12 Section 1. Paragraph (d) is added to subsection (20)
13 of section 230.23, Florida Statutes, to read:

14 230.23 Powers and duties of school board.--The school
15 board, acting as a board, shall exercise all powers and
16 perform all duties listed below:

17 (20) SCHOOL-WITHIN-A-SCHOOL.--In order to reduce the
18 anonymity of students in large schools, the district school
19 board shall adopt policies effective for the 2002-2003 school

23 shall operate within existing resources. A
24 "school-within-a-school" means an operational program that
25 uses flexible scheduling, team planning, and curricular and

27 groups of teachers as smaller units, so as to functionally
28 operate as a smaller school. Examples of this include, but are
29 not limited to:

30 (d) A physical plant design that would house students
31 grouped by the smaller school designation in buildings that

1 surround or are easily accessible to a structure containing
2 core facilities, as defined by rule of the Department of
3 Education, which would be shared by the surrounding buildings.

19

20 A school on a single campus which operates as a
21 school-within-a-school, as defined by s. 230.23(20), shall be
22 considered a small school if each smaller unit located on the
23 single campus meets the requirements of this subsection.

24 (4) EXCEPTIONS.--

25 (a) This section does not apply to plans for new
26 educational facilities already under architectural contract on
27 July 1, 2003.

28 (b) The Commissioner of Education may approve an
29 exemption to the small school requirement under any of the
30 following conditions:

31

- 1 1. An interlocal agreement between the school district
2 and the local governmental body having geographic jurisdiction
3 requires specified construction of schools under s. 163.3177;
4 2. The school district has submitted documentation
5 that the lowest bid or request for proposals meeting small
6 schools specifications would exceed the per-pupil station cost
7 defined in s. 235.216; or
8 3. The school district has submitted documentation
9 that school siting is unavailable or excessively priced above
10 appraisal and that to pursue a small school in the particular
11 location would not be in the best interest of the district's
