163.3174 Local planning agency.--

(1) The governing body of each local government, individually or in combination as provided in s. 163.3171, shall designate and by ordinance establish a "local planning agency," unless the agency is otherwise established by law. Notwithstanding any special act to the contrary, all local planning agencies or equivalent agencies that first review rezoning and comprehensive plan amendments in each municipality and county shall include a representative of the school district appointed by the school board as a nonvoting member of the local planning agency or equivalent agency to attend those meetings at which the agency considers comprehensive plan amendments and rezonings that would, if

1 approved, increase residential density on the property that is  
2 the subject of the application. However, this subsection does  
3 not prevent the governing body of the local government from  
4 granting voting status to the school board member.The  
5 governing body may designate itself as the local planning  
6 agency pursuant to this subsection with the addition of a  
7 nonvoting school board representative. The governing body  
8 shall notify the state land planning agency of the  
9 establishment of its local planning agency. All local planning  
10 agencies shall provide opportunities for involvement by  
11 ~~district school boards and~~ applicable community college  
12 boards, which may be accomplished by formal representation,  
13 membership on technical advisory committees, or other  
14 appropriate means. The local planning agency shall prepare the  
15 comprehensive plan or plan amendment after hearings to be held  
16 after public notice and shall make recommendations to the  
17 governing body regarding the adoption or amendment of the  
18 plan. The agency may be a local planning commission, the  
19 planning department of the local government, or other  
20 instrumentality, including a countywide planning entity  
21 established by special act or a council of local government  
22 officials created pursuant to s. 163.02, provided the  
23 composition of the council is fairly representative of all the  
24 governing bodies in the county or planning area; however:  
25 (a) If a joint planning entity is in existence on the  
26 effective date of this act which authorizes the governing  
27 bodies to adopt and enforce a land use plan effective  
28 throughout the joint planning area, that entity shall be the  
29 agency for those local governments until such time as the  
30 authority of the joint planning entity is modified by law.  
31 (b) In the case of chartered counties, the planning

1 responsibility between the county and the several  
2 municipalities therein shall be as stipulated in the charter.

3 Section 2. Subsection (4) and paragraphs (a), (c),  
4 (d), and (h) of subsection (6) of section 163.3177, Florida  
5 Statutes, are amended to read:

6 163.3177 Required and optional elements of  
7 comprehensive plan; studies and surveys.--

8 (4)(a) Coordination of the local comprehensive plan  
9 with the comprehensive plans of adjacent municipalities, the  
10 county, adjacent counties, or the region; with the appropriate  
11 water management district's regional water supply plans  
12 approved pursuant to s. 373.0361;with adopted rules  
13 pertaining to designated areas of critical state concern; and  
14 with the state comprehensive plan shall be a major objective  
15 of the local comprehensive planning process. To that end, in  
16 the preparation of a comprehensive plan or element thereof,  
17 and in the comprehensive plan or element as adopted, the  
18 governing body shall include a specific policy statement  
19 indicating the relationship of the proposed development of the  
20 area to the comprehensive plans of adjacent municipalities,  
21 the county, adjacent counties, or the region and to the state  
22 comprehensive plan, as the case may require and as such  
23 adopted plans or plans in preparation may exist.

24 (b) When all or a portion of the land in a local  
25 government jurisdiction is or becomes part of a designated  
26 area of critical state concern, the local government shall  
27 clearly identify those portions of the local comprehensive  
28 plan that shall be applicable to the critical area and shall  
29 indicate the relationship of the proposed development of the  
30 area to the rules for the area of critical state concern.

31 (6) In addition to the requirements of subsections

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 (1)-(5), the comprehensive plan shall include the following  
2 elements:

3 (a) A future land use plan element designating  
4 proposed future general distribution, location, and extent of  
5 the uses of land for residential uses, commercial uses,  
6 industry, agriculture, recreation, conservation, education,  
7 public buildings and grounds, other public facilities, and  
8 other categories of the public and private uses of land. Each  
9 ~~The~~ future land use category must be defined in terms of uses  
10 included and must ~~plan shall~~ include standards to be followed  
11 in the control and distribution of population densities and  
12 building and structure intensities. The proposed  
13 distribution, location, and extent of the various categories  
14 of land use shall be shown on a land use map or map series  
15 which shall be supplemented by goals, policies, and measurable  
16 objectives. ~~Each land use category shall be defined in terms~~  
17 ~~of the types of uses included and specific standards for the~~  
18 ~~density or intensity of use.~~The future land use plan shall be  
19 based upon surveys, studies, and data regarding the area,  
20 including the amount of land required to accommodate  
21 anticipated growth; the projected population of the area; the  
22 character of undeveloped land; the availability of public  
23 services; the need for redevelopment, including the renewal of  
24 blighted areas and the elimination of nonconforming uses which  
25 are inconsistent with the character of the community; and, in  
26 rural communities, the need for job creation, capital  
27 investment, and economic development that will strengthen and  
28 diversify the community's economy. The future land use plan  
29 may designate areas for future planned development use  
30 involving combinations of types of uses for which special  
31 regulations may be necessary to ensure development in accord

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 with the principles and standards of the comprehensive plan  
2 and this act. In addition, for rural communities, the amount  
3 of land designated for future planned industrial use shall be  
4 based upon surveys and studies that reflect the need for job  
5 creation, capital investment, and the necessity to strengthen  
6 and diversify the local economies, and shall not be limited  
7 solely by the projected population of the rural community. The  
8 future land use plan of a county may also designate areas for  
9 possible future municipal incorporation. The land use maps or  
10 map series shall generally identify and depict historic  
11 district boundaries and shall designate historically  
12 significant properties meriting protection. The future land  
13 use element must clearly identify the land use categories in  
14 which public schools are an allowable use. When delineating  
15 the land use categories in which public schools are an  
16 allowable use, a local government shall include in the  
17 categories sufficient land proximate to residential  
18 development to meet the projected needs for schools in  
19 coordination with public school boards and may establish  
20 differing criteria for schools of different type or size.  
21 Each local government shall include lands contiguous to  
22 existing school sites, to the maximum extent possible, within  
23 the land use categories in which public schools are an  
24 allowable use. All comprehensive plans must comply with the  
25 school siting requirements of this paragraph no later than  
26 October 1, 1999. The failure by a local government to comply  
27 with these school siting requirements by October 1, 1999, will  
28 result in the prohibition of the local government's ability to  
29 amend the local comprehensive plan, except for plan amendments  
30 described in s. 163.3187(1)(b), until the school siting  
31 requirements are met. Amendments ~~An amendment~~ proposed by a

1 local government for purposes of identifying the land use  
2 categories in which public schools are an allowable use or for  
3 adopting or amending the school-siting maps pursuant to s.  
4 163.31776(3) are ~~is~~ exempt from the limitation on the  
5 frequency of plan amendments contained in s. 163.3187. The  
6 future land use element shall include criteria that ~~which~~  
7 encourage the location of schools proximate to urban  
8 residential areas to the extent possible and shall require  
9 that the local government seek to collocate public facilities,  
10 such as parks, libraries, and community centers, with schools  
11 to the extent possible and to encourage the use of elementary  
12 schools as focal points for neighborhoods. For schools serving  
13 predominantly rural counties, defined as a county with a  
14 population of 100,000 or fewer, an agricultural land use  
15 category shall be eligible for the location of public school  
16 facilities if the local comprehensive plan contains school  
17 siting criteria and the location is consistent with such  
18 criteria.

19 (c) A general sanitary sewer, solid waste, drainage,  
20 potable water, and natural groundwater aquifer recharge  
21 element correlated to principles and guidelines for future  
22 land use, indicating ways to provide for future potable water,  
23 drainage, sanitary sewer, solid waste, and aquifer recharge  
24 protection requirements for the area. The element may be a  
25 detailed engineering plan including a topographic map  
26 depicting areas of prime groundwater recharge. The element  
27 shall describe the problems and needs and the general  
28 facilities that will be required for solution of the problems  
29 and needs. The element shall also include a topographic map  
30 depicting any areas adopted by a regional water management  
31 district as prime groundwater recharge areas for the Floridan

1 or Biscayne aquifers, pursuant to s. 373.0395. These areas  
2 shall be given special consideration when the local government  
3 is engaged in zoning or considering future land use for said  
4 designated areas. For areas served by septic tanks, soil  
5 surveys shall be provided which indicate the suitability of  
6 soils for septic tanks. By January 1, 2005, or the Evaluation  
7 and Appraisal Report adoption deadline established for the  
8 local government pursuant to s. 163.3191(a), whichever date  
9 occurs first, the element must consider the appropriate water  
10 management district's regional water supply plan approved  
11 pursuant to s. 373.0361. The element must include a workplan,  
12 covering at least a 10-year planning period, for building  
13 water supply facilities that are identified in the element as  
14 necessary to serve existing and new development and for which  
15 the local government is responsible.

16 (d) A conservation element for the conservation, use,  
17 and protection of natural resources in the area, including  
18 air, water, water recharge areas, wetlands, waterwells,  
19 estuarine marshes, soils, beaches, shores, flood plains,  
20 rivers, bays, lakes, harbors, forests, fisheries and wildlife,  
21 marine habitat, minerals, and other natural and environmental  
22 resources. Local governments shall assess their current, as  
23 well as projected, water needs and sources for at least a  
24 10-year period, considering the appropriate regional water  
25 supply plan approved pursuant to s. 373.0361, or, in the  
26 absence of an approved regional water supply plan, the  
27 district water management plan approved pursuant to s.  
28 373.036(2). This information shall be submitted to the  
29 appropriate agencies. The land use map or map series  
30 contained in the future land use element shall generally  
31 identify and depict the following:

10           (h)1. An intergovernmental coordination element  
11 showing relationships and stating principles and guidelines to  
12 be used in the accomplishment of coordination of the adopted  
13 comprehensive plan with the plans of school boards and other  
14 units of local government providing services but not having  
15 regulatory authority over the use of land, with the  
16 comprehensive plans of adjacent municipalities, the county,  
17 adjacent counties, or the region, ~~and~~ with the state  
18 comprehensive plan and with the applicable regional water  
19 supply plan approved pursuant to s. 373.0361, as the case may  
20 require and as such adopted plans or plans in preparation may  
21 exist. This element of the local comprehensive plan shall  
22 demonstrate consideration of the particular effects of the  
23 local plan, when adopted, upon the development of adjacent  
24 municipalities, the county, adjacent counties, or the region,  
25 or upon the state comprehensive plan, as the case may require.

26           a. The intergovernmental coordination element shall  
27 provide for procedures to identify and implement joint

11 accomplishment of coordination of the adopted comprehensive  
12 plan with the plans of school boards and other units of local  
13 government providing facilities and services but not having  
14 regulatory authority over the use of land. In addition, the  
15 intergovernmental coordination element shall describe joint  
16 processes for collaborative planning and decisionmaking on  
17 population projections and public school siting, the location  
18 and extension of public facilities subject to concurrency, and  
19 siting facilities with countywide significance, including  
20 locally unwanted land uses whose nature and identity are  
21 established in an agreement. Within 1 year of adopting their  
22 intergovernmental coordination elements, each county, all the  
23 municipalities within that county, the district school board,  
24 and any unit of local government service providers in that  
25 county shall establish by interlocal or other formal agreement  
26 executed by all affected entities, the joint processes  
27 described in this subparagraph consistent with their adopted  
28 intergovernmental coordination elements.

5 facilities element pursuant to s. 163.31776 must execute an  
6 interlocal agreement with the district school board, the  
7 county, and nonexempt municipalities, as defined by s.  
8 163.31776(1), which includes the items listed in s.  
9 163.31777(2). The local government shall amend the  
10 intergovernmental coordination element to provide that  
11 coordination between the local government and school board is  
12 pursuant to the agreement and shall state the obligations of  
13 the local government under the agreement.

14 b. Plan amendments that comply with this subparagraph  
15 are exempt from the provisions of s. 163.3187(1).

16 5. The state land planning agency shall establish a  
17 schedule for phased completion and transmittal of plan  
18 amendments to implement subparagraphs 1., 2., and 3. from all

11 governments within the regional planning area to discuss the  
12 reports and potential strategies to remedy any identified  
13 deficiencies or duplications.

14 8. Each local government shall update its

1 district. In order to enact an optional public educational  
2 facilities element, the county and each municipality, unless  
3 the municipality is exempt as defined in this subsection, must  
4 adopt a consistent public educational facilities element and  
5 enter the interlocal agreement pursuant to ss.  
6 163.3177(6)(h)4. and 163.3177(2). A municipality is exempt if  
7 it has no established need for a new school facility and it  
8 meets the following criteria:

9 (a) The municipality has no public schools located  
10 within its boundaries; and

11 (b) The district school board's 5-year facilities work  
12 program and the long-term 10-year work program, as provided in  
13 s. 235.185, demonstrate that no new school facility is needed  
14 in the municipality. In addition, the district school board  
15 must verify in writing that no new school facility will be  
16 needed in the municipality within the 5-year and 10-year  
17 timeframes.

18 (2) The public educational facilities element must be  
19 based on data and analysis, including the interlocal agreement  
20 defined by ss. 163.3177(6)(h)4. and 163.3177(2), and on the

23 county must be consistent with the other elements and must  
24 address:

26 addressing improvements to infrastructure, safety, and  
27 community conditions in areas proximate to existing public  
28 schools.

29 (b) The need for and strategies for providing adequate  
30 infrastructure necessary to support proposed schools,  
31 including potable water, wastewater, drainage, solid waste,

1 transportation, and means by which to assure safe access to  
2 schools, including sidewalks, bicycle paths, turn lanes, and  
3 signalization.

