JUVENILE JUSTICE
ANALYSIS**

BILL #: CS/HB 267
RELATING TO: School attendance by violent offenders
SPONSOR(S): Committee on Juvenile Justice and Representative(s) Kravitz, Davis, and others

TIED BILL(S):

ORIGINATING COMMITTEE(S)/COUNCIL(S)/COMMITTEE(S) OF REFERENCE:

- (1) GENERAL EDUCATION YEAS 10 NAYS 0
- (2) JUVENILE JUSTICE YEAS 8 NAYS 0
- (3) COUNCIL FOR LIFELONG LEARNING
- (4)
- (5)

I. SUMMARY:

CS/HB 267 creates s. 232.265, F.S., which prohibits certain students from attending the same school or riding on a school bus with the victim or sibling of the victim of an enumerated felony offense for which the offending student has plead "guilty" or nolo contendere, or for which the offending student has been adjudicated guilty or delinquent, or was found to have committed, regardless of whether adjudication was withheld. The bill requires the Department of Juvenile Justice (DJJ) to provide notice to the appropriate school district of the adjudication or plea, and the operation of this bill.

The bill requires the school district in which the offending student resides to allow the offending student to attend another school in the district, so long as the victim or victim's sibling does not attend such school. If the offender is unable to attend any other school in the residing district and is prohibited from attending school in another school district, the residing district must take reasonable precautions to separate the offender from the victim while on school grounds or school transportation. The offending student's parents or legal guardians are responsible for arranging and paying for transportation associated with or required by the offender's attending another school.

The bill directs school principals to make full and effective use of newly-created s. 232.265, F.S., as well as the provisions of current s. 232.26(2), F.S., which relates to suspensions and expulsions. A principal who doesn't comply with these provisions is ineligible for the performance pay increases provided in s. 230.23(5)(c), F.S.

CS/HB 267 expands s. 230.235, F.S., to require each school district to adopt a policy of zero tolerance for victimization of students, in addition to the current zero tolerance policy for crime and substance abuse. The policy must include taking steps necessary to protect a victim of violent crime from any further victimization. Each school district must work cooperatively with DJJ to ensure that all "no contact" orders entered by the court are reported and enforced, and that all steps necessary are taken to protect the victim of any such crime.

The bill also amends s. 960.001, F.S., relating to fair treatment of victims and witnesses. When the victim of an offense committed by a juvenile is a minor, the bill requires the agency that may have jurisdiction over the juvenile offender to request information regarding whether the offender and the victim or sibling of the victim attend the same school. The agency must notify the victim's parent or legal guardian of the right to attend the sentencing or disposition of the offender, and request that the offender be required to attend another school.

The bill requires the court to address the appropriateness of a "no contact" order in favor of the victim at delinquency proceedings involving the offending student.

The bill appears to have minimal fiscal impact and provides an effective date of July 1, 2001.

Less Government

The bill requires DJJ, the courts, and schools to take specified actions in certain circumstances where a student has committed a felony offense against another student of the sibling of another student.

B. PRESENT SITUATION:

Laws affecting Florida schools

Florida law does not currently address school assignment or school bus transportation of students who have been charged with a criminal offense against other students or their siblings.

Section 230.235, F.S., expresses the state's "Policy of Zero-Tolerance for Crime." The section requires each school district to adopt zero-tolerance policies for crime and substance abuse.¹ F.A.C. Rule 6A-1.0404, "Zero Tolerance for School Related Violent Crimes", requires each school district to invoke the most severe consequences provided for in the applicable Code of Student Conduct² in dealing with students who engage in the following violent criminal acts on **school** property, on **school-sponsored** transportation, or at **school-sponsored** activities:

- Homicide
- Sexual battery
- Armed robbery
- Aggravated battery
- Battery or aggravated battery on school personnel
- Kidnapping or abduction
- Arson
- Possession, use, or sale of any firearm; or
- Possession, use, or sale of any explosive device.

Typically, the most severe consequence is expulsion. Section 232.26(1)(c), F.S., provides school principals with authority to recommend to the superintendent that any student who has committed a serious breach of conduct be expelled. A "serious breach of conduct" may include, but is not limited

¹ s. 230.235(1), F.S.

² s. 230.23(6)(d), F.S.

to, willful disobedience, open defiance of authority of a member of the school staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school.³ Recommendations for expulsion must include a detailed report by the principal or the principal's designee outlining alternative measures taken prior to recommendation of expulsion.⁴

Section 232.26(2), F.S., provides that suspension proceedings may be initiated against any pupil enrolled as a student who is formally charged with a felony for an incident which allegedly occurred **on property other than public school property**, if the incident is shown in an administrative hearing to have an adverse impact on the educational program, discipline, or welfare of the school in which the offending pupil is enrolled. Any pupil who is suspended as the result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time as determined by the superintendent.⁵ Unlike other suspensions, suspension pursuant to s. 232.26(2), F.S., may exceed 10 days.⁶ The school board has authority to expel students found to have committed a felony offense.⁷ However, the expulsion must not affect the delivery of educational services to such student.⁸ If appropriate, the offending student is to be enrolled in a residential, nonresidential, alternative, daytime, or evening program outside of the regular school setting.⁹

