Representative Farkas offered the following:

Amendment (with directory and title amendments)

Between line(s) 571 and 572, and insert:

(41) Every health maintenance organization shall make available to its subscribers the estimated co-pay, co-insurance, or deductible, whichever is applicable, for any covered service, the status of the subscriber's maximum annual out-of-pocket payments for a covered individual or family, and the status of the subscriber's maximum lifetime benefit. Each health maintenance organization shall, upon request of a subscriber, provide an estimate of the amount the health maintenance organization will pay for a particular medical procedure or service. The estimate may be in the form of a range of payments or an average payment. A health maintenance organization that provides a subscriber with a good faith estimate is not bound by the estimate.