4 (c) Colocation of other public facilities, such as  
5 parks, libraries, and community centers, in proximity to  
6 public schools.

7 (d) Location of schools proximate to residential areas  
8 and to complement patterns of development, including using  
9 elementary schools as focal points for neighborhoods.

10 (e) Use of public schools to serve as emergency  
11 shelters.

12 (f) Consideration of the existing and planned capacity  
13 of public schools when reviewing comprehensive plan amendments  
14 and rezonings that are likely to increase residential  
15 development and that are reasonably expected to have an impact  
16 on the demand for public school facilities, with the review to  
17 be based on uniform, level-of-service standards, availability  
18 standards for public schools, and the financially feasible  
19 5-year district facilities work program adopted by the school  
20 board pursuant to s. 235.185.

21 (g) A uniform methodology for determining school  
22 capacity consistent with the interlocal agreement entered  
23 pursuant to ss. 163.3177(6)(h)4. and 163.31777(2).

24 (3) The future land-use map series must incorporate  
25 maps that are the result of a collaborative process for  
26 identifying school sites in the educational facilities plan  
27 adopted by the school board pursuant to s. 235.185 and must  
28 show the locations of existing public schools and the general  
29 locations of improvements to existing schools or new schools  
30 anticipated over the 5-year, 10-year, and 20-year time  
31 periods, or such maps must constitute data and analysis in

1 support of the future land-use map series. Maps indicating  
2 general locations of future schools or school improvements  
3 should not prescribe a land use on a particular parcel of  
4 land.

5 (4) The process for adopting a public educational  
6 facilities element is as provided in s. 163.3184. The state  
7 land planning agency shall submit a copy of the proposed public  
8 school facilities element pursuant to the procedures outlined  
9 in s. 163.3184(4) to the Office of Educational Facilities and  
10 SMART Schools Clearinghouse of the Commissioner of Education  
11 for review and comment.

12 (5) Plan amendments to adopt a public educational  
13 facilities element are exempt from the provisions of s.  
14 163.3187(1).

15 Section 5. Section 163.31777, Florida Statutes, is  
16 created to read:

17 163.31777 Public schools interlocal agreement.--

18 (1)(a) The county and municipalities located within  
19 the geographic area of a school district shall enter into an  
20 interlocal agreement with the district school board which  
21 jointly establishes the specific ways in which the plans and  
22 processes of the district school board and the local  
23 governments are to be coordinated. The interlocal agreements  
24 shall be submitted to the state land planning agency and the  
25 Office of Educational Facilities and the SMART Schools  
26 Clearinghouse in accordance with a schedule published by the  
27 state land planning agency.

28 (b) The schedule must establish staggered due dates  
29 for submission of interlocal agreements that are executed by  
30 both the local government and the district school board,  
31 commencing on March 1, 2003, and concluding by December 1,

Amendment No. \_\_\_\_ Barcode 322050

1 2004, and must set the same date for all governmental entities  
2 within a school district. However, if the county where the  
3 school district is located contains more than 20  
4 municipalities, the state land planning agency may establish  
5 staggered due dates for the submission of interlocal  
6 agreements by these municipalities. The schedule must begin  
7 with those areas where both the number of districtwide  
8 capital-outlay full-time-equivalent students equals 80 percent  
9 or more of the current year's school capacity and the  
10 projected 5-year student growth is 1,000 or greater, or where  
11 the projected 5-year student growth rate is 10 percent or  
12 greater.

13 (c) If the student population has declined over the  
14 5-year period preceding the due date for submittal of an  
15 interlocal agreement by the local government and the district  
16 school board, the local government and the district school  
17 board may petition the state land planning agency for a waiver  
18 of one or more requirements of subsection (2). The waiver must  
19 be granted if the procedures called for in subsection (2) are  
20 unnecessary because of the school district's declining school  
21 age population, considering the district's 5-year facilities  
22 work program prepared pursuant to s. 235.185. The state land  
23 planning agency may modify or revoke the waiver upon a finding  
24 that the conditions upon which the waiver was granted no  
25 longer exist. The district school board and local governments  
26 must submit an interlocal agreement within 1 year after  
27 notification by the state land planning agency that the  
28 conditions for a waiver no longer exist.

29 (d) Interlocal agreements between local governments  
30 and district school boards adopted pursuant to s. 163.3177  
31 before the effective date of this section must be updated and

Bill No. CS/HB 1341, 2nd Eng.

1 executed pursuant to the requirements of this section, if  
2 necessary. Amendments to interlocal agreements adopted  
3 pursuant to this section must be submitted to the state land  
4 planning agency within 30 days after execution by the parties  
5 for review consistent with this section. Local governments and  
6 the district school board in each school district are  
7 encouraged to adopt a single interlocal agreement to which all  
8 join as parties. The state land planning agency shall assemble  
9 and make available model interlocal agreements meeting the  
10 requirements of this section and notify local governments and,  
11 jointly with the Department of Education, the district school  
12 boards of the requirements of this section, the dates for  
13 compliance, and the sanctions for noncompliance. The state  
14 land planning agency shall be available to informally review  
15 proposed interlocal agreements. If the state land planning  
16 agency has not received a proposed interlocal agreement for  
17 informal review, the state land planning agency shall, at  
18 least 60 days before the deadline for submission of the  
19 executed agreement, renotify the local government and the  
20 district school board of the upcoming deadline and the  
21 potential for sanctions.

22 (2) At a minimum, the interlocal agreement must  
23 address the following issues:

24 (a) A process by which each local government and the  
25 district school board agree and base their plans on consistent  
26 projections of the amount, type, and distribution of  
27 population growth and student enrollment. The geographic  
28 distribution of jurisdiction-wide growth forecasts is a major  
29 objective of the process.

30 (b) A process to coordinate and share information  
31 relating to existing and planned public school facilities,

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 including school renovations and closures, and local  
2 government plans for development and redevelopment.

3 (c) Participation by affected local governments with  
4 the district school board in the process of evaluating  
5 potential school closures, significant renovations to existing  
6 schools, and new school site selection before land  
7 acquisition. Local governments shall advise the district  
8 school board as to the consistency of the proposed closure,  
9 renovation, or new site with the local comprehensive plan,  
10 including appropriate circumstances and criteria under which a  
11 district school board may request an amendment to the  
12 comprehensive plan for school siting.

13 (d) A process for determining the need for and timing  
14 of on-site and off-site improvements to support new, proposed  
15 expansion, or redevelopment of existing schools. The process  
16 must address identification of the party or parties  
17 responsible for the improvements.

18 (e) A process for the school board to inform the local  
19 government regarding school capacity. The capacity reporting  
20 must be consistent with laws and rules relating to measurement  
21 of school facility capacity and must also identify how the  
22 district school board will meet the public school demand based  
23 on the facilities work program adopted pursuant to s. 235.185.

24 (f) Participation of the local governments in the  
25 preparation of the annual update to the district school  
26 board's 5-year district facilities work program and  
27 educational plant survey prepared pursuant to s. 235.185.

28 (g) A process for determining where and how joint use  
29 of either school board or local government facilities can be  
30 shared for mutual benefit and efficiency.

31 (h) A procedure for the resolution of disputes between

1 the district school board and local governments, which may  
2 include the dispute-resolution processes contained in chapters  
3 164 and 186.

4 (i) An oversight process, including an opportunity for  
5 public participation, for the implementation of the interlocal  
6 agreement.

7  
8 A signatory to the interlocal agreement may elect not to  
9 include a provision meeting the requirements of paragraph (e);  
10 however, such a decision may be made only after a public  
11 hearing on such election, which may include the public hearing  
12 in which a district school board or a local government adopts  
13 the interlocal agreement. An interlocal agreement entered into  
14 pursuant to this section must be consistent with the adopted  
15 comprehensive plan and land development regulations of any  
16 local government that is a signatory.

17 (3)(a) The Office of Educational Facilities and SMART  
18 Schools Clearinghouse shall submit any comments or concerns  
19 regarding the executed interlocal agreement to the state land  
20 planning agency within 30 days after receipt of the executed  
21 interlocal agreement. The state land planning agency shall  
22 review the executed interlocal agreement to determine whether  
23 it is consistent with the requirements of subsection (2), the  
24 adopted local government comprehensive plan, and other  
25 requirements of law. Within 60 days after receipt of an  
26 executed interlocal agreement, the state land planning agency  
27 shall publish a notice of intent in the Florida Administrative  
28 Weekly and shall post a copy of the notice on the agency's  
29 Internet site. The notice of intent must state whether the  
30 interlocal agreement is consistent or inconsistent with the  
31 requirements of subsection (2) and this subsection, as

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 appropriate.

2 (b) The state land planning agency's notice is subject  
3 to challenge under chapter 120; however, an affected person,  
4 as defined in 163.3184(1)(a), has standing to initiate the  
5 administrative proceeding, and this proceeding is the sole  
6 means available to challenge the consistency of an interlocal  
7 agreement required by this section with the criteria contained  
8 in subsection (2) and this subsection. In order to have  
9 standing, each person must have submitted oral or written  
10 comments, recommendations, or objections to the local  
11 government or the school board before the adoption of the  
12 interlocal agreement by the school board and local government.  
13 The district school board and local governments are parties to  
14 any such proceeding. In this proceeding, when the state land  
15 planning agency finds the interlocal agreement to be  
16 consistent with the criteria in subsection (2) and this  
17 subsection, the interlocal agreement shall be determined to be  
18 consistent with subsection (2) and this subsection if the  
19 local government's and school board's determination of  
20 consistency is fairly debatable. When the state planning  
21 agency finds the interlocal agreement to be inconsistent with  
22 the requirements of subsection (2) and this subsection, the  
23 local government's and school board's determination of  
24 consistency shall be sustained unless it is shown by a  
25 preponderance of the evidence that the interlocal agreement is  
26 inconsistent.

27 (c) If the state land planning agency enters a final  
28 order that finds that the interlocal agreement is inconsistent  
29 with the requirements of subsection (2) or this subsection, it  
30 shall forward it to the Administration Commission, which may  
31 impose sanctions against the local government pursuant to s.

Amendment No. \_\_\_\_ Barcode 322050

1 163.3184(11) and may impose sanctions against the district  
2 school board by directing the Department of Education to  
3 withhold from the district school board an equivalent amount  
4 of funds for school construction available pursuant to ss.  
5 235.187, 235.216, 235.2195, and 235.42.

6 (4) If an executed interlocal agreement is not timely  
7 submitted to the state land planning agency for review, the  
8 state land planning agency shall, within 15 working days after  
9 the deadline for submittal, issue to the local government and  
10 the district school board a Notice to Show Cause why sanctions  
11 should not be imposed for failure to submit an executed  
12 interlocal agreement by the deadline established by the  
13 agency. The agency shall forward the notice and the responses  
14 to the Administration Commission, which may enter a final  
15 order citing the failure to comply and imposing sanctions  
16 against the local government and district school board by  
17 directing the appropriate agencies to withhold at least 5  
18 percent of state funds pursuant to s. 163.3184(11) and by  
19 directing the Department of Education to withhold from the  
20 district school board at least 5 percent of funds for school  
21 construction available pursuant to ss. 235.187, 235.216,  
22 235.2195, 235.42.

23 (5) Any local government transmitting a public school  
24 element to implement school concurrency pursuant to the  
25 requirements of s. 163.3180 before the effective date of this  
26 section is not required to amend the element or any interlocal  
27 agreement to conform with the provisions of this section if  
28 the element is adopted prior to or within 1 year after the  
29 effective date of this section and remains in effect.

30 (6) Except as provided in subsection (7),

2 the requirements of subsections (1), (2), and (3):

3 (a) The municipality has no public schools located  
4 within its boundaries.

5 (b) The district school board's 5-year facilities work  
6 program and the long-term 10-year and 20-year work programs,  
7 as provided in s. 235.185, demonstrate that no new school  
8 facility is needed in the municipality. In addition, the  
9 district school board must verify in writing that no new  
10 school facility will be needed in the municipality within the  
11 5-year and 10-year timeframes.

12 (7) At the time of the evaluation and appraisal  
13 report, each exempt municipality shall assess the extent to  
14 which it continues to meet the criteria for exemption under  
15 subsection (6). If the municipality continues to meet these  
16 criteria and the district school board verifies in writing  
17 that no new school facilities will be needed within the 5-year  
18 and 10-year timeframes, the municipality shall continue to be  
19 exempt from the interlocal-agreement requirement. Each  
20 municipality exempt under subsection (6) must comply with the  
21 provisions of this section within 1 year after the district  
22 school board proposes, in its 5-year district facilities work  
23 program, a new school within the municipality's jurisdiction.

24 Section 6. Subsection (4) of section 163.3180, Florida  
25 Statutes, is amended to read:

26 163.3180 Concurrency.--

27 (4)(a) The concurrency requirement as implemented in

12 government comprehensive plans may be waived by a local  
13 government for urban infill and redevelopment areas designated  
14 pursuant to s. 163.2517 if such a waiver does not endanger  
15 public health or safety as defined by the local government in  
16 its local government comprehensive plan. The waiver shall be  
17 adopted as a plan amendment pursuant to the process set forth  
18 in s. 163.3187(3)(a). A local government may grant a  
19 concurrency exception pursuant to subsection (5) for  
20 transportation facilities located within these urban infill  
21 and redevelopment areas.

