Senator Campbell moved the following amendment to amendment (255388):

**Senate Amendment**

On page 9, line 2, after the word "physicians."

insert: The term "broker" does not include a person or entity that certifies, upon the request of an insurer, that it is a clinic registered under s. 456.0375 and that it is a 100-percent owner of a magnetic resonance imaging machine and is also a part-time lessee of another magnetic resonance imaging machine on a temporary basis, which does not exceed 14 days, when such lease is solely for the purposes of necessary repair or maintenance of the 100-percent owned machine; however, the leased machine cannot be used by patients who are not patients of the registered clinic. Any person or entity making a false certification under this paragraph commits insurance fraud as defined in s. 817.234.
