1 individual's benefit year. Wages used in a base period to
2 establish a monetarily eligible benefit year may not be
3 applied to establish monetary eligibility in any succeeding
4 benefit year. If information regarding wages for the calendar
5 quarter or quarters immediately preceding the benefit year has
6 not been input into the agency's mainframe database from the
7 regular quarterly reports of wage information or is otherwise
8 unavailable, the Agency for Workforce Innovation shall request
9 such information from the employer. An employer must provide
10 the requested wage information within 10 days after receiving
11 a request from the Agency for Workforce Innovation. An
12 employer who fails to provide the requested wage information
13 within the required time is subject to the penalty for
14 delinquent reports in s. 443.141(1)(b). This paragraph expires
15 July 1, 2003.

16 (c) For the 2002-2003 fiscal year only, for monetary
17 determinations based upon the alternative base period under
18 paragraph (b), if the Agency for Workforce Innovation is
19 unable to access the wage information through its mainframe
20 database, the agency may base the determination of eligibility
21 for benefits on an affidavit submitted by the individual with
22 respect to wages for those calendar quarters. The individual
23 must furnish payroll information, if available, in support of
24 the affidavit. A determination of benefits based upon an
25 alternative base period shall be adjusted when the quarterly
26 report of wage information from the employer is received, if
27 that information causes a change in the determination. This
28 paragraph expires July 1, 2003.

29 Section 50. A section of this act that implements a
30 specific appropriation or specifically identified proviso
31 language in the 2002-2003 General Appropriations Act is void

1 if the specific appropriation or specifically identified
2 proviso language is vetoed. A section of this act that
3 implements more than one specific appropriation or more than
4 one portion of specifically identified proviso language in the
5 2002-2003 General Appropriations Act is void if all the
6 specific appropriations or portions of specifically identified
7 proviso language are vetoed.

8 Section 51. The agency performance measures and
9 standards in the document entitled "Agency Performance
10 Measures and Standards for Fiscal Year 2002-2003" dated April
11 30, 2002, and filed with the Secretary of the Senate are
12 incorporated by reference. Such performance measures and
13 standards are directly linked to the appropriations made in
14 the General Appropriations Act for fiscal year 2002-2003, as
15 required by the Government Performance and Accountability Act
16 of 1994. State agencies are directed to revise their
17 Long-Range Program Plans required under section 216.013,
18 Florida Statutes, to be consistent with these performance
19 measures and standards.

20 Section 52. It is the policy of the state that funds
21 provided in the 2002-2003 General Appropriations Act may not
22 be expended for contracts in excess of \$5,000 for the radio or
23 broadcast television noncommercial sustained announcements or
24 for public-service announcements unless specifically approved
25 by the Legislative Budget Commission.

26 Section 53. If any law that is amended by this act was
27 also amended by a law enacted at the 2002 Regular Session of
28 the Legislature, such laws shall be construed as if they had
29 been enacted at the same session of the Legislature, and full
30 effect should be given to each if that is possible.