4 e. The property that is the subject of the proposed  
5 amendment is not located within an area of critical state  
6 concern, unless the project subject to the proposed amendment  
7 involves the construction of affordable housing units meeting  
8 the criteria of s. 420.0004(3), and is located within an area  
9 of critical state concern designated by s. 380.0552 or by the  
10 Administration Commission pursuant to s. 380.05(1). Such  
11 amendment is not subject to the density limitations of  
12 sub-subparagraph f., and shall be reviewed by the state land  
13 planning agency for consistency with the principles for  
14 guiding development applicable to the area of critical state  
15 concern where the amendment is located and shall not become  
16 effective until a final order is issued under s. 380.05(6).

17 f. If the proposed amendment involves a residential  
18 land use, the residential land use has a density of 10 units  
19 or less per acre, except that this limitation does not apply  
20 to small scale amendments described in sub-sub-subparagraph  
21 a.(I) that are designated in the local comprehensive plan for  
22 urban infill, urban redevelopment, or downtown revitalization  
23 as defined in s. 163.3164, urban infill and redevelopment

1 government complies with the provisions in s. 125.66(4)(a) for  
2 a county or in s. 166.041(3)(c) for a municipality. If a  
3 request for a plan amendment under this paragraph is initiated  
4 by other than the local government, public notice is required.

5 b. The local government shall send copies of the  
6 notice and amendment to the state land planning agency, the  
7 regional planning council, and any other person or entity  
8 requesting a copy. This information shall also include a  
9 statement identifying any property subject to the amendment  
10 that is located within a coastal high hazard area as  
11 identified in the local comprehensive plan.

12 3. Small scale development amendments adopted pursuant  
13 to this paragraph require only one public hearing before the  
14 governing board, which shall be an adoption hearing as  
15 described in s. 163.3184(7), and are not subject to the  
16 requirements of s. 163.3184(3)-(6) unless the local government  
17 elects to have them subject to those requirements.

18 (k) A comprehensive plan amendment to adopt a public  
19 educational facilities element pursuant to s. 163.31776 and

21 approved notwithstanding statutory limits on the frequency of  
22 adopting plan amendments.

23 Section 9. Paragraph (k) of subsection (2) of section  
24 163.3191, Florida Statutes, is amended and paragraphs (l) and  
25 (m) are added to that subsection to read:

26 163.3191 Evaluation and appraisal of comprehensive

2 (k) The coordination of the comprehensive plan with  
3 existing public schools and those identified in the applicable  
4 educational 5-year school district facilities plan work  
5 program adopted pursuant to s. 235.185. The assessment shall  
6 address, where relevant, the success or failure of the  
7 coordination of the future land use map and associated planned  
8 residential development with public schools and their  
9 capacities, as well as the joint decisionmaking processes  
10 engaged in by the local government and the school board in  
11 regard to establishing appropriate population projections and  
12 the planning and siting of public school facilities. If the  
13 issues are not relevant, the local government shall  
14 demonstrate that they are not relevant.

15 (l) The evaluation must consider the appropriate water  
16 management district's regional water supply plan approved  
17 pursuant to s. 373.0361. The potable water element must be  
18 revised to include a work plan, covering at least a 10-year  
19 planning period, for building any water supply facilities that  
20 are identified in the element as necessary to serve existing  
21 and new development and for which the local government is  
22 responsible.

23 (m) If any of the jurisdiction of the local government  
24 is located within the coastal high-hazard area, an evaluation  
25 of whether any past reduction in land use density impairs the  
26 property rights of current residents when redevelopment  
27 occurs, including, but not limited to, redevelopment following  
28 a natural disaster. The local government must identify  
29 strategies to address redevelopment feasibility and the  
30 property rights of affected residents. These strategies may

3 Section 10. Section 163.3215, Florida Statutes, is  
4 amended to read:

5 163.3215 Standing to enforce local comprehensive plans  
6 through development orders.--

7 (1) Subsections (3) and (4) provide the exclusive  
8 methods for an aggrieved or adversely affected party to appeal  
9 and challenge the consistency of a development order with a  
10 comprehensive plan adopted under this part. The local  
11 government that issues the development order is to be named as  
12 a respondent in all proceedings under this section. Subsection  
13 (3) shall not apply to development orders for which a local  
14 government has established a process consistent with the  
15 requirements of subsection (4). A local government may decide  
16 which types of development orders will proceed under  
17 subsection (4). Subsection (3) shall apply to all other  
18 development orders that are not subject to subsection (4).

19 (2) As used in this section, the term "aggrieved or  
20 adversely affected party" means any person or local government  
21 that will suffer an adverse effect to an interest protected or  
22 furthered by the local government comprehensive plan,  
23 including interests related to health and safety, police and  
24 fire protection service systems, densities or intensities of  
25 development, transportation facilities, health care  
26 facilities, equipment or services, and environmental or  
27 natural resources. The alleged adverse interest may be shared  
28 in common with other members of the community at large but  
29 must exceed in degree the general interest in community good  
30 shared by all persons. The term includes the owner, developer,  
31 or applicant for a development order.

3 other relief against any local government to challenge any  
4 decision of such local government granting or denying an  
5 application for, or to prevent such local government from  
6 taking any action on, a development order, as defined in s.  
7 163.3164, which materially alters the use or density or  
8 intensity of use on a particular piece of property which that  
9 is not consistent with the comprehensive plan adopted under  
10 this part. The de novo action must be filed no later than 30  
11 days following rendition of a development order or other  
12 written decision, or when all local administrative appeals, if  
13 any, are exhausted, whichever occurs later.

14           ~~(2) "Aggrieved or adversely affected party" means any~~  
15 ~~person or local government which will suffer an adverse effect~~  
16 ~~to an interest protected or furthered by the local government~~

21 ~~environmental or natural resources. The alleged adverse~~  
22 ~~interest may be shared in common with other members of the~~  
23 ~~community at large, but shall exceed in degree the general~~  
24 ~~interest in community good shared by all persons.~~

25           ~~(3)(a) No suit may be maintained under this section~~

1 ~~with a comprehensive plan adopted under this part.~~  
2 (4) If a local government elects to adopt or has  
3 adopted an ordinance establishing, at a minimum, the  
4 requirements listed in this subsection, the sole method by  
5 which an aggrieved and adversely affected party may challenge  
6 any decision of local government granting or denying an  
7 application for a development order, as defined in s.  
8 163.3164, which materially alters the use or density or  
9 intensity of use on a particular piece of property, on the  
10 basis that it is not consistent with the comprehensive plan  
11 adopted under this part, is by an appeal filed by a petition  
12 for writ of certiorari filed in circuit court no later than 30  
13 days following rendition of a development order or other  
14 written decision of the local government, or when all local  
15 administrative appeals, if any, are exhausted, whichever  
16 occurs later. An action for injunctive or other relief may be  
17 joined with the petition for certiorari. Principles of  
18 judicial or administrative res judicata and collateral  
19 estoppel apply to these proceedings. Minimum components of the  
20 local process are as follows:  
21 (a) The local process must make provision for notice  
22 of an application for a development order that materially  
23 alters the use or density or intensity of use on a particular  
24 piece of property, including notice by publication or mailed  
25 notice consistent with the provisions of s. 166.041(3)(c)2.b.  
26 and c. and s. 125.66(4)(b)2. and 3., and must require  
27 prominent posting at the job site. The notice must be given  
28 within 10 days after the filing of an application for  
29 development order; however, notice under this subsection is  
30 not required for an application for a building permit or any  
31 other official action of local government which does not

1 materially alter the use or density or intensity of use on a  
2 particular piece of property. The notice must clearly  
3 delineate that an aggrieved or adversely affected person has  
4 the right to request a quasi-judicial hearing before the local  
5 government for which the application is made, must explain the  
6 conditions precedent to the appeal of any development order  
7 ultimately rendered upon the application, and must specify the  
8 location where written procedures can be obtained that  
9 describe the process, including how to initiate the  
10 quasi-judicial process, the timeframes for initiating the  
11 process, and the location of the hearing. The process may  
12 include an opportunity for an alternative dispute resolution.

13 (b) The local process must provide a clear point of  
14 entry consisting of a written preliminary decision, at a time  
15 and in a manner to be established in the local ordinance, with  
16 the time to request a quasi-judicial hearing running from the  
17 issuance of the written preliminary decision; the local  
18 government, however, is not bound by the preliminary decision.  
19 A party may request a hearing to challenge or support a  
20 preliminary decision.

21 (c) The local process must provide an opportunity for  
22 participation in the process by an aggrieved or adversely  
23 affected party, allowing a reasonable time for the party to  
24 prepare and present a case for the quasi-judicial hearing.

25 (d) The local process must provide, at a minimum, an  
26 opportunity for the disclosure of witnesses and exhibits prior  
27 to hearing and an opportunity for the depositions of witnesses  
28 to be taken.

29 (e) The local process may not require that a party be  
30 represented by an attorney in order to participate in a  
31 hearing.

Amendment No. \_\_\_\_ Barcode 322050

1           (f) The local process must provide for a  
2 quasi-judicial hearing before an impartial special master who  
3 is an attorney who has at least 5 years' experience and who  
4 shall, at the conclusion of the hearing, recommend written  
5 findings of fact and conclusions of law. The special master  
6 shall have the power to swear witnesses and take their  
7 testimony under oath, to issue subpoenas and other orders  
8 regarding the conduct of the proceedings, and to compel entry  
9 upon the land. The standard of review applied by the special  
10 master in determining whether a proposed development order is  
11 consistent with the comprehensive plan shall be strict

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1           163.3246 Local government comprehensive planning  
2 certification program.--

3           (1) There is created the Local Government  
4 Comprehensive Planning Certification Program to be  
5 administered by the Department of Community Affairs. The  
6 purpose of the program is to create a certification process  
7 for local governments who identify a geographic area for  
8 certification within which they commit to directing growth and  
9 who, because of a demonstrated record of effectively adopting,  
10 implementing, and enforcing its comprehensive plan, the level  
11 of technical planning experience exhibited by the local  
12 government, and a commitment to implement exemplary planning  
13 practices, require less state and regional oversight of the  
14 comprehensive plan amendment process. The purpose of the  
15 certification area is to designate areas that are contiguous,  
16 compact, and appropriate for urban growth and development  
17 within a 10-year planning timeframe. Municipalities and  
18 counties are encouraged to jointly establish the certification  
19 area, and subsequently enter into joint certification  
20 agreement with the department.

21           (2) In order to be eligible for certification under  
22 the program, the local government must:

23           (a) Demonstrate a record of effectively adopting,  
24 implementing, and enforcing its comprehensive plan;

25           (b) Demonstrate technical, financial, and  
26 administrative expertise to implement the provisions of this  
27 part without state oversight;

28           (c) Obtain comments from the state and regional review  
29 agencies regarding the appropriateness of the proposed  
30 certification;

31           (d) Hold at least one public hearing soliciting public

- 1 input concerning the local government's proposal for  
2 certification; and  
3 (e) Demonstrate that it has adopted programs in its  
4 local comprehensive plan and land development regulations  
5 which:  
6 1. Promote infill development and redevelopment,  
7 including prioritized and timely permitting processes in which  
8 applications for local development permits within the  
9 certification area are acted upon expeditiously for proposed  
10 development that is consistent with the local comprehensive  
11 plan.  
12 2. Promote the development of housing for low-income  
13 and very-low-income households or specialized housing to  
14 assist elderly and disabled persons to remain at home or in  
15 independent living arrangements.  
16 3. Achieve effective intergovernmental coordination  
17 and address the extrajurisdictional effects of development  
18 within the certified area.  
19 4. Promote economic diversity and growth while  
20 encouraging the retention of rural character, where rural  
21 areas exist, and the protection and restoration of the  
22 environment.  
23 5. Provide and maintain public urban and rural open  
24 space and recreational opportunities.  
25 6. Manage transportation and land uses to support  
26 public transit and promote opportunities for pedestrian and  
27 nonmotorized transportation.  
28 7. Use design principles to foster individual  
29 community identity, create a sense of place, and promote  
30 pedestrian-oriented safe neighborhoods and town centers.  
31 8. Redevelop blighted areas.

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1           9. Adopt a local mitigation strategy and have programs  
2 to improve disaster preparedness and the ability to protect  
3 lives and property, especially in coastal high-hazard areas.

4           10. Encourage clustered, mixed-use development that  
5 incorporates greenspace and residential development within  
6 walking distance of commercial development.

7           11. Encourage urban infill at appropriate densities  
8 and intensities and separate urban and rural uses and  
9 discourage urban sprawl while preserving public open space and  
10 planning for buffer-type land uses and rural development  
11 consistent with their respective character along and outside  
12 the certification area.

13           12. Assure protection of key natural areas and  
14 agricultural lands that are identified using state and local  
15 inventories of natural areas. Key natural areas include, but  
16 are not limited to:

17           a. Wildlife corridors.  
18           b. Lands with high native biological diversity,  
19 important areas for threatened and endangered species, species  
20 of special concern, migratory bird habitat, and intact natural  
21 communities.

22           c. Significant surface waters and springs, aquatic  
23 preserves, wetlands, and outstanding Florida waters.

24           d. Water resources suitable for preservation of  
25 natural systems and for water resource development.

27 systems.

28           13. Ensure the cost-efficient provision of public  
29 infrastructure and services.

30           (3) Portions of local governments located within areas  
31 of critical state concern cannot be included in a

2 (4) A local government or group of local governments  
3 seeking certification of all or part of a jurisdiction or  
4 jurisdictions must submit an application to the department  
5 which demonstrates that the area sought to be certified meets  
6 the criteria of subsections (2) and (5). The application shall  
7 include copies of the applicable local government  
8 comprehensive plan, land development regulations, interlocal  
9 agreements, and other relevant information supporting the  
10 eligibility criteria for designation. Upon receipt of a  
11 complete application, the department must provide the local  
12 government with an initial response to the application within  
13 90 days after receipt of the application.

