17 The Legislature also finds that it is a public necessity to
18 exempt information which is only made available to the
19 department on a confidential basis. Maintaining the
20 confidentiality of such information protects the concerns of
21 the persons regarding privacy, trade secrets, physical safety,
22 or other such reason. The public benefit of maintaining the
23 confidentiality outweighs the public benefit derived from
24 release of such information, since such information would
25 otherwise not be available to the department to carry out its
26 regulatory or investigatory duties.
