I. SUMMARY:

The law requires that any state building, road, bridge, park, recreational complex, or other similar facility that is to be named after a person must be named after a person who is deceased. If such designation occurs, the Department of Transportation is responsible for placing markers as deemed appropriate for the particular facility.

Mr. Enrique Valledor died on August 26, 1975. Background information on Enrique Valledor is found in the "Other Comments" section of this analysis.

HB 469 designates the portion of 22nd Street from 16th Avenue to 14th Avenue in the city of Miami in Miami-Dade County as "Enrique Valledor Way."

This bill does not appear to have a fiscal impact on local government, and an insignificant impact on state government.