14 (5) If the local government meets the eligibility  
15 criteria of subsection (2), the department shall certify all  
16 or part of a local government by written agreement, which  
17 shall be considered final agency action subject to challenge  
18 under s. 120.569. The agreement must include the following  
19 components:

20 (a) The basis for certification.

21 (b) The boundary of the certification area, which  
22 encompasses areas that are contiguous, compact, appropriate  
23 for urban growth and development, and in which public  
24 infrastructure is existing or planned within a 10-year  
25 planning timeframe. The certification area is required to  
26 include sufficient land to accommodate projected population  
27 growth, housing demand, including choice in housing types and  
28 affordability, job growth and employment, appropriate  
29 densities and intensities of use to be achieved in new  
30 development and redevelopment, existing or planned  
31 infrastructure, including transportation and central water and

14 (g) Criteria to evaluate the effectiveness of the

19 comprehensive planning and land use decision making which  
20 includes outreach to neighborhood and civic associations

Amendment No. \_\_\_\_ Barcode 322050

1           (1) A requirement for the annual reporting to the  
2 department of plan amendments adopted during the year, and the  
3 progress of the local government in meeting the terms and  
4 conditions of the certification agreement. Prior to the  
5 deadline for the annual report, the local government must hold  
6 a public hearing soliciting public input on the progress of  
7 the local government in satisfying the terms of the  
8 certification agreement.

9           (m) An expiration date that is no later than 10 years  
10 after execution of the agreement.

11           (6) The department may enter up to eight new  
12 certification agreements each fiscal year. The department  
13 shall adopt procedural rules governing the application and  
14 review of local government requests for certification. Such  
15 procedural rules may establish a phased schedule for review of  
16 local government requests for certification.

17           (7) The department shall revoke the local government's  
18 certification if it determines that the local government is  
19 not substantially complying with the terms of the agreement.

20           (8) An affected person, as defined by s.  
21 163.3184(1)(a), may petition for administrative hearing  
22 alleging that a local government is not substantially

17 within the coastal high hazard area shall be reviewed pursuant  
18 to ss. 163.3184 and 163.3187.

19 (10) A local government's certification shall be  
20 reviewed by the local government and the department as part of  
21 the evaluation and appraisal process pursuant to s. 163.3191.  
22 Within 1 year after the deadline for the local government to  
23 update its comprehensive plan based on the evaluation and  
24 appraisal report, the department shall renew or revoke the  
25 certification. The local government's failure to adopt a  
26 timely evaluation and appraisal report, failure to adopt an  
27 evaluation and appraisal report found to be sufficient, or  
28 failure to timely adopt amendments based on an evaluation and  
29 appraisal report found to be in compliance by the department

16 legislative intent that any authorization for imposition of a  
17 discretionary sales surtax shall be published in the Florida  
18 Statutes as a subsection of this section, irrespective of the  
19 duration of the levy. Each enactment shall specify the types

1 governing authority or pursuant to ordinance enacted by a  
2 majority of the members of the county governing authority and  
3 approved by a majority of the electors of the county voting in  
4 a referendum on the surtax. If the governing bodies of the  
5 municipalities representing a majority of the county's  
6 population adopt uniform resolutions establishing the rate of  
7 the surtax and calling for a referendum on the surtax, the  
8 levy of the surtax shall be placed on the ballot and shall  
9 take effect if approved by a majority of the electors of the  
10 county voting in the referendum on the surtax.

11 2. If the surtax was levied pursuant to a referendum  
12 held before July 1, 1993, the surtax may not be levied beyond  
13 the time established in the ordinance, or, if the ordinance  
14 did not limit the period of the levy, the surtax may not be  
15 levied for more than 15 years. The levy of such surtax may be  
16 extended only by approval of a majority of the electors of the  
17 county voting in a referendum on the surtax or pursuant to  
18 ordinance enacted by a two-thirds vote of the members of the  
19 county governing authority.

20 (d)1. The proceeds of the surtax authorized by this  
21 subsection and approved by referendum and any interest accrued  
22 thereto shall be expended by the school district or within the  
23 county and municipalities within the county, or, in the case  
24 of a negotiated joint county agreement, within another county,  
25 to finance, plan, and construct infrastructure and to acquire  
26 land for public recreation or conservation or protection of  
27 natural resources and to finance the closure of county-owned  
28 or municipally owned solid waste landfills that are already

 2 thereto shall be used for operational expenses of any  
 3 infrastructure, except that any county with a population of  
 4 less than 75,000 that is required to close a landfill by order  
 5 of the Department of Environmental Protection may use the  
 6 proceeds or any interest accrued thereto for long-term  
 7 maintenance costs associated with landfill closure. Counties,  
 8 as defined in s. 125.011(1), and charter counties may, in  
 9 addition, use the proceeds and any interest accrued thereto to  
 10 retire or service indebtedness incurred for bonds issued prior  
 11 to July 1, 1987, for infrastructure purposes, and for bonds  
 12 subsequently issued to refund such bonds. Any use of such  
 13 proceeds or interest for purposes of retiring or servicing  
 14 indebtedness incurred for such refunding bonds prior to July  
 15 1, 1999, is ratified.

16 2. The proceeds of the surtax where the surtax is  
 17 levied by a two-thirds vote of the governing body of the  
 18 county and any interest accrued thereto shall be expended by  
 19 the school district or within the county and municipalities  
 20 within the county for infrastructure located within the urban  
 21 service area that is identified in the local government  
 22 comprehensive plan of the county or municipality and is  
 23 identified in that local government's capital improvements  
 24 element adopted pursuant to s. 163.3177(3) or that is  
 25 identified in the school district's educational facilities  
 26 plan adopted pursuant to s. 235.185.

27 ~~3.2.~~ For the purposes of this paragraph,

19 planned to be educated in relocatable facilities during each  
20 year of the tentative district facilities work program. For  
21 determining future needs, student capacity may not be assigned  
22 to any relocatable classroom that is scheduled for elimination  
23 or replacement with a permanent educational facility in the  
24 current year of the adopted district educational facilities  
25 plan and in the district facilities work program adopted under  
26 this section. Those relocatable classrooms clearly identified  
27 and scheduled for replacement in a school-board-adopted,  
28 financially feasible, 5-year district facilities work program  
29 shall be counted at zero capacity at the time the work program  
30 is adopted and approved by the school board. However, if the  
31 district facilities work program is changed and the

1 relocatable classrooms are not replaced as scheduled in the  
2 work program, the classrooms must be reentered into the system  
3 and be counted at actual capacity. Relocatable classrooms may  
4 not be perpetually added to the work program or continually  
5 extended for purposes of circumventing this section. All  
6 relocatable classrooms not identified and scheduled for  
7 replacement, including those owned, lease-purchased, or leased  
8 by the school district, must be counted at actual student  
9 capacity. The district educational facilities plan must  
10 identify the number of relocatable student stations scheduled  
11 for replacement during the 5-year survey period and the total  
12 dollar amount needed for that replacement.

13 g. Plans for the closure of any school, including  
14 plans for disposition of the facility or usage of facility  
15 space, and anticipated revenues.

16 h. Projects for which capital outlay and debt service  
17 funds accruing under s. 9(d), Art. XII of the State  
18 Constitution are to be used shall be identified separately in  
19 priority order on a project priority list within the district  
20 facilities work program.

21 3. The projected cost for each project identified in  
22 the ~~tentative~~ district facilities work program. For proposed  
23 projects for new student stations, a schedule shall be  
24 prepared comparing the planned cost and square footage for  
25 each new student station, by elementary, middle, and high  
26 school levels, to the low, average, and high cost of  
27 facilities constructed throughout the state during the most  
28 recent fiscal year for which data is available from the  
29 Department of Education.

30 4. A schedule of estimated capital outlay revenues  
31 from each currently approved source which is estimated to be

Amendment No. \_\_\_\_ Barcode 322050

1 available for expenditure on the projects included in the  
2 ~~tentative~~ district facilities work program.

3 5. A schedule indicating which projects included in  
4 the ~~tentative~~ district facilities work program will be funded  
5 from current revenues projected in subparagraph 4.

6 6. A schedule of options for the generation of  
7 additional revenues by the district for expenditure on  
8 projects identified in the ~~tentative~~ district facilities work  
9 program which are not funded under subparagraph 5. Additional  
10 anticipated revenues may include effort index grants, SIT  
11 Program awards, and Classrooms First funds.

12 ~~(c)(b)~~ To the extent available, the tentative district  
13 educational facilities plan work program shall be based on  
14 information produced by the demographic, revenue, and  
15 education estimating conferences pursuant to s. 216.136.

16 ~~(d)(e)~~ Provision shall be made for public comment  
17 concerning the tentative district educational facilities plan  
18 work program.

19 (e) The district school board shall coordinate with  
20 each affected local government to ensure consistency between  
21 the tentative district educational facilities plan and the  
22 local government comprehensive plans of the affected local  
23 governments during the development of the tentative district  
24 educational facilities plan.

25 (f) Commencing on October 1, 2002, and not less than  
26 once every 5 years thereafter, the district school board shall  
27 contract with a qualified, independent third party to conduct  
28 a financial management and performance audit of the  
29 educational planning and construction activities of the  
30 district. An audit conducted by the Office of Program Policy

1 pursuant to s. 230.23025 satisfies this requirement.  
 2 (3) SUBMITTAL OF TENTATIVE DISTRICT EDUCATIONAL  
 3 FACILITIES PLAN TO LOCAL GOVERNMENT.--The district school  
 4 board shall submit a copy of its tentative district  
 5 educational facilities plan to all affected local governments  
 6 prior to adoption by the board. The affected local governments  
 7 shall review the tentative district educational facilities  
 8 plan and comment to the district school board on the  
 9 consistency of the plan with the local comprehensive plan,  
 10 whether a comprehensive plan amendment will be necessary for  
 11 any proposed educational facility, and whether the local  
 12 government supports a necessary comprehensive plan amendment.  
 13 If the local government does not support a comprehensive plan  
 14 amendment for a proposed educational facility, the matter  
 15 shall be resolved pursuant to the interlocal agreement when  
 16 required by ss. 163.3177(6)(h), 163.31777, and 235.193(2). The  
 17 process for the submittal and review shall be detailed in the  
 18 interlocal agreement when required pursuant to ss.  
 19 163.3177(6)(h), 163.31777, and 235.193(2).

20 (4)(3) ADOPTED DISTRICT EDUCATIONAL FACILITIES PLAN  
 21 WORK PROGRAM.--Annually, the district school board shall  
 22 consider and adopt the tentative district educational  
 23 facilities plan work program completed pursuant to subsection  
 24 (2). Upon giving proper public notice to the public and local  
 25 governments and opportunity for public comment, the district  
 26 school board may amend the plan program to revise the priority  
 27 of projects, to add or delete projects, to reflect the impact  
 28 of change orders, or to reflect the approval of new revenue  
 29 sources which may become available. The adopted district  
 30 educational facilities plan work program shall:

7 schools.

8 ~~(5)(4)~~ EXECUTION OF ADOPTED DISTRICT EDUCATIONAL

24 ~~used only for general planning purposes.~~

25 Section 19. Section 235.1851, Florida Statutes, is  
26 created to read:

27 235.1851 Educational facilities benefit districts.--

28 (1) It is the intent of the Legislature to encourage  
29 and authorize public cooperation among district school boards,  
30 affected local general purpose governments, and benefited  
31 private interests in order to implement financing for timely

Bill No. CS/HB 1341, 2nd Eng.  
Amendment No. \_\_\_\_ Barcode 322050

1 construction and maintenance of school facilities, including  
2 facilities identified in individual district facilities work  
3 programs or proposed by charter schools. It is the further  
4 intent of the Legislature to provide efficient alternative  
5 mechanisms and incentives to allow for sharing costs of  
6 educational facilities necessary to accommodate new growth and  
7 development among public agencies, including district school  
8 boards, affected local general purpose governments, and  
9 benefited private development interests.

10 (2) The Legislature hereby authorizes the creation of  
11 educational facilities benefit districts pursuant to  
12 interlocal cooperation agreements between a district school  
13 board and all local general purpose governments within whose  
14 jurisdiction a district is located. The purpose of  
15 educational facilities benefit districts is to assist in  
16 financing the construction and maintenance of educational  
17 facilities.

18 (3)(a) An educational facilities benefit district may  
19 be created pursuant to this act and chapters 125, 163, 166,  
20 and 189. An educational facilities benefit district charter  
21 may be created by a county or municipality by entering into an  
22 interlocal agreement, as authorized by s. 163.01, with the  
23 district school board and any local general purpose government  
24 within whose jurisdiction a portion of the district is located  
25 and adoption of an ordinance that includes all provisions  
26 contained within s. 189.4041. The creating entity shall be  
27 the local general purpose government within whose boundaries a  
28 majority of the educational facilities benefit district's  
29 lands are located.

30 (b) Creation of any educational facilities benefit  
31 district shall be conditioned upon the consent of the district

Bill No. CS/HB 1341, 2nd Eng.  
Amendment No. \_\_\_\_ Barcode 322050

1 school board, all local general purpose governments within  
2 whose jurisdiction any portion of the educational facilities  
3 benefit district is located, and all landowners within the  
4 district. The membership of the governing board of any  
5 educational facilities benefit district shall include  
6 representation of the district school board, each cooperating  
7 local general purpose government, and the landowners within  
8 the district. In the case of an educational facilities  
9 benefit district's decision to create a charter school, the  
10 board of directors of the charter school may constitute the  
11 members of the governing board for the educational facilities  
12 benefit district.

