Representative Ryan offered the following:

**Amendment**

Between line(s) 709 and 710, insert:

(3) No later than 15 days after an osteopathic physician has, within a 60-month period, made three reports as required by subsection (1), and those reports involve adverse incidents, the Department of Health shall suspend the physician's license and initiate an emergency investigation and the Board of Osteopathic Medicine shall conduct an emergency probable cause hearing to determine whether the physician should be disciplined for a violation of s. 459.015(1)(x) or any other relevant provision of law. For the purposes of this subsection, an "adverse incident" means an event that results in:

- (a) The death of a patient;
- (b) Brain or spinal damage to a patient;

27 (c) The performance of a surgical procedure on the wrong  
28 patient;

29 (d) The performance of a wrong-site surgical procedure;

30 (e) The performance of a surgical procedure that is  
31 medically unnecessary or otherwise unrelated to the patient's  
32 diagnosis or medical condition;

33 (f) The surgical repair of damage to a patient resulting  
34 from a planned surgical procedure, which damage is not a  
35 recognized specific risk as disclosed to the patient and  
36 documented through the informed-consent process; or

37 (g) The performance of a procedure to remove unplanned  
38 foreign objects remaining from a surgical procedure.
