14           (a) Following approval by referendum as set forth in  
15 paragraph (b), or following approval by a majority vote of its  
16 board of county commissioners, a county may impose a "911" fee  
17 to be paid by the local exchange subscribers within its  
18 boundaries served by the "911" service. Proceeds from the  
19 "911" fee shall be used only for "911" expenditures as set  
20 forth in subparagraph 6. The manner of imposing and  
21 collecting said payment shall be as follows:

22           1. At the request of the county subscribing to "911"  
23 service, the telephone company shall, insofar as is  
24 practicable, bill the "911" fee to the local exchange  
25 subscribers served by the "911" service, on an individual  
26 access line basis, at a rate not to exceed 50 cents per month  
27 per line (up to a maximum of 25 access lines per account bill  
28 rendered). However, the fee may not be assessed on any pay  
29 telephone in this state. A county collecting the fee for the  
30 first time may collect the fee for no longer than 36 months  
31 without initiating the acquisition of its "911" equipment.

1           2. Fees collected by the telephone company pursuant to  
2 subparagraph 1. shall be returned to the county, less the  
3 costs of administration retained pursuant to paragraph (c).  
4 The county shall provide a minimum of 90 days' written notice  
5 to the telephone company prior to the collection of any "911"  
6 fees.

7           3. Any county that currently has an operational "911"  
8 system or that is actively pursuing the implementation of a  
9 "911" system shall establish a fund to be used exclusively for  
10 receipt and expenditure of "911" fee revenues collected  
11 pursuant to this section. All fees placed in said fund, and  
12 any interest accrued thereupon, shall be used solely for "911"  
13 costs described in subparagraph 6. The money collected and  
14 interest earned in this fund shall be appropriated for "911"  
15 purposes by the county commissioners and incorporated into the  
16 annual county budget. The county shall annually have a  
17 financial audit performed on this fund, in accordance with s.  
18 11.45. A report of the audit shall be forwarded to the office  
19 ~~department~~ within 60 days of its completion. A county may

23 than 10 percent of the "911" fee billed for the prior year.  
24 The amount of moneys carried forward each year may be  
25 accumulated in order to allow for capital improvements  
26 described in this subsection. The carryover shall be  
27 documented by resolution of the board of county commissioners  
28 expressing the purpose of the carryover or by an adopted  
29 capital improvement program identifying projected expansion or  
30 replacement expenditures for "911" equipment and service  
31 features, or both. In no event shall the "911" fee carryover

1 surplus moneys be used for any purpose other than for the  
2 "911" equipment, service features, and installation charges  
3 authorized in subparagraph 6. Nothing in this section shall  
4 prohibit a county from using other sources of revenue for  
5 improvements, replacements, or expansions of its "911" system.  
6 A county may increase its fee for purposes authorized in this  
7 section. However, in no case shall the fee exceed 50 cents per  
8 month per line. All current "911" fees shall be reported to  
9 the office ~~department~~ within 30 days of the start of each  
10 county's fiscal period. Any fee adjustment made by a county  
11 shall be reported to the office ~~department~~. A county shall  
12 give the telephone company a 90-day written notice of such fee  
13 adjustment.

14 4. The telephone company shall have no obligation to  
15 take any legal action to enforce collection of the "911" fee.  
16 The telephone company shall provide quarterly to the county a  
17 list of the names, addresses, and telephone numbers of any and  
18 all subscribers who have identified to the telephone company  
19 their refusal to pay the "911" fee.

20 5. The county subscribing to "911" service shall  
21 remain liable to the telephone company for any "911" service,  
22 equipment, operation, or maintenance charge owed by the county  
23 to the telephone company.

24  
25 As used in this paragraph, "telephone company" means an  
26 exchange telephone service provider of "911" service or  
27 equipment to any county within its certificated area.

28 6. It is the intent of the Legislature that the "911"  
29 fee authorized by this section to be imposed by counties will  
30 not necessarily provide the total funding required for  
31 establishing or providing the "911" service. For purposes of

