Florida House of Representatives - 2000 By Representative Lacasa

1A bill to be entitled2An act relating to environmental protection;3requiring the Department of Environmental4Protection to conduct a study relating to the5use of MTBE in the state and to report its6findings and recommendations to the7Legislature; requesting participation by the8petroleum industry in the study; providing an9effective date.1011Be It Enacted by the Legislature of the State of Florida:1213Section 1. The Department of Environmental Protection,1415161718191910101011121314151617181919101011121314151617181919101110111112131415151617171819191110111213141515151616171617<	1	
 requiring the Department of Environmental Protection to conduct a study relating to the use of MTBE in the state and to report its findings and recommendations to the Legislature; requesting participation by the petroleum industry in the study; providing an effective date. Be It Enacted by the Legislature of the State of Florida: Section 1. The Department of Environmental Protection, in consultation with representatives of the petroleum industry, shall conduct a study of the effects and consequences of use of the gasoline additive MTBE in this state, the areas of concern resulting from the use of MTBE, the alternatives to MTBE, and the effects and consequences of using an alternative to MTBE. The study must take into account the results of the federal Environmental Protection Agency's Blue Ribbon Panel study on the topic, determine the applicability of those results, and determine the actions that this state needs to undertake. The department shall submit to the Legislature by January 15, 2001, a report containing the results of its study and the department's recommended legislation, if any. The Legislature requests that the petroleum industry participate to the extent practicable with the department in the conduct of the study. Section 2. This act shall take effect upon becoming a law. 	1	A bill to be entitled
 Protection to conduct a study relating to the use of MTBE in the state and to report its findings and recommendations to the Legislature; requesting participation by the petroleum industry in the study; providing an effective date.
