8 (3) The term "official state business" may not be

11 vehicle is authorized as a perquisite by the Department of
12 Management Services, required by an employee after normal duty
13 hours to perform duties of the position to which assigned, or
14 authorized for an employee whose home is the official base of

30 (5) Beginning July 1, 2002, each state agency's
31 inspector general shall conduct an annual review of motor

1 vehicle utilization. This review shall determine the
2 cost-effectiveness of vehicle assignment and utilization
3 within the agency. The purpose of this review is to determine
4 whether employees with assigned motor vehicles are driving the
5 vehicles a sufficient number of miles to warrant continued
6 vehicle assignment and whether employees are driving personal
7 vehicles extensively on state business. In making this
8 determination, the inspector general shall use the break-even
9 mileage criteria developed by the Department of Management
10 Services. Commuting mileage shall be excluded from calculating
11 vehicle use. The report, including findings and
12 recommendations, shall be presented to the agency head by
13 December 31 each year.~~Each state agency's head shall, by~~
14 ~~December 31, 2000, conduct a review of motor vehicle~~

16 ~~general. This review shall consist of two parts. The first~~
17 ~~part of the review shall determine the number of miles that~~
18 ~~each assigned motor vehicle has been driven on official state~~
19 ~~business in the past fiscal year. Commuting mileage shall be~~
20 ~~excluded from calculating vehicle use. The purpose of this~~
21 ~~review is to determine whether employees with assigned motor~~
22 ~~vehicles are driving the vehicles a sufficient number of miles~~
23 ~~to warrant continued vehicle assignment. The second part of~~
24 ~~the review shall identify employees who have driven personal~~
25 ~~vehicles extensively on state business in the past fiscal~~
26 ~~year. The purpose of this review is to determine whether it~~
27 ~~would be cost-effective to provide state motor vehicles to~~
28 ~~such employees. In making this determination, the inspector~~
29 ~~general shall use the break-even mileage criteria developed by~~
30 ~~the Department of Management Services. A copy of the review~~
