Senate Amendment

On page 2, lines 11-19, delete those lines

and insert: public necessity because information identifying or describing the name, location, pharmaceutical cache, contents, capacity, equipment, physical features, or capabilities of individual medical facilities, storage facilities, or laboratories established, maintained, or regulated by the Department of Health as part of the state's plan to defend its residents against future acts of terrorism is information that could be used by terrorists in planning acts of terrorism. If terrorists were able to discover the name, location, pharmaceutical cache, contents, capacity, equipment, physical features, or capabilities of individual medical facilities, storage facilities, or laboratories used to defend the state and its residents and visitors against an act of terrorism, they could use this information to craft a
