1 apply for certification under this act or proposes to site the  
2 facility within any area comprising at least 20 square miles  
3 with an average population density of at least 3,000 persons  
4 per square mile. An associated transmission line may include,  
5 at the applicant's option, any proposed terminal or  
6 intermediate substations or substation expansions connected to  
7 the associated transmission line.

8 Section 2. Subsection (1) of section 403.506, Florida  
9 Statutes, is amended to read:

10 403.506 Applicability and certification.--

11 (1) The provisions of this act shall apply to any  
12 electrical power plant as defined herein, except that the  
13 provisions of this act shall not apply to any electrical power  
14 plant or steam generating plant of less than 75 megawatts in  
15 capacity or to any substation to be constructed as part of an  
16 associated transmission line unless the applicant has elected  
17 to apply for certification of such plant or substation under  
18 this act or proposes to site such plant within any area  
19 comprising at least 20 square miles with an average population  
20 density of at least 3,000 persons per square mile. No  
21 construction of any new electrical power plant or expansion in  
22 steam generating capacity of any existing electrical power  
23 plant may be undertaken after October 1, 1973, without first  
24 obtaining certification in the manner as herein provided,  
25 except that this act shall not apply to any such electrical  
26 power plant which is presently operating or under construction  
27 or which has, upon the effective date of chapter 73-33, Laws  
28 of Florida, applied for a permit or certification under  
29 requirements in force prior to the effective date of such act.