1 this section, "911" service includes the functions of database  
2 management, call taking, location verification, and call  
3 transfer. The following costs directly attributable to the  
4 establishment and/or provision of "911" service are eligible  
5 for expenditure of moneys derived from imposition of the "911"  
6 fee authorized by this section: the acquisition,  
7 implementation, and maintenance of Public Safety Answering  
8 Point (PSAP) equipment and "911" service features, as defined  
9 in the Florida Public Service Commission's lawfully approved  
10 "911" and related tariffs and/or the acquisition,  
11 installation, and maintenance of other "911" equipment,  
12 including call answering equipment, call transfer equipment,  
13 ANI controllers, ALI controllers, ANI displays, ALI displays,  
14 station instruments, "911" telecommunications systems,  
15 teleprinters, logging recorders, instant playback recorders,  
16 telephone devices for the deaf (TDD) used in the "911" system,  
17 PSAP backup power systems, consoles, automatic call  
18 distributors, and interfaces (hardware and software) for  
19 computer-aided dispatch (CAD) systems; salary and associated  
20 expenses for "911" call takers for that portion of their time  
21 spent taking and transferring "911" calls; salary and  
22 associated expenses for a county to employ a full-time  
23 equivalent "911" coordinator position and a full-time  
24 equivalent staff assistant position per county for the portion  
25 of their time spent administrating the "911" system; training  
26 costs for PSAP call takers in the proper methods and  
27 techniques used in taking and transferring "911" calls; ~~and~~  
28 expenses required to develop and maintain all information (ALI  
29 and ANI databases and other information source repositories)  
30 necessary to properly inform call takers as to location  
31 address, type of emergency, and other information directly

1 relevant to the "911" call-taking and transferring function;  
2 and, in a county defined in s. 125.011(1), such expenses  
3 related to a nonemergency "311" system, or similar  
4 nonemergency system, which improves the overall efficiency of  
5 an existing "911" system or reduces "911" emergency response  
6 time for a 2-year pilot project that ends June 30, 2003.  
7 However, no wireless telephone service provider shall be  
8 required to participate in this pilot project or to otherwise  
9 implement a nonemergency "311" system or similar nonemergency  
10 system.The "911" fee revenues shall not be used to pay for  
11 any item not listed, including, but not limited to, any  
12 capital or operational costs for emergency responses which  
13 occur after the call transfer to the responding public safety  
14 entity and the costs for constructing buildings, leasing  
15 buildings, maintaining buildings, or renovating buildings,  
16 except for those building modifications necessary to maintain  
17 the security and environmental integrity of the PSAP and "911"  
18 equipment rooms.

19           7. It is the goal of the Legislature that enhanced  
20 "911" service be available throughout the state. Expenditure  
21 by counties of the "911" fees authorized by this section  
22 should support this goal to the greatest extent feasible  
23 within the context of local service needs and fiscal  
24 capability. Nothing in this section shall be construed to  
25 prohibit two or more counties from establishing a combined  
26 emergency "911" telephone service by interlocal agreement and  
27 utilizing the "911" fees authorized by this section for such  
28 combined "911" service.

29           (b) If a county elects to obtain approval of a "911"  
30 fee by referendum, it shall arrange to place a question on the  
31

1 ballot at the next regular or special election to be held  
2 within the county, substantially as follows:

3  
4 . . . . I am in favor of the "911" emergency telephone  
5 system fee.

6 . . . . I am against the "911" emergency telephone system  
7 fee.

8  
9 If a majority of the electors voting on the question approve  
10 the fee, it may be imposed by the county.

11 (c) Any county imposing a "911" fee in accordance with  
12 the provisions of this subsection shall allow the telephone  
13 company to retain as an administrative fee an amount equal to  
14 1 percent of the total "911" fee collected by the telephone  
15 company.

16 Section 2. Paragraph (d) of subsection (2), paragraph  
17 (e) of subsection (3), subsection (4), paragraph (a) of  
18 subsection (5), and paragraphs (c) and (d) of subsection (6)  
19 of section 365.172, Florida Statutes, are amended to read:

20 365.172 Wireless emergency telephone number "E911."--

21 (2) FINDINGS, PURPOSE, AND LEGISLATIVE INTENT.--The  
22 Legislature finds and declares that:

24 under this section are required to fund the efforts of the  
25 counties, the Wireless 911 Board under the State Technology  
26 Office ~~Department of Management Services~~, and commercial  
27 mobile radio service providers to improve the public health,  
28 safety, and welfare and serve a public purpose by providing

14 to providers, counties, and the office ~~department~~; accounting  
15 for receipts, distributions, and income derived by the funds  
16 maintained in the fund; and providing annual reports to the  
17 Governor and the Legislature for submission by the office  
18 ~~department~~ on amounts collected and expended, the purposes for  
19 which expenditures have been made, and the status of wireless  
20 E911 service in this state. In order to advise and assist the  
21 office ~~department~~ in carrying out the purposes of this

5  
6 The Legislature recognizes that the wireless E911 fee  
7 authorized under s. 365.172 will not necessarily provide the  
8 total funding required for establishing or providing the 911  
9 service. It is the intent of the Legislature that all revenue  
10 from the fee be used as specified in s. 365.171(13)(a)6.
