B. PRESENT SITUATION:

Background

In 1939, the Legislature adopted HB 041, ch. 19969 (1939), Laws of Florida, authorizing the Board of County Commissioners of Martin County to provide medication and hospitalization for indigent citizens of the county. The bill provided for the levy and collection of a tax not to exceed four (4) mills on the dollar per annum on the assessed valuation on all taxable real and personal property and to provide for a county budget item to be known as the "Medication and Hospitalization Fund."

In 1965, the Legislature adopted HB 2001, ch. 65-1906, Laws of Florida, authorizing the Martin County Board of County Commissioners to levy a tax of not less than one fourth (1/4) nor more than two (2) mills to pay for hospitalization of indigent residents. The bill required excess funds over the sum of fifty thousand dollars (\$50,000) remaining in the fund at the end of the budget year to be paid into the general fund. The bill created a hospitalization review board to advise commissioners regarding payments of hospitalization. The bill repealed ch. 19969 (1939), Laws of Florida.

In 1967, the Legislature adopted HB 3189, ch 67-1712, Laws of Florida, amending s. 2 of ch. 65-1906, Laws of Florida, requiring any excess of funds in the fund at the end of the budget year to be paid into the general fund.

In 1978, the Legislature adopted HB 1349, ch. 78-558, Laws of Florida, amending s. 2 of ch. 65-1906, as amended, expanding payments from the fund to include administrative costs and costs of doctors' services incidental to and included in the cost of hospital care.

Moneys raised for the County Hospitalization Fund is used to pay for the following:

- Inpatient services;
- In-county hospitalization of medically indigent Martin County residents;
- Physicians' services associated with inpatient hospitalizations; and
- Administrative costs associated with the program.

The amount generated from the current millage rate of ¼mill in county fiscal year 1999-2000 was \$2,301,321.

Small County Indigent Care Surtax

Section 211.055(6), F.S., relating to discretionary sales taxes, authorizes counties with a total population of 50,000 or less on April 1, 1992, to levy the Small County Indigent Care Surtax at a rate of 0.5 percent. To authorize the levy, an ordinance must be approved by an extraordinary vote of the county's governing body. Proceeds may only be expended on health services for indigent or medically poor county residents. This surtax is subject to a rate limitation which states that a county shall not levy the following discretionary sales surtaxes - Local Government Infrastructure Surtax, Small County Surtax, Indigent Care Surtax, County Public Hospital Surtax, and Small County Indigent Care Surtax - in excess of a combined rate of 1 percent.

Thirteen of thirty-one small counties currently levy the Local Government Infrastructure Surtax at 1 percent and 16 counties currently levy the Small County Surtax at 1 percent; therefore, only 2 counties (Franklin, Gulf) remain eligible to levy the Small County Indigent Care Surtax. Martin County is not eligible to levy this surtax. [http://sun6.dms.state.fl.us/dor/taxes/sc_indigent.html]