13 (4) The educational facilities benefit district shall  
14 have, and its governing board may exercise, the following  
15 powers:

16 (a) To finance and construct educational facilities  
17 within the district's boundaries.

18 (b) To sue and be sued in the name of the district; to  
19 adopt and use a seal and authorize the use of a facsimile  
20 thereof; to acquire, by purchase, gift, devise, or otherwise,  
21 and to dispose of real and personal property or any estate  
22 therein; and to make and execute contracts and other  
23 instruments necessary or convenient to the exercise of its  
24 powers.

25 (c) To contract for the services of consultants to  
26 perform planning, engineering, legal, or other appropriate  
27 services of a professional nature. Such contracts shall be  
28 subject to the public bidding or competitive negotiations  
29 required of local general purpose governments.

30 (d) To borrow money and accept gifts; to apply for  
31 unused grants or loans of money or other property from the

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 United States, the state, a unit of local government, or any  
2 person for any district purposes and enter into agreements  
3 required in connection therewith; and to hold, use, and  
4 dispose of such moneys or property for any district purposes  
5 in accordance with the terms of the gift, grant, loan, or  
6 agreement relating thereto.

7 (e) To adopt resolutions and polices prescribing the  
8 powers, duties, and functions of the officers of the district,  
9 the conduct of the business of the district, and the  
10 maintenance of records and documents of the district.

11 (f) To maintain an office at such place or places as  
12 it may designate within the district or within the boundaries  
13 of the local general purpose government that created the  
14 district.

15 (g) To lease as lessor or lessee to or from any  
16 person, firm, corporation, association, or body, public or  
17 private, any projects of the type that the district is  
18 authorized to undertake and facilities or property of any  
19 nature for use of the district to carry out any of the  
20 purposes authorized by this act.

21 (h) To borrow money and issue bonds, certificates,  
22 warrants, notes, or other evidence of indebtedness pursuant to  
23 this act for periods not longer than 30 years, provided such  
24 bonds, certificates, warrants, notes, or other indebtedness  
25 shall only be guaranteed by non-ad valorem assessments legally  
26 imposed by the district and other available sources of funds  
27 provided in this act and shall not pledge the full faith and  
28 credit of any local general purpose government or the district  
29 school board.

30 (i) To cooperate with or contract with other  
31 governmental agencies as may be necessary, convenient,

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 incidental, or proper in connection with any of the powers,  
2 duties, or purposes authorized by this act and to accept  
3 funding from local and state agencies as provided in this act.

4 (j) To levy, impose, collect, and enforce non-ad  
5 valorem assessments, as defined by s. 197.3632(1)(d), pursuant  
6 to this act, chapters 125 and 166, and ss. 197.3631, 197.3632,  
7 and 197.3635.

8 (k) To exercise all powers necessary, convenient,  
9 incidental, or proper in connection with any of the powers,  
10 duties, or purposes authorized by this act.

11 (5) As an alternative to the creation of an  
12 educational facilities benefit district, the Legislature  
13 hereby recognizes and encourages the consideration of  
14 community development district creation pursuant to chapter  
15 190 as a viable alternative for financing the construction and  
16 maintenance of educational facilities as described in this  
17 act. Community development districts are granted the authority  
18 to determine, order, levy, impose, collect, and enforce non-ad  
19 valorem assessments for such purposes pursuant to this act and  
20 chapters 170, 190, and 197. This authority is in addition to  
21 any authority granted community development districts under  
22 chapter 190. Community development districts are therefore  
23 deemed eligible for the financial enhancements available to  
24 educational facilities benefit districts providing for  
25 financing the construction and maintenance of educational  
26 facilities pursuant to s. 235.1852. In order to receive such  
27 financial enhancements, a community development district must  
28 enter into an interlocal agreement with the district school  
29 board and affected local general purpose governments that  
30 specifies the obligations of all parties to the agreement.  
31 Nothing in this act or in any interlocal agreement entered

Amendment No. \_\_\_\_ Barcode 322050

1 into pursuant to this act requires any change in the method of  
2 election of a board of supervisors of a community development  
3 district provided in chapter 190.

4 Section 20. Section 235.1852, Florida Statutes, is  
5 created to read:

6 235.1852 Local funding for educational facilities  
7 benefit districts or community development districts.--Upon  
8 confirmation by a district school board of the commitment of  
9 revenues by an educational facilities benefit district or  
10 community development district necessary to construct and  
11 maintain an educational facility contained within an  
12 individual district facilities work program or proposed by an  
13 approved charter school or a charter school applicant, the  
14 following funds shall be provided to the educational  
15 facilities benefit district or community development district  
16 annually, beginning with the next fiscal year after  
17 confirmation until the district's financial obligations are  
18 completed:

19 (1) All educational facilities impact fee revenue  
20 collected for new development within the educational  
21 facilities benefit district or community development district.  
22 Funds provided under this subsection shall be used to fund the  
23 construction and capital maintenance costs of educational  
24 facilities.

25 (2) For construction and capital maintenance costs not  
26 covered by the funds provided under subsection (1), an annual  
27 amount contributed by the district school board equal to  
28 one-half of the remaining costs of construction and capital  
29 maintenance of the educational facility. Any construction  
30 costs above the cost-per-student criteria established for the  
31 SIT Program in s. 235.216(2) shall be funded exclusively by

Bill No. CS/HB 1341, 2nd Eng.  
Amendment No. \_\_\_\_ Barcode 322050

1 the educational facilities benefit district or the community  
2 development district. Funds contributed by a district school  
3 board shall not be used to fund operational costs.

4  
5 Educational facilities funded pursuant to this act may be  
6 constructed on land that is owned by any person after the  
7 district school board has acquired from the owner of the land  
8 a long-term lease for the use of this land for a period of not  
9 less than 40 years or the life expectancy of the permanent  
10 facilities constructed thereon, whichever is longer. All  
11 interlocal agreements entered into pursuant to this act shall  
12 provide for ownership of educational facilities funded  
13 pursuant to this act to revert to the district school board if  
14 such facilities cease to be used for public educational  
15 purposes prior to 40 years after construction or prior to the  
16 end of the life expectancy of the educational facilities,  
17 whichever is longer.

18 Section 21. Section 235.1853, Florida Statutes, is  
19 created to read:

20 235.1853 Educational facilities benefit district or  
21 community development district facility utilization.--The  
22 student population of all facilities funded pursuant to this  
23 act shall reflect the racial balance of the school district  
24 pursuant to state and federal law. However, to the extent  
25 allowable pursuant to state and federal law, the interlocal  
26 agreement providing for the establishment of the educational  
27 facilities benefit district or the interlocal agreement  
28 between the community development district and the district  
29 school board and affected local general purpose governments  
30 may provide for the district school board to establish school  
31 attendance zones that allow students residing within a

1 reasonable distance of facilities financed through the  
2 interlocal agreement to attend such facilities.

3 Section 22. Section 235.188, Florida Statutes, is  
4 amended to read:

5 235.188 Full bonding required to participate in  
6 programs.--Any district with unused bonding capacity in its  
7 Capital Outlay and Debt Service Trust Fund allocation that  
8 certifies in its district educational facilities plan work  
9 program that it will not be able to meet all of its need for  
10 new student stations within existing revenues must fully bond  
11 its Capital Outlay and Debt Service Trust Fund allocation  
12 before it may participate in Classrooms First, the School  
13 Infrastructure Thrift (SIT) Program, or the Effort Index  
14 Grants Program.

15 Section 23. Section 235.19, Florida Statutes, is  
16 amended to read:

17 235.19 Site planning and selection.--

18 (1) Before acquiring property for sites, each board  
19 shall determine the location of proposed educational centers  
20 or campuses for the board. In making this determination, the  
21 board shall consider existing and anticipated site needs and  
22 the most economical and practicable locations of sites. The  
23 board shall coordinate with the long-range or comprehensive  
24 plans of local, regional, and state governmental agencies to  
25 assure the consistency compatibility of such plans ~~with site~~  
26 ~~planning~~. Boards are encouraged to locate district educational  
27 facilities schools proximate to urban residential areas to the  
28 extent possible, and shall seek to collocate district  
29 educational facilities schools with other public facilities,  
30 such as parks, libraries, and community centers, to the extent  
31 possible, and to encourage using elementary schools as focal

2 (2) Each new site selected must be adequate in size to  
3 meet the educational needs of the students to be served on  
4 that site by the original educational facility or future  
5 expansions of the facility through renovation or the addition  
6 of relocatables. ~~The Commissioner of Education shall prescribe~~  
7 ~~by rule recommended sizes for new sites according to~~  
8 ~~categories of students to be housed and other appropriate~~  
9 ~~factors determined by the commissioner. Less than recommended~~  
10 ~~site sizes are allowed if the board, by a two-thirds majority,~~  
11 ~~recommends such a site and finds that it can provide an~~  
12 ~~appropriate and equitable educational program on the site.~~

13 (3) Sites recommended for purchase, or purchased, in  
14 accordance with chapter 230 or chapter 240 must meet standards  
15 prescribed therein and such supplementary standards as the  
16 commissioner prescribes to promote the educational interests  
17 of the students. Each site must be well drained and suitable  
18 for outdoor educational purposes as appropriate for the  
19 educational program or collocated with facilities to serve  
20 this purpose. As provided in s. 333.03, the site must not be  
21 located within any path of flight approach of any airport.  
22 Insofar as is practicable, the site must not adjoin a  
23 right-of-way of any railroad or through highway and must not  
24 be adjacent to any factory or other property from which noise,  
25 odors, or other disturbances, or at which conditions, would be  
26 likely to interfere with the educational program. To the  
27 extent practicable, sites must be chosen which will provide  
28 safe access from neighborhoods to schools.

29 (4) It shall be the responsibility of the board to  
30 provide adequate notice to appropriate municipal, county,  
31 regional, and state governmental agencies for requested

1 traffic control and safety devices so they can be installed  
2 and operating prior to the first day of classes or to satisfy  
3 itself that every reasonable effort has been made in  
4 sufficient time to secure the installation and operation of  
5 such necessary devices prior to the first day of classes. It  
6 shall also be the responsibility of the board to review  
7 annually traffic control and safety device needs and to  
8 request all necessary changes indicated by such review.

9 (5) Each board may request county and municipal  
10 governments to construct and maintain sidewalks and bicycle  
11 trails within a 2-mile radius of each educational facility  
12 within the jurisdiction of the local government. When a board  
13 discovers or is aware of an existing hazard on or near a  
14 public sidewalk, street, or highway within a 2-mile radius of  
15 a school site and the hazard endangers the life or threatens  
16 the health or safety of students who walk, ride bicycles, or  
17 are transported regularly between their homes and the school  
18 in which they are enrolled, the board shall, within 24 hours  
19 after discovering or becoming aware of the hazard, excluding  
20 Saturdays, Sundays, and legal holidays, report such hazard to  
21 the governmental entity within the jurisdiction of which the  
22 hazard is located. Within 5 days after receiving notification  
23 by the board, excluding Saturdays, Sundays, and legal  
24 holidays, the governmental entity shall investigate the  
25 hazardous condition and either correct it or provide such  
26 precautions as are practicable to safeguard students until the  
27 hazard can be permanently corrected. However, if the  
28 governmental entity that has jurisdiction determines upon  
29 investigation that it is impracticable to correct the hazard,  
30 or if the entity determines that the reported condition does  
31 not endanger the life or threaten the health or safety of

1 students, the entity shall, within 5 days after notification  
2 by the board, excluding Saturdays, Sundays, and legal  
3 holidays, inform the board in writing of its reasons for not  
4 correcting the condition. The governmental entity, to the  
5 extent allowed by law, shall indemnify the board from any  
6 liability with respect to accidents or injuries, if any,  
7 arising out of the hazardous condition.

8 (6) If the school board and local government have  
9 entered into an interlocal agreement pursuant to s. 235.193(2)  
10 and either s. 163.3177(6)(h)4. or s. 163.31777 or have  
11 developed a process to ensure consistency between the local  
12 government comprehensive plan and the school district  
13 educational facilities plan, site planning and selection must  
14 be consistent with the interlocal agreements and the plans.

15 Section 24. Section 235.193, Florida Statutes, is  
16 amended to read:

17 235.193 Coordination of planning with local governing  
18 bodies.--

19 (1) It is the policy of this state to require the  
20 coordination of planning between boards and local governing  
21 bodies to ensure that plans for the construction and opening  
22 of public educational facilities are facilitated and  
23 coordinated in time and place with plans for residential  
24 development, concurrently with other necessary services. Such  
25 planning shall include the integration of the educational  
26 facilities plan ~~plant survey~~ and applicable policies and  
27 procedures of a board with the local comprehensive plan and  
28 land development regulations of local governments ~~governing~~  
29 ~~bodies~~. The planning must include the consideration of  
30 allowing students to attend the school located nearest their

3 adjacent county than to construct a new facility or transport  
4 students longer distances in their county of residence. The  
5 planning must also consider the effects of the location of  
6 public education facilities, including the feasibility of  
7 keeping central city facilities viable, in order to encourage  
8 central city redevelopment and the efficient use of  
9 infrastructure and to discourage uncontrolled urban sprawl. In  
10 addition, all parties to the planning process must consult  
11 with state and local road departments to assist in  
12 implementing the Safe Paths to Schools program administered by  
13 the Department of Transportation.

