I.   Summary:

This bill maintains the existing public records exemption for airport security plans.

This bill substantially amends section 331.22, of the Florida Statutes.

II.   Present Situation:

Section 331.22, F.S., was created in 1996 to afford confidentiality to the security plans of an aviation authority created by the Legislature, or of an aviation department of a county or municipality which operates an international airport. In addition to security plans, photographs, maps, blueprints, drawings, and similar materials that depict critical operating facilities of a public airport also would be exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

The section specifies the exemption is repealed effective October 2, 2001, and must be reviewed by the Legislature before that date in accordance with the Open Government Sunset Review Act.

III. Effect of Proposed Changes:

This bill maintains the existing public records exemption for airport security plans.
