B. PRESENT SITUATION:

**Background**

The St. Augustine–St. Johns County Airport Authority (Authority), originally known as the St. Augustine Airport Authority, was created in 1963, by chapter 63-1853, Laws of Florida and has been subsequently amended. Current law does not authorize the employment of an Executive Director nor does it authorize the activities necessary to create and support multimodal transportation facilities to interconnect with and support airport activities.

**Codification of Special Acts**

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district’s charter provisions. To ascertain the current status of a special district’s charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was authorized by the 1997 Legislature when it amended chapter 189, F.S., to provide for codification of all special district charters either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. Section 189.429, F.S. (1997), also required that no changes be made to a district’s charter, as it existed on October 1, 1997. However, the 1998 Legislature amended section 189.429, F.S., to: (1) extend the codification deadline to December 1, 2004; (2) allow for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs; (3) remove the prohibition of substantive amendments in a district’s codification bill; and (4) remove the requirement that a codified charter must be submitted prior to the introduction of any act relating to the charter or prior to the scheduled deadline. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district. Additionally, the 2001 Legislature amended section 189.429, F.S. creating subsections (2) and (3). The subsections provide that reenactment of existing law pursuant to section 189.429: (1) shall not be construed to grant additional authority nor to supercede the authority of an entity; (2) shall continue the application of exceptions to law contained in special acts reenacted pursuant to the section; (3) shall not be construed to modify, amend, or alter any covenants, contracts, or other obligations of any district with respect to bonded

indebtedness; and (4) shall not be construed to affect a district's ability to levy and collect taxes, assessments, fees, or charges for the purpose of redeeming or servicing the district's bonded indebtedness.

**Schedule Of Submittals Of Special Districts' Charters**