14 (2)(a) The school board, county, and nonexempt  
15 municipalities located within the geographic area of a school  
16 district shall enter into an interlocal agreement that jointly  
17 establishes the specific ways in which the plans and processes  
18 of the district school board and the local governments are to  
19 be coordinated. The interlocal agreements shall be submitted  
20 to the state land planning agency and the Office of  
21 Educational Facilities and the SMART Schools Clearinghouse in  
22 accordance with a schedule published by the state land  
23 planning agency.

24 (b) The schedule must establish staggered due dates  
25 for submission of interlocal agreements that are executed by  
26 both the local government and district school board,  
27 commencing on March 1, 2003, and concluding by December 1,  
28 2004, and must set the same date for all governmental entities  
29 within a school district. However, if the county where the  
30 school district is located contains more than 20  
31 municipalities, the state land planning agency may establish

Bill No. CS/HB 1341, 2nd Eng.

1 staggered due dates for the submission of interlocal  
2 agreements by these municipalities. The schedule must begin  
3 with those areas where both the number of districtwide  
4 capital-outlay full-time-equivalent students equals 80 percent  
5 or more of the current year's school capacity and the  
6 projected 5-year student growth rate is 1,000 or greater, or  
7 where the projected 5-year student growth rate is 10 percent  
8 or greater.

9 (c) If the student population has declined over the  
10 5-year period preceding the due date for submittal of an  
11 interlocal agreement by the local government and the district  
12 school board, the local government and district school board  
13 may petition the state land planning agency for a waiver of  
14 one or more of the requirements of subsection (3). The waiver  
15 must be granted if the procedures called for in subsection (3)  
16 are unnecessary because of the school district's declining  
17 school age population, considering the district's 5-year work  
18 program prepared pursuant to s. 235.185. The state land  
19 planning agency may modify or revoke the waiver upon a finding  
20 that the conditions upon which the waiver was granted no  
21 longer exist. The district school board and local governments  
22 must submit an interlocal agreement within 1 year after  
23 notification by the state land planning agency that the  
24 conditions for a waiver no longer exist.

25 (d) Interlocal agreements between local governments  
26 and district school boards adopted pursuant to s. 163.3177  
27 before the effective date of subsections (2)-(9) must be  
28 updated and executed pursuant to the requirements of  
29 subsections (2)-(9), if necessary. Amendments to interlocal  
30 agreements adopted pursuant to subsections (2)-(9) must be  
31 submitted to the state land planning agency within 30 days

Bill No. CS/HB 1341, 2nd Eng.

Amendment No.      Barcode 322050

1 after execution by the parties for review consistent with  
2 subsections (3) and (4). Local governments and the district  
3 school board in each school district are encouraged to adopt a  
4 single interlocal agreement in which all join as parties. The  
5 state land planning agency shall assemble and make available  
6 model interlocal agreements meeting the requirements of  
7 subsections (2)-(9) and shall notify local governments and,  
8 jointly with the Department of Education, the district school  
9 boards of the requirements of subsections (2)-(9), the dates  
10 for compliance, and the sanctions for noncompliance. The state  
11 land planning agency shall be available to informally review  
12 proposed interlocal agreements. If the state land planning  
13 agency has not received a proposed interlocal agreement for  
14 informal review, the state land planning agency shall, at  
15 least 60 days before the deadline for submission of the  
16 executed agreement, renotify the local government and the  
17 district school board of the upcoming deadline and the  
18 potential for sanctions.

19 (3) At a minimum, the interlocal agreement must  
20 address the following issues:

21 (a) A process by which each local government and the  
22 district school board agree and base their plans on consistent  
23 projections of the amount, type, and distribution of  
24 population growth and student enrollment. The geographic  
25 distribution of jurisdiction-wide growth forecasts is a major  
26 objective of the process.

27 (b) A process to coordinate and share information  
28 relating to existing and planned public school facilities,  
29 including school renovations and closures, and local  
30 government plans for development and redevelopment.

31 (c) Participation by affected local governments with

1 the district school board in the process of evaluating  
2 potential school closures, significant renovations to existing  
3 schools, and new school site selection before land  
4 acquisition. Local governments shall advise the district  
5 school board as to the consistency of the proposed closure,  
6 renovation, or new site with the local comprehensive plan,  
7 including appropriate circumstances and criteria under which a  
8 district school board may request an amendment to the  
9 comprehensive plan for school siting.

10 (d) A process for determining the need for and timing  
11 of on-site and off-site improvements to support new  
12 construction, proposed expansion, or redevelopment of existing  
13 schools. The process shall address identification of the party  
14 or parties responsible for the improvements.

15 (e) A process for the school board to inform the local  
16 government regarding school capacity. The capacity reporting  
17 must be consistent with laws and rules regarding measurement  
18 of school facility capacity and must also identify how the  
19 district school board will meet the public school demand based  
20 on the facilities work program adopted pursuant to s. 235.185.

21 (f) Participation of the local governments in the  
22 preparation of the annual update to the school board's 5-year  
23 district facilities work program and educational plant survey  
24 prepared pursuant to s. 235.185.

25 (g) A process for determining where and how joint use  
26 of either school board or local government facilities can be  
27 shared for mutual benefit and efficiency.

28 (h) A procedure for the resolution of disputes between  
29 the district school board and local governments, which may  
30 include the dispute-resolution processes contained in chapters  
31 164 and 186.

Amendment No. \_\_\_\_ Barcode 322050

1 as defined in s. 163.3184(1)(a), has standing to initiate the  
2 administrative proceeding and this proceeding is the sole  
3 means available to challenge the consistency of an interlocal  
4 agreement required by this section with the criteria contained  
5 in subsection (3) and this subsection. In order to have  
6 standing, each person must have submitted oral or written  
7 comments, recommendations, or objections to the local  
8 government or the school board before the adoption of the  
9 interlocal agreement by the district school board and local  
10 government. The district school board and local governments  
11 are parties to any such proceeding. In this proceeding, when  
12 the state land planning agency finds the interlocal agreement  
13 to be consistent with the criteria in subsection (3) and this  
14 subsection, the interlocal agreement must be determined to be  
15 consistent with subsection (3) and this subsection if the  
16 local government's and school board's determination of  
17 consistency is fairly debatable. When the state land planning  
18 agency finds the interlocal agreement to be inconsistent with  
19 the requirements of subsection (3) and this subsection, the  
20 local government's and school board's determination of  
21 consistency shall be sustained unless it is shown by a  
22 preponderance of the evidence that the interlocal agreement is  
23 inconsistent.

24 (c) If the state land planning agency enters a final  
25 order that finds that the interlocal agreement is inconsistent  
26 with the requirements of subsection (3) or this subsection,  
27 the state land planning agency shall forward it to the  
28 Administration Commission, which may impose sanctions against  
29 the local government pursuant to s. 163.3184(11) and may  
30 impose sanctions against the district school board by  
31 directing the Department of Education to withhold an

1 equivalent amount of funds for school construction available  
2 pursuant to ss. 235.187, 235.216, 235.2195, and 235.42.

3 (5) If an executed interlocal agreement is not timely  
4 submitted to the state land planning agency for review, the  
5 state land planning agency shall, within 15 working days after  
6 the deadline for submittal, issue to the local government and  
7 the district school board a Notice to Show Cause why sanctions  
8 should not be imposed for failure to submit an executed  
9 interlocal agreement by the deadline established by the  
10 agency. The agency shall forward the notice and the responses  
11 to the Administration Commission, which may enter a final  
12 order citing the failure to comply and imposing sanctions  
13 against the local government and district school board by  
14 directing the appropriate agencies to withhold at least 5  
15 percent of state funds pursuant to s. 163.3184(11) and by  
16 directing the Department of Education to withhold from the  
17 district school board at least 5 percent of funds for school  
18 construction available pursuant to ss. 235.187, 235.216,  
19 235.2195, and 235.42.

20 (6) Any local government transmitting a public school  
21 element to implement school concurrency pursuant to the  
22 requirements of s. 163.3180 before the effective date of this  
23 section is not required to amend the element or any interlocal  
24 agreement to conform with the provisions of subsections  
25 (2)-(8) if the element is adopted prior to or within 1 year  
26 after the effective date of subsections (2)-(8) and remains in  
27 effect.

28 (7) Except as provided in subsection (8),  
29 municipalities having no established need for a new facility  
30 and meeting the following criteria are exempt from the  
31 requirements of subsections (2), (3) and (4):

14 2. The district school board will not spend the surtax

1 follows:

2 1. Fixed thresholds.--

3 a. A development that is at or below 100 ~~80~~ percent of  
4 all numerical thresholds in the guidelines and standards shall  
5 not be required to undergo development-of-regional-impact  
6 review.

7 b. A development that is at or above 120 percent of  
8 any numerical threshold shall be required to undergo  
9 development-of-regional-impact review.

10 c. Projects certified under s. 403.973 which create at  
11 least 100 jobs and meet the criteria of the Office of Tourism,  
12 Trade, and Economic Development as to their impact on an  
13 area's economy, employment, and prevailing wage and skill  
14 levels that are at or below 100 percent of the numerical  
15 thresholds for industrial plants, industrial parks,  
16 distribution, warehousing or wholesaling facilities, office  
17 development or multiuse projects other than residential, as  
18 described in s. 380.0651(3)(c), (d), and (i), are not required

24 ~~b.~~ It shall be presumed that a development that is at  
25 100 percent or between 100 and 120 percent of a numerical  
26 threshold shall be required to undergo  
27 development-of-regional-impact review.

28 (4) BINDING LETTER.--

30 paragraph by agreeing to undergo  
31 development-of-regional-impact review pursuant to this

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 section, the state land planning agency or local government  
2 with jurisdiction over the land on which a development is  
3 proposed may require a developer to obtain a binding letter  
4 if+

5 ~~1. the development is at a presumptive numerical~~  
6 ~~threshold or up to 20 percent above a numerical threshold in~~  
7 ~~the guidelines and standards.~~~~7 or~~

8 ~~2. The development is between a presumptive numerical~~  
9 ~~threshold and 20 percent below the numerical threshold and the~~  
10 ~~local government or the state land planning agency is in doubt~~  
11 ~~as to whether the character or magnitude of the development at~~  
12 ~~the proposed location creates a likelihood that the~~  
13 ~~development will have a substantial effect on the health,~~  
14 ~~safety, or welfare of citizens of more than one county.~~

15 (8) PRELIMINARY DEVELOPMENT AGREEMENTS.--

16 (a) A developer may enter into a written preliminary  
17 development agreement with the state land planning agency to  
18 allow a developer to proceed with a limited amount of the  
19 total proposed development, subject to all other governmental  
20 approvals and solely at the developer's own risk, prior to  
21 issuance of a final development order. All owners of the land  
22 in the total proposed development shall join the developer as  
23 parties to the agreement. Each agreement shall include and be  
24 subject to the following conditions:

25 1. The developer shall comply with the preapplication  
26 conference requirements pursuant to subsection (7) within 45  
27 days after the execution of the agreement.

28 2. The developer shall file an application for  
29 development approval for the total proposed development within  
30 3 months after execution of the agreement, unless the state  
31 land planning agency agrees to a different time for good cause

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 shown. Failure to timely file an application and to otherwise  
2 diligently proceed in good faith to obtain a final development  
3 order shall constitute a breach of the preliminary development  
4 agreement.

5           3. The agreement shall include maps and legal  
6 descriptions of both the preliminary development area and the  
7 total proposed development area and shall specifically  
8 describe the preliminary development in terms of magnitude and  
9 location. The area approved for preliminary development must  
10 be included in the application for development approval and  
11 shall be subject to the terms and conditions of the final  
12 development order.

13           4. The preliminary development shall be limited to  
14 lands that the state land planning agency agrees are suitable  
15 for development and shall only be allowed in areas where  
16 adequate public infrastructure exists to accommodate the  
17 preliminary development, when such development will utilize  
18 public infrastructure. The developer must also demonstrate  
19 that the preliminary development will not result in material  
20 adverse impacts to existing resources or existing or planned  
21 facilities.

22           5. The preliminary development agreement may allow  
23 development which is:

24           a. Less than or equal to 100 ~~80~~ percent of any  
25 applicable threshold if the developer demonstrates that such  
26 development is consistent with subparagraph 4.; or

27           b. Less than 120 percent of any applicable threshold  
28 if the developer demonstrates that such development is part of  
29 a proposed downtown development of regional impact specified  
30 in subsection (22) or part of any areawide development of  
31 regional impact specified in subsection (25) and that the

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 development is consistent with subparagraph 4.

2           6. The developer and owners of the land may not claim  
3 vested rights, or assert equitable estoppel, arising from the  
4 agreement or any expenditures or actions taken in reliance on  
5 the agreement to continue with the total proposed development  
6 beyond the preliminary development. The agreement shall not  
7 entitle the developer to a final development order approving  
8 the total proposed development or to particular conditions in  
9 a final development order.

10           7. The agreement shall not prohibit the regional  
11 planning agency from reviewing or commenting on any regional  
12 issue that the regional agency determines should be included  
13 in the regional agency's report on the application for  
14 development approval.

15           8. The agreement shall include a disclosure by the  
16 developer and all the owners of the land in the total proposed  
17 development of all land or development within 5 miles of the  
18 total proposed development in which they have an interest and  
19 shall describe such interest.

20           9. In the event of a breach of the agreement or  
21 failure to comply with any condition of the agreement, or if  
22 the agreement was based on materially inaccurate information,  
23 the state land planning agency may terminate the agreement or  
24 file suit to enforce the agreement as provided in this section  
25 and s. 380.11, including a suit to enjoin all development.

