

By Representatives Siplin, Joyner, Weissman, Smith,  
Wilson, Cusack, Bendross-Mindingall, Peterman, Negron and  
Bennett

1                                   A bill to be entitled  
2           An act relating to a managed care patient's  
3           bill of rights; providing a short title;  
4           providing requirements and limitations for  
5           group health plans and health insurance issuers  
6           that provide health insurance coverage relating  
7           to utilization review, internal and external  
8           appeals, grievances, consumer choice options,  
9           choice of health care professionals, emergency  
10          care, specialty care, obstetrical and  
11          gynecological care, pediatric care, continuity  
12          of care, prescription drugs, access to  
13          information, interference with medical  
14          communications, discrimination against  
15          providers, payment of claims, and protection of  
16          patient advocacy; providing an effective date.

17  
18 Be It Enacted by the Legislature of the State of Florida:

19  
20           Section 1. (1) This act may be cited as the "Managed  
21 Care Patient's Bill of Rights Act."

22           (2) Each group health plan, and each health insurance  
23 issuer that provides health insurance coverage:

24           (a) Shall conduct utilization review activities in  
25 connection with the provision of benefits under such plan or  
26 coverage.

27           (b) Shall provide adequate notice in writing to the  
28 appropriate affected person of any denial of a claim for  
29 benefits and the reasons for such denial, written in a manner  
30 calculated to be understood by such person, and shall afford  
31

1 such person the opportunity to request a full and fair review  
2 of such denial.

3 (c) Shall provide for an external appeals process for  
4 any denial of a claim for benefits.

5 (d) Shall establish and maintain a system to provide  
6 for the presentation and resolution of oral and written  
7 grievances regarding any aspect of the plan's or issuer's  
8 services.

9 (e) Which offers health insurance coverage for  
10 services which are only furnished through health care  
11 professionals and providers who are members of a network of  
12 health care professionals and providers who have entered into  
13 a contract with the plan or issuer to provide such services,  
14 shall also offer or arrange to be offered the option of health  
15 insurance coverage or health benefits for such services which  
16 are not furnished through health care professionals and  
17 providers who are members of such a network.

18 (f) That requires or provides for designation of a  
19 participating primary care provider, shall permit a covered  
20 person to designate any participating primary care provider  
21 who is available to accept such individual and shall permit a  
22 covered person to receive medically necessary or appropriate  
23 specialty care from any qualified participating health care  
24 professional who is available to accept such individual for  
25 such care.

26 (g) Which provides benefits with respect to services  
27 in an emergency department of a hospital, shall cover  
28 emergency services without the need for any prior  
29 authorization, whether or not the health care provider  
30 furnishing such services is a participating provider with  
31 respect to such services, and in a manner such that, if such

1 services are provided to a covered person by a  
2 nonparticipating health care provider with or without prior  
3 authorization or by a participating health care provider  
4 without prior authorization, the covered person is not liable  
5 for amounts that exceed the amounts of liability that would be  
6 incurred if the services were provided by a participating  
7 health care provider with prior authorization and without  
8 regard to any other term or condition of such coverage.

9 (h) Shall make or provide for referral to a specialist  
10 who is available and accessible to provide for the treatment  
11 of a covered person who has a condition or disease of  
12 sufficient seriousness and complexity to require treatment by  
13 a specialist and benefits for such treatment are provided  
14 under the plan or coverage.

15 (i) Which requires or provides for a covered person to  
16 designate a participating primary care health care  
17 professional, may not require authorization or a referral by  
18 the individual's primary care health care professional or  
19 otherwise for coverage of gynecological care, including  
20 preventive women's health examinations, and pregnancy-related  
21 services provided by a participating health care professional,  
22 including a physician, who specializes in obstetrics and  
23 gynecology to the extent such care is otherwise covered and  
24 shall treat the ordering of other obstetrical or gynecological  
25 care by such a participating professional as the authorization  
26 of the primary care health care professional with respect to  
27 such care under the plan or coverage.

28 (j) Which requires or provides for a covered person to  
29 designate a participating primary care provider for such  
30 person's child, shall permit the person to designate a  
31

1 physician who specializes in pediatrics as the child's primary  
2 care provider.

3 (k) Upon termination of a contract between the group  
4 health plan, or the health insurance issuer, and a health care  
5 provider or termination of benefits or coverage provided by a  
6 health care provider because of a change in the terms of  
7 provider participation in a group health plan, and a covered  
8 person is undergoing treatment from the provider for an  
9 ongoing special condition at the time of such termination,  
10 shall notify the covered person on a timely basis of such  
11 termination and of the right to elect continuation of coverage  
12 of treatment by the provider under this section and permit the  
13 individual to elect to continue to be covered with respect to  
14 treatment by the provider of such condition during a  
15 transitional period. If a contract for the provision of health  
16 insurance coverage between a group health plan and a health  
17 insurance issuer is terminated and, as a result of such  
18 termination, coverage of services of a health care provider is  
19 terminated with respect to an individual, this paragraph shall  
20 apply under the plan in the same manner as if there had been a  
21 contract between the plan and the provider that had been  
22 terminated, but only with respect to benefits that are covered  
23 under the plan after the contract termination.

24 (l) Which provides coverage for benefits with respect  
25 to prescription drugs, and limits such coverage to drugs  
26 included in a formulary, shall ensure the participation of  
27 physicians and pharmacists in developing and reviewing such  
28 formulary, provide for disclosure of the formulary to  
29 providers, and in accordance with the applicable quality  
30 assurance and utilization review standards of the plan or  
31 issuer, provide for exceptions from the formulary limitation

1 when a non-formulary alternative is medically necessary and  
2 appropriate and, in the case of such an exception, apply the  
3 same cost-sharing requirements that would have applied in the  
4 case of a drug covered under the formulary.

5 (m) Shall provide to covered persons, upon initial  
6 enrollment or coverage and at least annually thereafter,  
7 prospective covered persons, and applicable authorities, in  
8 printed form, information relating to service area, benefits,  
9 access, out-of-area coverage, emergency coverage, percentage  
10 of premiums used for benefits, prior authorization rules,  
11 grievance and appeals procedures, quality assurance, issuer  
12 information, notice of requirements, and information available  
13 on request.

14 (n) Shall not prohibit or otherwise restrict a health  
15 care professional, under the provisions of any contract or  
16 agreement, or the operation of any contract or agreement,  
17 between a group health plan or health insurance issuer in  
18 relation to health insurance coverage, including any  
19 partnership, association, or other organization that enters  
20 into or administers such a contract or agreement, and a health  
21 care provider or group of health care providers, from advising  
22 a covered person who is a patient of the professional about  
23 the health status of such person or medical care or treatment  
24 for such person's condition or disease, regardless of whether  
25 benefits for such care or treatment are provided under the  
26 plan or coverage, if the professional is acting within the  
27 lawful scope of practice.

28 (o) Shall not discriminate with respect to  
29 participation or indemnification as to any provider who is  
30 acting within the scope of the provider's license or  
31

1 certification under the law of this state, solely on the basis  
2 of such license or certification.

3 (p) Shall provide for prompt payment of claims  
4 submitted for health care services or supplies furnished to a  
5 covered person with respect to benefits covered by the plan or  
6 issuer.

7 (q)1. May not retaliate against a covered person or  
8 health care provider based on the covered person's or  
9 provider's use of, or participation in, a utilization review  
10 process or a grievance process of the plan or issuer.

11 2. May not retaliate or discriminate against a  
12 protected health care professional because the professional in  
13 good faith discloses information relating to the care,  
14 services, or conditions affecting one or more covered persons  
15 of the plan or issuer to an appropriate public regulatory  
16 agency, an appropriate private accreditation body, or  
17 appropriate management personnel of the plan or issuer or  
18 initiates, cooperates, or otherwise participates in an  
19 investigation or proceeding by such an agency with respect to  
20 such care, services, or conditions.

21 Section 2. This act shall take effect October 1, 2001.

22 \*\*\*\*\*

23 HOUSE SUMMARY

24  
25  
26 Creates the "Managed Care Patient's Bill of Rights Act"  
27 to provide requirements and limitations for group health  
28 plans and health insurance issuers that provide health  
29 insurance coverage relating to utilization review,  
30 internal and external appeals, grievances, consumer  
31 choice options, choice of health care professionals,  
emergency care, specialty care, obstetrical and  
gynecological care, pediatric care, continuity of care,  
prescription drugs, access to information, interference  
with medical communications, discrimination against  
providers, payment of claims, and protection of patient  
advocacy.
