I. SUMMARY:

The bill codifies all prior special acts relating to the Manatee County Mosquito Control District of Manatee County into a single act and repeals all prior special acts relating to the District's charter.

The bill conforms specific charter provisions to the provisions in Chapter 388, Florida Statutes, and removes obsolete language, which was preempted by applicable general law chapters and inserts applicable chapter law language.

The bill repeals appropriate special acts and retains general law authority for the District to levy and assess ad valorem taxation.

On April 19, 2001, the Committee on Local Government & Veterans Affairs considered HB 1849, adopted 1 amendment, and passed the bill. The amendment, which is traveling with the bill, is explained in this bill analysis. (See section V. "AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:")

B. PRESENT SITUATION:

The Anti-Mosquito District in Manatee County, Florida, was created in 1947, by Chapter 24677 (1947), Laws of Florida, to abate and suppress mosquitoes of any kind, whether disease bearing or merely pestiferous, within the County, is advisable and necessary for the maintenance and betterment of the comfort, health, welfare and prosperity of the people, and for public service. The mission of the Anti-Mosquito District is as follows: all depressions, lagoons, marshes, ponds or lakes wherein mosquitoes incubate or hatch are hereby declared to be public nuisances, as harmful or inimical to the comfort, health, welfare and prosperity of the inhabitants and may be abated as hereinafter provided. Chapter 67-1673, L.O.F., changed the District’s name to the Manatee County Mosquito Control District (District). The District is hereby authorized to do any and all things necessary for the control and elimination of all species of mosquitoes, and the Board is specifically authorized to provide for the construction and maintenance of canals, ditches, drains, dikes, fills and other necessary works and to install and maintain pumps, excavators and other machinery and equipment, to use certain chemicals approved by the state that may be necessary to control mosquito breeding and not be detrimental to fish life. Currently, no aggregate tax millage is levied against the taxable real and personal property in the District in excess of one-quarter (1/4) mill on the dollar of assessed value.

Section 388.0101, Florida Statutes, provides the following legislative intent for Mosquito Control Districts:

It is declared to be the public policy of this state to achieve and maintain such levels of arthropod control as will protect human health and safety and foster the quality of life of the people, promote the economic development of the state, and facilitate the enjoyment of its natural attractions by reducing the number of pestiferous and disease-carrying arthropods. It is further declared to be the policy of the state to conduct arthropod control in a manner consistent with protection of the environmental and ecological integrity of all lands and waters throughout the state.

CODIFICATION

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district’s charter provisions. To ascertain the current status of a special district’s charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district

charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was authorized by the 1997 Legislature when it amended Chapter 189, Florida Statutes, to provide for codification of all special district charters either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. Section 189.429, Florida Statutes (1997), also required that no changes be made to a district's charter, as it existed on October 1, 1997. However, the 1998 Legislature amended s. 189.429, Florida Statutes, to: (1) extend the codification deadline to December 1, 2004; (2) allow for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs; (3) remove the prohibition of substantive amendments in a district's codification bill; and (4) remove the requirement that a codified charter must be submitted prior to the introduction of any act relating to the charter or prior to the scheduled deadline. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district.

SCHEDULE OF SUBMITTALS OF SPECIAL DISTRICTS' CHARTERS

Special Districts with less than 2 special acts	1999 Legislative Session
Special Districts with 3 - 4 special acts	2000 Legislative Session
Special Districts with 5 - 7 special acts	2001 Legislative Session
Special Districts with 8 - 12 special acts	2002 Legislative Session
Special Districts with more than 12 special acts	2003 Legislative Session
Special Fire Control Districts	2004 Legislative Session

Since the enactment of ss. 189.429 and 191.015, Florida Statutes, 89 special districts have codified their charters. A list of those special districts that have codified pursuant to ss. 189.429 and 191.015, Florida Statutes, is available at the office of the Committee on Local Government and Veterans Affairs, Florida House of Representatives.

STATUS STATEMENT LANGUAGE

Section 189.404(5), Florida Statutes, provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform to the department's determination or declaratory statement regarding the status of the district.

C. EFFECT OF PROPOSED CHANGES:
