B. EFFECT OF PROPOSED CHANGES:

Background

The Key Largo Wastewater Treatment District is an independent special district, created in 2002 by ch. 2002-337, L.O.F., and charged with constructing and operating a wastewater treatment system for Key Largo.¹ The Key Largo Wastewater Board is responsible for ensuring that state-mandated advanced wastewater treatment standards are achieved in Key Largo by 2010.² The five member governing board is elected.

The Administrative Procedure Act, ch. 120, F.S. (the "APA"), is applicable to state executive branch agencies and departments, regional planning agencies, and multicounty special districts in which a majority of the governing board consists of nonelected persons. See s. 120.52(1), F.S. The APA is only applicable to other entities, such as the Key Largo Wastewater Treatment District, if provision is made for applicability of the APA in general or special law applicable to the district. Section 4(2)(b) of the current charter for the district requires it to comply with the APA. Typically, single-county districts like the Key Largo Wastewater Treatment District are not required to comply with the APA.
