting agents" (a term not found in the rule).

VI. AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:

On April 24, 2000, the Committee on Insurance adopted a strike-everything amendment, which is traveling with the bill:

Amendment by Wiles (everything after the enacting clause): would remove everything after the enacting clause and propose to grant statutory authority to the DOI for various rules or portions of rules. The amendment would also codify in statute other rules of the DOI which lack the requisite statutory authority. The amendment would either authorize or codify 62 rules of the DOI -- instead of the 124 rules which would have been authorized or codified in the original bill.

The amendment includes the following sections of the original bill: 1, 2, 4, 9, 10, 22, 24, 28, 29, 30, 31, 32, 34, 35, 38, and 40.

The amendment includes a modified version of the following sections of the original bill: 6, 7, 25, and 26.
