Senator Wasserman Schultz moved the following amendment:

Senate Amendment (with title amendment)

On page 26, line 31,

insert:

Section 20. (1) The Institute of Food and
Agricultural Sciences of the University of Florida shall
conduct a study, in conjunction with the Department of Health,
the University of South Florida Environmental and Occupational
Health Department, and wood product trade industry groups,
concerning the human health risks, if any, associated with the
use of wood products containing chromated copper arzenate
(CCA) in public playground equipment purchased with public
funds. Such study shall only examine wood products used in
public playground equipment, including soils adjacent to such
public playground equipment.

(2) For purposes of this section, "playground
equipment" shall mean swings, slides, climbing equipment,
merry-go-rounds, seesaws, spring rockers, trampolines, and
other similar equipment, intended for use primarily by
