B. EFFECT OF PROPOSED CHANGES:

Current Situation:

Section 260.014, F.S., establishes The Florida Greenways and Trails System, which consists of a statewide system of greenways and trails located on public lands and waterways and, subject to the written agreement of the landowner, on private lands. Section 260.016(1)(e), F.S., creates the Big Bend Historic Saltwater Paddling Trail from the St. Marks River to the Suwannee River and designates the trail as part of the Florida Greenways and Trails System. The trail traverses public waterways, and does not effect any private property rights.

Effect of Proposed Changes:

This bill amends s. 260.016(1)(e), F.S., to extend the southern terminus of the Big Historic Saltwater Paddling Trail to Yankeetown, which is approximately 50 miles beyond the current terminus at the Suwannee River. The extension traverses public waterways, and will not effect any private property rights.

- Section 2. Provides an effective date.