26           10. A notice of the preliminary development agreement  
27 shall be recorded by the developer in accordance with s.  
28 28.222 with the clerk of the circuit court for each county in  
29 which land covered by the terms of the agreement is located.  
30 The notice shall include a legal description of the land  
31 covered by the agreement and shall state the parties to the

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 agreement, the date of adoption of the agreement and any  
2 subsequent amendments, the location where the agreement may be  
3 examined, and that the agreement constitutes a land  
4 development regulation applicable to portions of the land  
5 covered by the agreement. The provisions of the agreement  
6 shall inure to the benefit of and be binding upon successors  
7 and assigns of the parties in the agreement.

8           11. Except for those agreements which authorize  
9 preliminary development for substantial deviations pursuant to  
10 subsection (19), a developer who no longer wishes to pursue a  
11 development of regional impact may propose to abandon any  
12 preliminary development agreement executed after January 1,  
13 1985, including those pursuant to s. 380.032(3), provided at  
14 the time of abandonment:

15           a. A final development order under this section has  
16 been rendered that approves all of the development actually  
17 constructed; or

18           b. The amount of development is less than 100 ~~80~~  
19 percent of all numerical thresholds of the guidelines and  
20 standards, and the state land planning agency determines in  
21 writing that the development to date is in compliance with all  
22 applicable local regulations and the terms and conditions of  
23 the preliminary development agreement and otherwise adequately  
24 mitigates for the impacts of the development to date.

25

26 In either event, when a developer proposes to abandon said  
27 agreement, the developer shall give written notice and state  
28 that he or she is no longer proposing a development of  
29 regional impact and provide adequate documentation that he or  
30 she has met the criteria for abandonment of the agreement to  
31 the state land planning agency. Within 30 days of receipt of

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 adequate documentation of such notice, the state land planning  
2 agency shall make its determination as to whether or not the  
3 developer meets the criteria for abandonment. Once the state  
4 land planning agency determines that the developer meets the  
5 criteria for abandonment, the state land planning agency shall  
6 issue a notice of abandonment which shall be recorded by the  
7 developer in accordance with s. 28.222 with the clerk of the  
8 circuit court for each county in which land covered by the  
9 terms of the agreement is located.

10 (12) REGIONAL REPORTS.--

11 (a) Within 50 days after receipt of the notice of  
12 public hearing required in paragraph (11)(c), the regional  
13 planning agency, if one has been designated for the area  
14 including the local government, shall prepare and submit to  
15 the local government a report and recommendations on the  
16 regional impact of the proposed development. In preparing its  
17 report and recommendations, the regional planning agency shall  
18 identify regional issues based upon the following review  
19 criteria and make recommendations to the local government on  
20 these regional issues, specifically considering whether, and  
21 the extent to which:

22 1. The development will have a favorable or  
23 unfavorable impact on state or regional resources or  
24 facilities identified in the applicable state or regional  
25 plans. For the purposes of this subsection, "applicable state  
26 plan" means the state comprehensive plan. For the purposes of  
27 this subsection, "applicable regional plan" means an adopted  
28 comprehensive regional policy plan until the adoption of a  
29 strategic regional policy plan pursuant to s. 186.508, and  
30 thereafter means an adopted strategic regional policy plan.

31 2. The development will significantly impact adjacent

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 jurisdictions. At the request of the appropriate local  
2 government, regional planning agencies may also review and  
3 comment upon issues that affect only the requesting local  
4 government.

5           3. As one of the issues considered in the review in  
6 subparagraphs 1. and 2., the development will favorably or  
7 adversely affect the ability of people to find adequate  
8 housing reasonably accessible to their places of employment.  
9 The determination should take into account information on  
10 factors that are relevant to the availability of reasonably  
11 accessible adequate housing. Adequate housing means housing  
12 that is available for occupancy and that is not substandard.

13           (b) At the request of the regional planning agency,  
14 other appropriate agencies shall review the proposed  
15 development and shall prepare reports and recommendations on  
16 issues that are clearly within the jurisdiction of those  
17 agencies. Such agency reports shall become part of the  
18 regional planning agency report; however, the regional  
19 planning agency may attach dissenting views. When water  
20 management district and Department of Environmental Protection  
21 permits have been issued pursuant to chapter 373 or chapter  
22 403, the regional planning council may comment on the regional  
23 implications of the permits but may not offer conflicting  
24 recommendations.

25           (c) The regional planning agency shall afford the  
26 developer or any substantially affected party reasonable  
27 opportunity to present evidence to the regional planning  
28 agency head relating to the proposed regional agency report  
29 and recommendations.

30           (d) When the location of a proposed development  
31 involves land within the boundaries of multiple regional

Amendment No. \_\_\_\_ Barcode 322050

1 planning councils, the state land planning agency shall  
2 designate a lead regional planning council. The lead regional  
3 planning council shall prepare the regional report.

4 (15) LOCAL GOVERNMENT DEVELOPMENT ORDER.--

5 (c) The development order shall include findings of  
6 fact and conclusions of law consistent with subsections (13)  
7 and (14). The development order:

8 1. Shall specify the monitoring procedures and the  
9 local official responsible for assuring compliance by the  
10 developer with the development order.

11 2. Shall establish compliance dates for the  
12 development order, including a deadline for commencing  
13 physical development and for compliance with conditions of  
14 approval or phasing requirements, and shall include a  
15 termination date that reasonably reflects the time required to  
16 complete the development.

17 3. Shall establish a date until which the local  
18 government agrees that the approved development of regional  
19 impact shall not be subject to downzoning, unit density  
20 reduction, or intensity reduction, unless the local government  
21 can demonstrate that substantial changes in the conditions  
22 underlying the approval of the development order have occurred  
23 or the development order was based on substantially inaccurate  
24 information provided by the developer or that the change is  
25 clearly established by local government to be essential to the  
26 public health, safety, or welfare.

27 4. Shall specify the requirements for the biennial  
28 ~~annual~~ report designated under subsection (18), including the  
29 date of submission, parties to whom the report is submitted,  
30 and contents of the report, based upon the rules adopted by  
31 the state land planning agency. Such rules shall specify the

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1 scope of any additional local requirements that may be  
2 necessary for the report.

3 5. May specify the types of changes to the development  
4 which shall require submission for a substantial deviation  
5 determination under subsection (19).

6 6. Shall include a legal description of the property.

7 (18) BIENNIAL ~~ANNUAL~~ REPORTS.--The developer shall  
8 submit a biennial ~~an annual~~ report on the development of  
9 regional impact to the local government, the regional planning  
10 agency, the state land planning agency, and all affected  
11 permit agencies in alternate years on the date specified in  
12 the development order, unless the development order by its  
13 terms requires more frequent monitoring. If the ~~annual~~ report  
14 is not received, the regional planning agency or the state  
15 land planning agency shall notify the local government. If  
16 the local government does not receive the ~~annual~~ report or  
17 receives notification that the regional planning agency or the  
18 state land planning agency has not received the report, the  
19 local government shall request in writing that the developer  
20 submit the report within 30 days. The failure to submit the  
21 report after 30 days shall result in the temporary suspension  
22 of the development order by the local government. If no  
23 additional development pursuant to the development order has  
24 occurred since the submission of the previous report, then a  
25 letter from the developer stating that no development has  
26 occurred shall satisfy the requirement for a report.  
27 Development orders that require annual reports may be amended  
28 to require biennial reports at the option of the local  
29 government.

30 (19) SUBSTANTIAL DEVIATIONS.--

31 (b) Any proposed change to a previously approved

Amendment No. \_\_\_\_ Barcode 322050

1 development of regional impact or development order condition  
2 which, either individually or cumulatively with other changes,  
3 exceeds any of the following criteria shall constitute a  
4 substantial deviation and shall cause the development to be  
5 subject to further development-of-regional-impact review  
6 without the necessity for a finding of same by the local  
7 government:

8           1. An increase in the number of parking spaces at an  
9 attraction or recreational facility by 5 percent or 300  
10 spaces, whichever is greater, or an increase in the number of  
11 spectators that may be accommodated at such a facility by 5  
12 percent or 1,000 spectators, whichever is greater.

13           2. A new runway, a new terminal facility, a 25-percent  
14 lengthening of an existing runway, or a 25-percent increase in  
15 the number of gates of an existing terminal, but only if the  
16 increase adds at least three additional gates. However, if an  
17 airport is located in two counties, a 10-percent lengthening  
18 of an existing runway or a 20-percent increase in the number  
19 of gates of an existing terminal is the applicable criteria.

20           3. An increase in the number of hospital beds by 5  
21 percent or 60 beds, whichever is greater.

22           4. An increase in industrial development area by 5  
23 percent or 32 acres, whichever is greater.

24           5. An increase in the average annual acreage mined by  
25 5 percent or 10 acres, whichever is greater, or an increase in  
26 the average daily water consumption by a mining operation by 5  
27 percent or 300,000 gallons, whichever is greater. An increase  
28 in the size of the mine by 5 percent or 750 acres, whichever  
29 is less.

30           6. An increase in land area for office development by  
31 5 percent ~~or 6 acres, whichever is greater,~~ or an increase of

1 gross floor area of office development by 5 percent or 60,000  
2 gross square feet, whichever is greater.

3 7. An increase in the storage capacity for chemical or  
4 petroleum storage facilities by 5 percent, 20,000 barrels, or  
5 7 million pounds, whichever is greater.

6 8. An increase of development at a waterport of wet  
7 storage for 20 watercraft, dry storage for 30 watercraft, or  
8 wet/dry storage for 60 watercraft in an area identified in the  
9 state marina siting plan as an appropriate site for additional  
10 waterport development or a 5-percent increase in watercraft  
11 storage capacity, whichever is greater.

12 9. An increase in the number of dwelling units by 5  
13 percent or 50 dwelling units, whichever is greater.

14 10. An increase in commercial development by ~~6 acres~~  
15 ~~of land area or by~~ 50,000 square feet of gross floor area, or  
16 of parking spaces provided for customers for 300 cars or a  
17 5-percent increase of either ~~any~~ of these, whichever is  
18 greater.

19 11. An increase in hotel or motel facility units by 5  
20 percent or 75 units, whichever is greater.

21 12. An increase in a recreational vehicle park area by  
22 5 percent or 100 vehicle spaces, whichever is less.

23 13. A decrease in the area set aside for open space of  
24 5 percent or 20 acres, whichever is less.

25 14. A proposed increase to an approved multiuse  
26 development of regional impact where the sum of the increases  
27 of each land use as a percentage of the applicable substantial  
28 deviation criteria is equal to or exceeds 100 percent. The  
29 percentage of any decrease in the amount of open space shall  
30 be treated as an increase for purposes of determining when 100  
31 percent has been reached or exceeded.

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1           15. A 15-percent increase in the number of external  
2 vehicle trips generated by the development above that which  
3 was projected during the original  
4 development-of-regional-impact review.

5           16. Any change which would result in development of  
6 any area which was specifically set aside in the application  
7 for development approval or in the development order for  
8 preservation or special protection of endangered or threatened  
9 plants or animals designated as endangered, threatened, or  
10 species of special concern and their habitat, primary dunes,  
11 or archaeological and historical sites designated as  
12 significant by the Division of Historical Resources of the  
13 Department of State. The further refinement of such areas by  
14 survey shall be considered under sub-subparagraph (e)5.b.

15  
16 The substantial deviation numerical standards in subparagraphs  
17 4., 6., 10., 14., excluding residential uses, and 15., are  
18 increased by 100 percent for a project certified under s.  
19 403.973 which creates jobs and meets criteria established by  
20 the Office of Tourism, Trade, and Economic Development as to  
21 its impact on an area's economy, employment, and prevailing  
22 wage and skill levels. The substantial deviation numerical  
23 standards in subparagraphs 4., 6., 9., 10., 11., and 14. are  
24 increased by 50 percent for a project located wholly within an  
25 urban infill and redevelopment area designated on the  
26 applicable adopted local comprehensive plan future land use  
27 map and not located within the coastal high hazard area.

28           (c) An extension of the date of buildout of a  
29 development, or any phase thereof, by 7 or more years shall be  
30 presumed to create a substantial deviation subject to further  
31 development-of-regional-impact review. An extension of 6 years

Amendment No. \_\_\_\_ Barcode 322050

1 or more, but less than 7 years, shall be presumed not to  
2 create a substantial deviation.~~An extension of the date of~~  
3 ~~buildout, or any phase thereof, of 5 years or more but less~~  
4 ~~than 7 years shall be presumed not to create a substantial~~  
5 ~~deviation.~~These presumptions may be rebutted by clear and  
6 convincing evidence at the public hearing held by the local  
7 government. An extension of the date of buildout, or any phase  
8 thereof, of less than 6 5 years is not a substantial  
9 deviation. For the purpose of calculating when a buildout,  
10 phase, or termination date has been exceeded, the time shall  
11 be tolled during the pendency of administrative or judicial  
12 proceedings relating to development permits. Any extension of  
13 the buildout date of a project or a phase thereof shall  
14 automatically extend the commencement date of the project, the  
15 termination date of the development order, the expiration date  
16 of the development of regional impact, and the phases thereof  
17 by a like period of time.