News accounts

The Florida Times-Union reports that 6,213 children in Florida were sexually assaulted by other children from July 1998 to June 1999.¹⁰ The newspaper also reports that during the 1998-99 school year, 159 rapes and 2,830 incidents of sexual harassment were reported to schools across the state.¹¹

The Florida Times-Union recently reported the story of a Clay County teen who rides the school bus each day with her rapist.¹² The newspaper also reported the story of a student who was home-schooled for a year following her attack by another child, and then later returned to the public school system where she discovered her attacker was attending the same school.¹³ The Clay County superintendent reportedly claimed that nothing could be done due to the criminal resolution of the case and the absence of a restraining order.¹⁴

C. EFFECT OF PROPOSED CHANGES:

The bill creates s. 232.265, F.S., which prohibits certain students from attending the same school or riding on a school bus with the victim or sibling of the victim of an enumerated felony offense for which the offending student has plead "guilty" or nolo contendere, or for which the offending student has been adjudicated guilty or delinquent, or was found to have committed, regardless of whether adjudication was withheld. The offenses enumerated in the bill relate to felony violations of:

- Section 812.131, relating to robbery by sudden snatching;

- Section 812.135, relating to home-invasion robbery.

The bill requires DJJ to provide notice to the appropriate school district of the adjudication or plea involving an enumerated offense, as well as the operation of the bill.

The bill provides that the school district in which the offending student resides must allow the offending student to attend another school in the district, so long as the victim or victim's sibling does not attend such school. If the offender is unable to attend any other school in the residing district and is prohibited from attending school in another school district, the school district must take every reasonable precaution to keep the offender separated from the victim while on school grounds or on school transportation. The parents or legal guardians of the offending student are responsible for arranging and paying for transportation associated with or required by the offender's attending another school.

In connection with the newly-created s. 232.265, F.S., CS/HB 267 also expands s. 230.235, F.S., to require each school district to adopt a policy of zero tolerance for victimization of students, in addition to the current zero tolerance policy for crime and substance abuse. The policy must include taking all steps necessary to protect the victim of any violent crime from any further victimization. Each school district must work cooperatively with DJJ to ensure that all "no contact" orders entered by the court are reported and enforced, and that all steps necessary are taken to protect the victim of any such crime.

In addition, the bill amends s. 960.001, F.S., which addresses guidelines for fair treatment of victims and witnesses. The bill provides that when the victim of an offense committed by a juvenile is a minor, DJJ is to request information regarding whether the offender and the victim or sibling of the victim attend the same school. If the offender is under the criminal court jurisdiction, the Department of Corrections is to request the information. After this information has been obtained, the appropriate agency is to notify the victim's parent or legal guardian of the right to attend the sentencing or disposition of the offender, and request that the offender be required to attend another school.

The bill also amends s. 985.23(1)(d), F.S., which relates to disposition hearings in juvenile delinquency cases. The bill requires the court make a finding related to the appropriateness of entering a "no contact" order in favor of the victim at delinquency proceedings involving the offending student. The bill amends s. 985.228, F.S. (relating to adjudicatory hearings, withheld adjudications, and orders of adjudication) and s. 985.231, F.S. (relating to powers of disposition in delinquency cases) for purposes of incorporating the amendment to s. 985.23(1)(d), F.S.

To ensure that the local school districts comply with the intent and provisions of the bill, CS/HB 267 directs school principals to make full and effective use of the provisions of current s. 232.26(2), F.S., relating to suspensions and expulsions, and newly-created s. 232.265, F.S., which prohibits

offenders from attending the same school or riding the same school bus as their victims in certain circumstances. A principal who doesn't comply with these provisions is ineligible for the performance pay increases provided in s. 230.23(5)(c), F.S.

The bill appears to have minimal fiscal impact and provides an effective date of July 1, 2001.

D. FISCAL COMMENTS:

Department of Juvenile Justice

DJJ estimates that the agency's costs associated with notifying schools, victims, and their families will be minimal. The Juvenile Justice Information System is able to process victim information and can generate the notices at a cost of approximately 36 cents per notice (postage, plus envelope and paper supplies.) During FY 99-00, 37,249 youth were either placed on probation or were committed and eligible for subsequent conditional release placement. Based on this data, DJJ estimates a recurring fiscal impact for notification of approximately \$13,410 (37,249 youth X .36 = \$13,410). These costs may be offset by workload savings if the bill results in reduced future victimization.

DJJ anticipates that indirect effects of the bill will have an indeterminate impact on workload for juvenile probation officers and DJJ's recently-created victims coordinators. Victims' coordinators will assume responsibility for modifying victim restitution forms to collect information on the victim's school, the victim's siblings and their schools, and the victim's preference for a no contact order and separate school situation. Juvenile probation officers will be responsible for including this information in their predisposition report to the judge, and for coordinating with the school district to facilitate separate school placements and transportation arrangements.

Department of Education

The bill could have a negative, but indeterminate, impact on recidivism rates if offenders fail to attend or drop out of their new school setting. The Department of Education reports that 60 percent of middle school students who transfer to new schools fail to continue attendance.

On March 27, 2001, the House Committee on Juvenile Justice adopted a substitute "strike-everything" amendment to the General Education amendment that was traveling with the bill, and reported the bill favorably as a committee substitute. The original bill, as filed, dealt mainly with the issue of offenders and their victims and siblings of victims attending the same school and riding the same school bus. Please see "Effects of Proposed Changes" for all other issues addressed in the committee substitute.
