 - (5)
-

I. SUMMARY:

HB 1221 makes several changes to Chapter 373, Florida Statutes (F.S.), relating to the financial and administrative authority of the water management districts (WMDs). The bill would allow the WMDs:

- o To solicit grants, donations, or services that they are currently authorized to accept;
- o To establish the duration of "works of the district" permits;
- o To lease existing communications towers or similar structures they own or may acquire;
- o To obtain and enforce patents, copyrights, and trademarks on their work products;
- o To suspend contractors from doing business with the district if the contractor materially breaches a contract with the district; and
- o To contractually limit the liability of a vendor.

HB 1221 provides that the act shall take effect upon becoming a law.

On March 26, 2001, the Committee on Natural Resources and Environmental Protection adopted an amendment removing the provision that would allow the WMDs to establish the duration of "works of the district" permits.

On April 4, 2001, the General Government Appropriations Committee adopted an amendment regarding suspension of contractors for breach of contract.

II. SUBSTANTIVE ANALYSIS:

A. DOES THE BILL SUPPORT THE FOLLOWING PRINCIPLES:

- | | | | |
|-----------------------------------|------------------------------|-----------------------------|---|
| 1. <u>Less Government</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/> | N/A <input checked="" type="checkbox"/> |
| 2. <u>Lower Taxes</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/> | N/A <input checked="" type="checkbox"/> |
| 3. <u>Individual Freedom</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/> | N/A <input checked="" type="checkbox"/> |
| 4. <u>Personal Responsibility</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/> | N/A <input checked="" type="checkbox"/> |
| 5. <u>Family Empowerment</u> | Yes <input type="checkbox"/> | No <input type="checkbox"/> | N/A <input checked="" type="checkbox"/> |

For any principle that received a "no" above, please explain:

B. PRESENT SITUATION:

Section 373.083, F.S., authorizes the governing boards of the water management districts (WMDs) to accept donations, grants of funds, or services from both public and private sources.

The governing boards of the WMDs are authorized by s. 373.086, F.S., to adopt projects and works, including, but not limited to, structures, impoundments, wells, streams, and other watercourses, together with appurtenant facilities and accompanying lands as "works of the district" (WODs). For example, the extensive works and lands constituting the Central and Southern Florida Project have been adopted by the South Florida WMD as WODs. Works of the district do not necessarily include facilities or structures; the governing board of the Suwannee River WMD has adopted the floodways and floodplains of the Suwannee, Santa Fe, Alapaha, Aucilla, and Withlacoochee Rivers as WODs. Section 373.085, F.S., authorizes the governing boards of the WMDs to regulate activities on or adjacent to, or that affect, WODs.

The governing boards of the WMDs, pursuant to s. 373.093, F.S., may lease any lands or interest in land to which the district has acquired title or may acquire title, as long as the lease is consistent with the purpose for which the lands or interest was acquired.

Water management districts may, in the course of performing their water management responsibilities, produce unique work products, such as software or scientific instrumentation. Unlike the state's universities, the WMDs are not authorized to obtain patents, copyrights, or trademarks on their work products.

Under s. 287.042(1)(b), F.S., the Department of Management Services may remove from its vendor list any source of supply which fails to fulfill any of its duties specified in a contract with the state. Section 672.719, F.S., provides that damages resulting from a breach of contract may be limited or altered by agreement of the parties involved.

C. EFFECT OF PROPOSED CHANGES:

HB 1221 would authorize the governing boards of the WMDs to solicit donations, grants of funds, or services from both public and private sources, that they are authorized to accept under existing law (s. 373.083, F.S.). It would also authorize the governing boards to establish the duration of works of the district permits. The bill would authorize the governing boards to not only lease lands or

interest in lands, but to also lease existing communications towers or similar structures it owns or may acquire. HB 1221 would allow the WMDs to obtain and enforce patents, copyrights, and trademarks on district work products. Finally, the bill would allow the WMDs to suspend a contractor from doing business with the district if the contractor materially breaches its contract with the district, and to contractually limit a vendor's liability.

HB 1221 provides that the act shall take effect upon becoming law.