18 (e)1. ~~A proposed change which, either individually or,~~  
19 ~~if there were previous changes, cumulatively with those~~  
20 ~~changes, is equal to or exceeds 40 percent of any numerical~~  
21 ~~criterion in subparagraphs (b)1.-15., but which does not~~  
22 ~~exceed such criterion, shall be presumed not to create a~~  
23 ~~substantial deviation subject to further~~  
24 ~~development-of-regional-impact review. The presumption may be~~  
25 ~~rebutted by clear and convincing evidence at the public~~  
26 ~~hearing held by the local government pursuant to subparagraph~~  
27 ~~(f)5.~~

28 ~~2.~~ Except for a development order rendered pursuant to  
29 subsection (22) or subsection (25), a proposed change to a  
30 development order that individually or cumulatively with any  
31 previous change is less than ~~40 percent~~ of any numerical

1 criterion contained in subparagraphs (b)1.-15. and does not  
2 exceed any other criterion, or that involves an extension of  
3 the buildout date of a development, or any phase thereof, of  
4 less than 6 5 years is not a substantial deviation,is not  
5 subject to the public hearing requirements of subparagraph  
6 (f)3., and is not subject to a determination pursuant to  
7 subparagraph (f)5. Notice of the proposed change shall be  
8 made to the regional planning council and the state land  
9 planning agency. Such notice shall include a description of  
10 previous individual changes made to the development, including  
11 changes previously approved by the local government, and shall  
12 include appropriate amendments to the development order.

13 2. The following changes, individually or cumulatively  
14 with any previous changes, are not substantial deviations:

15 a. Changes in the name of the project, developer,  
16 owner, or monitoring official.

17 b. Changes to a setback that do not affect noise  
18 buffers, environmental protection or mitigation areas, or  
19 archaeological or historical resources.

20 c. Changes to minimum lot sizes.

21 d. Changes in the configuration of internal roads that  
22 do not affect external access points.

23 e. Changes to the building design or orientation that  
24 stay approximately within the approved area designated for  
25 such building and parking lot, and which do not affect  
26 historical buildings designated as significant by the Division  
27 of Historical Resources of the Department of State.

28 f. Changes to increase the acreage in the development,  
29 provided that no development is proposed on the acreage to be  
30 added.

1 that there are no additional regional impacts.

2 h. Changes required to conform to permits approved by  
3 any federal, state, or regional permitting agency, provided  
4 that these changes do not create additional regional impacts.

5 i. Any renovation or redevelopment of development  
6 within a previously approved development of regional impact  
7 which does not change land use or increase density or  
8 intensity of use.

9 ~~(j)i.~~ Any other change which the state land planning  
10 agency agrees in writing is similar in nature, impact, or  
11 character to the changes enumerated in sub-subparagraphs a.-i.  
12 ~~a.-h.~~ and which does not create the likelihood of any  
13 additional regional impact.

14

15 This subsection does not require a development order amendment  
16 for any change listed in sub-subparagraphs a.-j. ~~a.-i.~~ unless  
17 such issue is addressed either in the existing development  
18 order or in the application for development approval, but, in  
19 the case of the application, only if, and in the manner in  
20 which, the application is incorporated in the development  
21 order.

22 3. Except for the change authorized by  
23 sub-subparagraph 2.f., any addition of land not previously  
24 reviewed or any change not specified in paragraph (b) or  
25 paragraph (c) shall be presumed to create a substantial  
26 deviation. This presumption may be rebutted by clear and  
27 convincing evidence.

28 4. Any submittal of a proposed change to a previously  
29 approved development shall include a description of individual  
30 changes previously made to the development, including changes  
31 previously approved by the local government. The local

1 government shall consider the previous and current proposed  
2 changes in deciding whether such changes cumulatively  
3 constitute a substantial deviation requiring further  
4 development-of-regional-impact review.

5           5. The following changes to an approved development of  
6 regional impact shall be presumed to create a substantial  
7 deviation. Such presumption may be rebutted by clear and  
8 convincing evidence.

9           a. A change proposed for 15 percent or more of the  
10 acreage to a land use not previously approved in the  
11 development order. Changes of less than 15 percent shall be  
12 presumed not to create a substantial deviation.

13           b. Except for the types of uses listed in subparagraph  
14 (b)16., any change which would result in the development of  
15 any area which was specifically set aside in the application  
16 for development approval or in the development order for  
17 preservation, buffers, or special protection, including  
18 habitat for plant and animal species, archaeological and  
19 historical sites, dunes, and other special areas.

20           c. Notwithstanding any provision of paragraph (b) to  
21 the contrary, a proposed change consisting of simultaneous  
22 increases and decreases of at least two of the uses within an  
23 authorized multiuse development of regional impact which was  
24 originally approved with three or more uses specified in s.  
25 380.0651(3)(c), (d), (f), and (g) and residential use.

26           (f)1. The state land planning agency shall establish  
27 by rule standard forms for submittal of proposed changes to a  
28 previously approved development of regional impact which may  
29 require further development-of-regional-impact review. At a  
30 minimum, the standard form shall require the developer to  
31 provide the precise language that the developer proposes to

2           2. The developer shall submit, simultaneously, to the  
3 local government, the regional planning agency, and the state  
4 land planning agency the request for approval of a proposed  
5 change.

6           3. No sooner than 30 days but no later than 45 days  
7 after submittal by the developer to the local government, the  
8 state land planning agency, and the appropriate regional  
9 planning agency, the local government shall give 15 days'  
10 notice and schedule a public hearing to consider the change  
11 that the developer asserts does not create a substantial  
12 deviation. This public hearing shall be held within 90 days  
13 after submittal of the proposed changes, unless that time is  
14 extended by the developer.

15           4. The appropriate regional planning agency or the  
16 state land planning agency shall review the proposed change  
17 and, no later than 45 days after submittal by the developer of  
18 the proposed change, unless that time is extended by the  
19 developer, and prior to the public hearing at which the  
20 proposed change is to be considered, shall advise the local  
21 government in writing whether it objects to the proposed  
22 change, shall specify the reasons for its objection, if any,  
23 and shall provide a copy to the developer. ~~A change which is~~  
24 ~~subject to the substantial deviation criteria specified in~~  
25 ~~sub-subparagraph (e)5.c. shall not be subject to this~~  
26 ~~requirement.~~

27           5. At the public hearing, the local government shall  
28 determine whether the proposed change requires further  
29 development-of-regional-impact review. The provisions of  
30 paragraphs (a) and (e), the thresholds set forth in paragraph  
31 (b), and the presumptions set forth in paragraphs (c) and (d)

1 and subparagraph (e)3.~~subparagraphs (e)1. and 3.~~ shall be  
2 applicable in determining whether further  
3 development-of-regional-impact review is required.

4           6. If the local government determines that the  
5 proposed change does not require further  
6 development-of-regional-impact review and is otherwise  
7 approved, or if the proposed change is not subject to a  
8 hearing and determination pursuant to subparagraphs 3. and 5.  
9 and is otherwise approved, the local government shall issue an  
10 amendment to the development order incorporating the approved  
11 change and conditions of approval relating to the change. The  
12 decision of the local government to approve, with or without  
13 conditions, or to deny the proposed change that the developer  
14 asserts does not require further review shall be subject to  
15 the appeal provisions of s. 380.07. However, the state land  
16 planning agency may not appeal the local government decision  
17 if it did not comply with subparagraph 4. The state land  
18 planning agency may not appeal a change to a development order  
19 made pursuant to subparagraph (e)1. or subparagraph (e)2. for  
20 developments of regional impact approved after January 1,  
21 1980, unless the change would result in a significant impact  
22 to a regionally significant archaeological, historical, or  
23 natural resource not previously identified in the original  
24 development-of-regional-impact review.

25           (24) STATUTORY EXEMPTIONS.--

26           (i) Any proposed facility for the storage of any  
27 petroleum product or any expansion of an existing facility is

5 is applicable to a development of regional impact on the  
6 effective date of this act. A development that has received a  
7 development-of-regional-impact development order pursuant to  
8 section 380.06, Florida Statutes, but is no longer required to  
9 undergo development-of-regional-impact review by operation of  
10 this act, shall be governed by the following procedures:

11           (a) The development shall continue to be governed by  
12 the development-of-regional-impact development order and may  
13 be completed in reliance upon and pursuant to the development  
14 order. The development-of-regional-impact development order

17           (b) If requested by the developer or landowner, the  
18 development-of-regional-impact development order may be

22 section 380.06(10), Florida Statutes, on the effective date of  
23 this act, or a notification of proposed change pending on the  
24 effective date of this act, may elect to continue such review  
25 pursuant to section 380.06, Florida Statutes. At the  
26 conclusion of the pending review, including any appeals  
27 pursuant to section 380.07, Florida Statutes, the resulting  
28 development order shall be governed by the provisions of  
29 subsection (1).

30           Section 34. Subsection (6) is added to s. 163.3194,  
31 Florida Statutes, to read:

Bill No. CS/HB 1341, 2nd Eng.

Amendment No. \_\_\_\_ Barcode 322050

1           163.3194 Legal status of comprehensive plan.--

2           (1)(a) After a comprehensive plan, or element or  
3 portion thereof, has been adopted in conformity with this act,  
4 all development undertaken by, and all actions taken in regard  
5 to development orders by, governmental agencies in regard to  
6 land covered by such plan or element shall be consistent with  
7 such plan or element as adopted.

8           (b) All land development regulations enacted or  
9 amended shall be consistent with the adopted comprehensive  
10 plan, or element or portion thereof, and any land development  
11 regulations existing at the time of adoption which are not  
12 consistent with the adopted comprehensive plan, or element or  
13 portion thereof, shall be amended so as to be consistent. If  
14 a local government allows an existing land development  
15 regulation which is inconsistent with the most recently  
16 adopted comprehensive plan, or element or portion thereof, to  
17 remain in effect, the local government shall adopt a schedule  
18 for bringing the land development regulation into conformity  
19 with the provisions of the most recently adopted comprehensive  
20 plan, or element or portion thereof. During the interim  
21 period when the provisions of the most recently adopted  
22 comprehensive plan, or element or portion thereof, and the  
23 land development regulations are inconsistent, the provisions  
24 of the most recently adopted comprehensive plan, or element or  
25 portion thereof, shall govern any action taken in regard to an  
26 application for a development order.

27           (2) After a comprehensive plan for the area, or  
28 element or portion thereof, is adopted by the governing body,  
29 no land development regulation, land development code, or  
30 amendment thereto shall be adopted by the governing body until  
31 such regulation, code, or amendment has been referred either

Amendment No. \_\_\_\_ Barcode 322050

1 to the local planning agency or to a separate land development  
2 regulation commission created pursuant to local ordinance, or  
3 to both, for review and recommendation as to the relationship  
4 of such proposal to the adopted comprehensive plan, or element  
5 or portion thereof. Said recommendation shall be made within a  
6 reasonable time, but no later than within 2 months after the  
7 time of reference. If a recommendation is not made within the  
8 time provided, then the governing body may act on the  
9 adoption.

10 (3)(a) A development order or land development  
11 regulation shall be consistent with the comprehensive plan if  
12 the land uses, densities or intensities, and other aspects of  
13 development permitted by such order or regulation are  
14 compatible with and further the objectives, policies, land  
15 uses, and densities or intensities in the comprehensive plan  
16 and if it meets all other criteria enumerated by the local  
17 government.

18 (b) A development approved or undertaken by a local  
19 government shall be consistent with the comprehensive plan if  
20 the land uses, densities or intensities, capacity or size,  
21 timing, and other aspects of the development are compatible  
22 with and further the objectives, policies, land uses, and  
23 densities or intensities in the comprehensive plan and if it  
24 meets all other criteria enumerated by the local government.

25 (4)(a) A court, in reviewing local governmental action  
26 or development regulations under this act, may consider, among  
27 other things, the reasonableness of the comprehensive plan, or  
28 element or elements thereof, relating to the issue justiciably  
29 raised or the appropriateness and completeness of the  
30 comprehensive plan, or element or elements thereof, in  
31 relation to the governmental action or development regulation

1 under consideration. The court may consider the relationship  
2 of the comprehensive plan, or element or elements thereof, to  
3 the governmental action taken or the development regulation  
4 involved in litigation, but private property shall not be  
5 taken without due process of law and the payment of just  
6 compensation.

7 (b) It is the intent of this act that the  
8 comprehensive plan set general guidelines and principles  
9 concerning its purposes and contents and that this act shall  
10 be construed broadly to accomplish its stated purposes and  
11 objectives.

12 (5) The tax-exempt status of lands classified as  
13 agricultural under s. 193.461 shall not be affected by any  
14 comprehensive plan adopted under this act as long as the land  
15 meets the criteria set forth in s. 193.461.

16 (6) If a proposed solid waste management facility is  
17 permitted by the Department of Environmental Protection to  
18 receive materials from the construction or demolition of a  
19 road or other transportation facility, a local government may  
20 not deny an application for a development approval for a  
21 requested land use that would accommodate such a facility,  
22 provided the local government previously approved a land use  
23 classification change to a local comprehensive plan or  
24 approved a rezoning to a category allowing such land use on  
25 the parcel, and the requested land use was disclosed during  
26 the previous comprehensive plan or rezoning hearing as being  
27 an express purpose of the land use changes.

28 Section 35. It is the intent of the Legislature that  
29 section 14 or section 33 of this act shall not affect the  
30 outcome of any litigation pending on the effective date of  
31 this act, including any future appeals. It is the further

1 intent of the Legislature that section 14 or section 33 of  
2 this act do not serve as legal authority support of any party  
3 to such litigation or any appeal thereof.

4 Section 36. It is the intent of the Legislature that  
5 section 19 of this act shall not affect the outcome of  
6 Pinecrest Lakes, Inc. v. Schidel, 795 So.2d 191 (Fla. 4th DCA  
7 2001), rehearing denied, 802 So.2d 486.
